**A Long Farewell to Capone.**
**Too Much Wood.**
**Who Will It Be?**
**To Compete, Fight.**

—By ARTHUR BRISBANE—

HANDCUFFED to another prisoner, Al Capone went last night from a Chicago jail to a Federal prison, there to remain for ten years, under heavy police escort from jail to train.

That, probably, was not necessary. Capone having lost his fight for liberty, his "mob," like other mobs, forgetful, not grateful, will find another leader in the modern industry of bootlegging.

CAPONE FEELS that he is the victim of that which the gagster hates above all things, "the double-cross."

He understood that he was to make conviction easy, the government would get part of his earnings on which he had paid no income tax, and he was to be sent to jail only for two years, then resume business and quickly make up his loss.

The judge, who had not been a party to any agreement, sentenced him to 10 years, instead of two years.

An interesting product of his age, Capone did not produce bootlegging. Prohibition produced bootlegging, and bootlegging produced Capone, as it will produce his successors in power, profit and prison.

YESTERDAY EUROPEAN exchange rates went up, the dollar went down. Europe is afraid we shall print too many dollars, under the Goldsborough bill, trying to restore 1926 price levels.

But Europe need not worry. This government, by organized finance, will protect itself.

During the war, dollars, worth only 50 cents in Spanish money, were far below par even in Chinese money, but that did not last.

IF MORE MONEY should be printed, how will you distribute it? To irrigate land you must have canals or pipes. Putting it in a lake does no good. Similarly, issuing two or three billions and putting it in banks does no good.

The money could be put directly into the hands of the people, spent for coats, hats, shoes, automobiles, bills at the grocers, if the soldiers got their bonus.

BUT HIGH finance fears that soldiers with no financial training might spend money foolishly.

A big Georgia peach grower said to a colored man, chopping a little wood in the cold:

**"Why don't you have a big pile of wood in your yard, like that white man?"**

Said the careful brother:

**"I wouldn't trust no woman with that amount of wood at one time."**

That is how high finance feels about the soldiers' bonus.

CALIFORNIA PRIMARIES, yesterday, an important day for Gov. Roosevelt and others. One man, well informed, impartial, says if Gov. Roosevelt goes to the convention with one-half the delegates "nothing will stop his nomination."

On the other hand, a number of able citizens who do not accomplish their ends by loud talking or publicity, believe that when the dust settles and the lights are out, Owen D. Young will be the nominee.

For purely political reasons President Hoover's friends would prefer to see Gov. Roosevelt nominated.

The Southern Pacific Railroad, run by Paul Shoup, instead of moaning and groaning about automobile trucks, is in the truck business, and successfully. Freight moved by the Southern Pacific in trucks during 1931, in California, Oregon and Arizona, showed an increase of 438 per cent over hauling done in 1930.

To meet competition, fight.

You can't kill new methods that mean economy and efficiency. But you can utilize them.

AMERICAN WOMEN, eager to be usefully active, will be interested in an idea, successfully developed by Madame Mana Zucca, who spends her winters at Miami and encourages good music by organizing concerts in which all visiting musicians of distinction are invited to participate.

These concerts are given once a week, and, highly successful, cost subscribers only ten dollars a year, for the best music available.

Concerts similar to those of Madame Zucca, herself a distinguished composer, were developed in New York City years ago by Mr. Bagby, in the old Waldorf-Astoria, and are continued in the successor to that venerable hotel.

THE JESTER of old stood behind the king or noble to whom he belonged, made his owner laugh, and choice scraps of food were thrown to him. His descendant, the comedian of today, makes $100,000 a year or more and selects his own food. Talent today makes its possessor independent of the individual employer.

Beniamino Gigli, Italian tenor, who left the Metropolitan Opera House, may rent his superior vocal cords to John Hertz, who runs the Paramount-Publix chain of theaters, and will get $7,000 a week.

SUGAR, SOLD by refiners below 4 cents a pound, puts within reach of mothers, at a cost extraordinarily low, a food most important for their children, absolutely necessary to development of muscle and health.

Those compelled to consider cost will find that every child will enjoy and thrive on a piece of buttered bread with granulated sugar sprinkled over it. All that can should take advantage of the low price of sugar by preserving as much fruit as possible this year.

## CALIFORNIA SWINGS TO GARNER

### Apparent Victory Makes Texan Strong Candidate, Hurts Roosevelt Chances

Associated Press.

With three-fourths of the precincts in, Speaker John N. Garner, of Texas, today held the commanding lead of 32,657 votes over Franklin D. Roosevelt in California's three-way Democratic presidential primary battle.

Alfred E. Smith was running third, with the vote from 8,264 out of 10,271 precincts standing as follows:

| | |
|---|---|
| Garner | 188,723 |
| Roosevelt | 156,066 |
| Smith | 126,739 |

Should the remaining precincts hold up the Texan's lead and give him victory, which his forces were claiming, Garner will have seriously impeded the chances of Roosevelt for the presidential nomination. He also will have taken himself out of the favorite son class, as Texas has promised him her 46. With California's 44, he would have a block of 90 convention votes.

**ROOSEVELT LINE-UP**

Roosevelt, who appears to have captured Alabama's 24 votes in yesterday's primary, now has 313 pledged and claimed votes, with at least 100 promised him from New York and Pennsylvania. A total of 770 are needed to win the nomination.

Conservative Republicans appeared to have won another Northwest victory in South Dakota, where an uninstructed delegation of 11 friendly to President Hoover was maintaining a good lead over a faction pledged to a "Progressive."

With these 11 and California's 47, the latter won without opposition, the President today boosted his pledged and claimed convention vote to 788, as Rhode Island instructed eight for him. Only 578 are required to nominate for the Republicans.

Senator Dill (Dem.), of Washington, a Roosevelt supporter, said it looked like Garner "was in." Dill added:

**"It means a harder fight for Gov. Roosevelt."**

Representative McDuffie, of Alabama, the Democratic whip, a Garner supporter, had this to say on the California returns:

**"Mr. Garner has never been a party to the stop-Roosevelt movement and whatever happens at the national convention in Chicago I hope the meeting will not be long drawn out and that a short platform will be adopted."**

**GARNER COMMENT**

Speaker Garner maintained his silence about the nomination when asked by newspapermen for comment on the returns from California, but he did say:

**"The most interesting thing to me is the large Democratic vote. I think it most significant."**

Senator Connally (Dem.), of Texas, in a statement said:

**"Garner's victory in California is significant and encouragaing.**

**"The factional fight between Smith and Roosevelt is making Garner stronger every day. The party can unite on Garner and elect him."**

## HINT MASSIE PARDON ORDER

### Wilbur Tells Gov. Judd to Free 'Honor Slayers' or Resign, Rumor in Hawaii

***Demand Protection For U. S. Womanhood***

Write your representatives in Washington to take the necessary steps to protect the honor of American womanhood in the American possession of Hawaii, and also to compel decent respect on the part of the Hawaiian rabble for our American nation and our nation's patriotic defenders.

The Allegheny County congressmen are Edmund F. Erk, Harry A. Estep, P. J. Sullivan, Clyde Kelly and Guy E. Campbell. Address them at the "House Office Building, Washington, D. C."

By JAMES ADAM

International News Service.

HONOLULU, T. H., May 4.—Mounting sentiment in favor of a pardon for the four Americans convictd of the "honor slaying" of Joseph Kahahawai today caused Gov. Lawrence Judd to call a conference with Attorney General Harry Hewitt, presumably to seek legal advice.

To incessant demands from white civic leaders of Honolulu has been added mainland pressure, including, it was reported, a radiophone call to Judd from Secretary of the Interior Ray Lyman Wilbur in Washington.

**PRESSURE REPORTED**

According to one rumor, Secretary Wilbur told Judd he must pardon Mrs. Grace Hubbard Fortescue, Lieut. Thomas H. Massie and the two enlisted sailors or resign his post. Judd announced:

**"When this case formally comes before me—if it ever does—then will be the time for me to comment on it.**

**"I would like to make it clear that it is still in the hands of the courts, with sentence on the manslaughter charges to be passed on Friday morning."**

The growing demand in Honolulu for a pardon for Mrs. Grace

### Purchase of Used Trucks Also Up; Judge Studies Plea to Bar Rug Evidence

*The prosecution in the Kline-Succop trial at Butler moved to a climax today with these developments:*

**1—Auditor M. C. Conick testified the Puffinburg Company had been awarded a contract for chairs at Mayview on its bid of more than twice the lowest old submitted and that the A. L. Brahm Company was repeatedly given meat contracts, though underbid.**

**2—The defense moved to throw out testimony dealing with purchases by the Mayor, without bids, of oriental rugs for his office, because Council later had approved the purchases.**

**3—Kline was quoted as saying, "I know nothing about it," when questioned regarding a report that the Hillman Coal Company was to get a $200,000 city coal contract regardless of who was the low bidder. The Hillman company got the contract.**

By WILLIAM PFARR

Staff Correspondent.

BUTLER, Pa., May 4.—Reputed letting of contracts for city supplies to high bidders was bared in the testimony of M. C. Conick, auditor for Main & Company, today as the Commonwealth threw its heavy artillery into action in the trial of Mayor Charles H. Kline and Bertram L. Succop on malfeasance charges.

Conick, listed as the prosecution's star witness, produced tabulations, which were entered in evidence showing that the Puffinburg Company in June, 1929, was awarded a contract for chairs at Mayview on its bid of $31.50 a chair as against a bid of $13.90 a chair from the Joseph Horne Company and $14.18 from Kaufmann's.

The Puffinburg Company was awarded another contract in February, 1929, for 1,071 chairs on its bid of $2.80 a chair, Conick testified.

He was asked by Special Prosecutor Earl Reed:

"How many lower bidders were there?"

"There were eight other bids, and all were lower."

**MEAT BUYING CITED**

On the meat bids Conick testified that the A. L. Brahm Company had been the successful bid-

### *Fall's Release Seen Within Four Days*

WASHINGTON, May 4.—(AP.)—Albert B. Fall probably will be released from New Mexico State Penitentiary within the next four days.

By deducting the time allowed off for good behavior, May 8 is the expiration date for his sentence, imposed for accepting a bribe while Secretary of the Interior under President Harding.

### 'Done With Rackets' Shackled Gangster Tells Reporters

EN ROUTE TO ATLANTA PRISON, May 4.—(AP.)—"Scarface Al" Capone rode to Atlanta prison today through a lane of peering eyes.

The big Chicago gangster's downfall, marked by the start tonight of his 11-year sentence for income tax evasion, became a public spectacle as his train rolled into the Southland.

Crowds gathered at every station and even in towns where no stop was made people were out to see the train bearing him to the long exile from his gangland empire. There were no demonstrations. The people quietly scurried around the train looking in car windows. Sometimes they were rewarded by a glimpse of the prisoner.

**AGAIN "BIG SHOT"**

Capone, resigned at last to the fact that he must begin his long prison term, became again the calm, suave "big shot." He appeared to enjoy the silent receptions given him and whenever a group located the window of his drawing room he smiled broadly.

### *Stimson on Liner Returning to U. S.*

CANNES, France, May 4.—(AP.)—Secretary of State Henry L. Stimson boarded the liner Vulcania today for home, having concluded his work at the disarmament conference but without having succeeded in his efforts to bring about a five-power conference on disarmament.

The steamer made a special stop to take him aboard, but heavy seas and bad weather caused some inconvenience. Robert Pell, attache at the United States Embassay in Paris, will accompany the secretary as far as Lisbon.

## *Ashes of 'Bob' Ingersoll Buried in Arlington*

WASHINGTON, May 4.—(AP.)—The ashes of "Bob" Ingersoll, whose agnostic views made him one of the most talked-of men in America in the closing years of the last century, were buried today in Arlington National Cemetery. He was a colonel during the Civil War.

Those of Mrs. Ingersoll also were buried in the grave on a knoll overlooking Washington.

The services were brief. At their end there was the crack of rifles as a firing squad paid a soldier tribute and "taps."

Men who knew Robert Green Ingersoll in the years when he gave up prospects for a brilliant career to argue for liberty of religious thought had just praised his memory. Representative William E. Hull, of Illinois, told how his friends begged him not to talk publicly on religion. Hull said:

**"They pictured to him he might be governor, United States senator and perhaps President if he would simply hold his tongue.**

**"To hi eternal honor be it said that he never hesitated and shortly afterward, he himself, was astonished to find the great popular heart of the people was with him."**

### *Wales Wins at Golf, Aided by Handicap*

COOMBEHILL, England, May 4.—(INS.)—The Prince of Wales, playing under a handicap of 11, defeated Harcourt Johnston, handicapped 4, by one hole in the third round of the parliamentary golf match here today.

## *Carlton Coon, Leader Of Famous Band, Dies*

### Life Ebbs as Sanders, Partner, Leads Jazz Tunes

CHICAGO, May 4.—(AP.)—Death came today to Carlton Coon, 38, and ended a 13-year partnership with Joe Sanders in the famous Coon-Sanders orchestra—a partnership born of a music store meeting of two World War soldiers and never broken in a rapid climb to national radio and vaudeville fame.

Coon died this morning in Henrotin Hospital of blood poisoning caused by an abscess in the jaw which developed mysteriously last month while he was directing the orchestra jointly with Sanders in a Loop hotel.

In keeping with traditions of the show world, his friend and associate, Sanders, said the orchestra would continue with its engagement here under the name of Coon-Sanders. He declared:

**"Coonie would want it that way."**

At the hour Coon died, the orchestra, which sometime ago dropped the name of Nighthawks, was playing a snappy dance number, "Jig Time," in the hotel ballroom and Sanders was directing. He dropped his baton and hurried to the hospital when informed of "Coonie's" death.

In December, 1918, after the armistice was signed, two soldiers, home on Christmas furlough, visited a Kansas City music store. Capt. Carlton Coon, of the commissary department at Jefferson Barracks, St. Louis, tinkled away at the piano and sang. Line Sergt. Joe Sanders, from Camp Bowie, Fort Worth, Tex., joined him. They had never met before. A friendship was born.

After their discharge, they met in Kansas City and struck a partnership in a small band that played at clubs and private parties. Radio arrived. The Coon-Sanders Band became the Kansas City Nighthawks and soon the nation listened to their sprightly jazz melodies.

Theirs was the first radio club in history and when chain broadcasts began, the Nighthawks played their first chain program over the NBC network from Chicago in 1929. Vaudeville tours and summer bookings took them as far as New York's Rialto.

## NEW SEA TRIP IN LINDY HUNT

NORFOLK, Va., May 4.—(AP.)—Another secret trip by water was made by John Hughes Curtis today in his work as a negotiator in the Lindbergh kidnaping case.

Participants in the last cruise, after returning aboard the yacht Macon last night, were believed to have remained at the naval base in readiness for still another boat trip. The Marcon was seen coming through the Virginia Capes late yesterday afternoon to dock at the naval base.

Curtis could not be located after his return and there was no indication of the results of the trip. Neither Rear Admiral Guy H. Burrage, retired, nor the Very Rev H. Dodson-Peacock, the other two intermediaries, had any comment to make.

Lieut. George L. Richard, naval pilot serving with the intermediaries, returned to his home last night, but left again a short time later.

Reports persisted that Col Lindbergh is with the negotiators actively participating in the efforts to recover his son.

## *Miriam Hopkins, Divorced Actress, Adopts Baby*

CHICAGO, May 4.—(AP.)—Displeased by discovery of her plan, Miriam Hopkins adopted a baby boy today and fairly ran out of court without giving much information.

The blonde actress of stage and screen told the court she was divorced from her playwright husband, Austin Parker. She received the permission of County Judge Edmund K. Jarecki to adopt a child from the Evanston Cradle Society, a home which keeps secret the names of parents who leave their children there.

Miss Hopkins told the court she was unmarried, would rear the child as her own, and had set aside a trust fund for it. Asked why she was adopting the baby, Miss Hopkins, tossing her curls, replied:

**"I have nothing to say. I hate all this publicity over a simple thing. It's just a fact. I don't have to give any reason. We will live wherever I happen to be working."**

She arrived from Hollywood a few days ago and was to leave later today for the East.

# LOW BIDS IGNORED IN CITY BUYING, KLINE JURY TOLD

## CONICK TELLS OF PRICES ON CHAIRS, MEAT

### Purchase of 3 Used Trucks Cited; Judge Studies Plea To Quash Rug Testimony

(Continued from Page One.)

der, although it had been underbid by Armour & Co.

As Conick was called to the witness chair Defense Counsel C. B. Prichard piped a significant "Oh, Oh."

Judge Thomas D. Finletter sent to the Allegheny County Law Library for two volumes saying:

**"The case involves a number of fine points of law. I wish to do more reading on the subject."**

Judge Finletter made this request after the defense had moved to exclude from the evidence testimony dealing with the purchase of rugs for the Mayor's office. He reserved his decision.

John D. Houston, wholesale grocer, whose complaint to Council started the investigation which resulted in indictment of Kline and Succop, arrived today to testify.

**COAL DEAL PROTESTED**

A high spot in this morning's testimony was the statement of Attorney Don Rose, representing the Pittsburgh Coal Company, that he had called Mayor Kline on the telephone protesting that his company had been informed that the Hillman Coal Company was to get a big contract for supplying coal to the city, regardless of who was the low bidder.

Rose said the Mayor replied:

**"I know nothing about it."**

The Hillman company subsequently was awarded a $200,000 contract.

George Rieland, department store manager for the Joseph Horne Company, testified he had shown the rugs to the Mayor personally and advised him to have the orientals laid, as it would be more in keeping with his position.

**FAVORED CARPET**

The Mayor favored plain carpet, Rieland said, but he (Rieland) persuaded him to put an oriental on trial. Rieland testified:

**"I wanted him to live with the rug for awhile to see if it was the proper type of floor covering."**

Attorney Prichard, for the defense, succeeded in bringing out the conversation between the Mayor and Rieland over objections of Special Prosecutor Reed.

The allegation of the commonwealth is that Kline in the purchase of the rugs, one costing $1,950, a second $1,350 and a third less than $500, ignored the law requiring bids on all purchases of more than $500.

**DEFENSE UPHELD**

Judges Finletter repeatedly upheld the defense questions tending to reveal the details of the negotiations for the rugs.

Prichard asked the witness:

**"Was it not a fact that the Mayor had been advised by Council to re-cover the floor of his office?"**

Rieland replied:

**"Yes."**

Rieland testified that the Mayor had first called him to his office to discuss purchase of floor coverings and that he had advised the orientals.

Prichard sought to develop how the purchase was authorized, asking Rieland numerous questions. Rieland said:

**"The Mayor told me he would have to wait and see if Council approved the purchase."**

It developed, according to testimony, that the $1,950 rug was sent to the Mayor's office on approval January 14, 1930. Rieland said:

**"The Mayor did not order the approval order changed to a charge."**

It had been developed that City Council later approved, by ordinance the purchase of at least two of the rugs.

**TRUCK PURCHASE UP**

With Rieland dismissed the prosecution took up the count in which it charges the defendants with buying three second-hand trucks from Henry Braun, salvage dealer, and paying him $6,700 without advertising for bids.

William Hageman, trust officer for the Potter Title and Trust Company, was on the stand when Judge Finletter appeared slightly nettled by Prosecutor Reed's examination.

Reed was asking Hageman to identify several documents having to do with the sale of the trucks by Potter Trust, which was acting as executor for the Cummins estate, to Braun, when the court interrupted.

**JUDGE FINLETTER — You want to prove these are a lot of ramshackle old trucks, don't you?**

**REED—Yes.**

**FINLETTER — Well, then prove it by the fact and not by a lot of documents.**

Reed then called I. Z. Hodill of Sharpsburg, who appraised the trucks for Potter.

**VEHICLES 3 YEARS OLD**

The trucks were three years old or more, Hodill testified. His appraisements were $950, $900 and $350.

Then Coll took over the witness and won an interesting admission:

**COLL—Isn't it so that appraisals are made low for estates?**

**HODILL** (after considerable thought)—Yes.

**COLL—And it was on that basis you made these appraisements low?**

**HODILL—Yes.**

Hodill was followed to the stand by Braun.

**TELL OF REPAIRS**

Braun testified that after he had bought the trucks from the Potter Trust he had them repainted and otherwise repaired. Then he said he went to Succop's office to see about selling them. He testified Succop told him he could not buy the trucks without Council's permission.

Braun said he received two checks, one for $5,000, the other for approximately $1,700, for the trucks. Asked if he received cash immediately for the checks, he could not remember. Reed intimated he had so testified before the grand jury.

Earl J. Estep, salesman for the Auto Truck Equipment Company, said the three Mack trucks were turned over to his company for repairs and that the bodies and hoists were fixed, painted and lettered. He said the repaired cars were delivered August 17 and August 23 and that Henry Braun paid the bill.

W. H. Monoghan, superintendent of the city garage, was asked on what date the city received the trucks. He said he would have to look in the garage records. Asked if he could bring them in, he said:

**"The records weigh about 100 pounds."**

**COAL LETTER MISSING**

F. J. Weigel of the Washington Trust Company, testified both checks made to order of Henry Braun for the trucks were paid to Braun in cash.

E. C. Robertson, of the Pittsburgh Coal Company, was asked if his company would have been able to furnish coal to the city on a contract which went to a higher bidder. He said:

**"Yes."**

Frank Swaney, secretary to the Mayor, was asked to produce a letter from the Pittsburgh Coal Company to the Mayor dated December 21, 1927. Reed asked:

**"Do you have that letter?"**

Swaney said:

**"No. I searched the files and did not find it."**

The letter was said to be a protest sent by the Pittsburgh Coal Company over the award of the bid. During a brief recess which followed, Reed said he was not concerned over the loss of the letter as he could produced a certified copy.

Conick was preceded on the stand by Attorney Rose.

**PROTESTED TO MAYOR**

Rose was called to tell of the coal company's efforts to win a coal contract for city coal for 1928. The contract amounted to about $200,000 and was eventually awarded to the Hillman company.

Rose testified:

**"I talked over the phone with Mayor Kline about the bids. I told him Mr. Roberts or some other official of the Pittsburgh Coal Company had been informed that the Hillman company was to get the contract regardless of who was the low bidder."**

Rose then produced a copy of the letter which Swaney had testified he could not find. This letter was written before the contract was awarded, but after the bids had been opened and attempted to show why the Pittsburgh Coal Company should receive the contract because it had entered a bid for the entire job and also bids for supplying the individual stations, as the company interpreted the requirements.

lighting up the livid scar across the left side of his face.

As he started the trip from Chicago to Atlanta Capone was dejected and resentful. He was "through with politics and all the other rackets," he said, and he shrugged his wide shoulders and grimaced when asked if he was "down." He asked:

**"How would you feel if you had 11 years staring you in the face?"**

**ATTITUDE CHANGES**

Today his attitude was changed. He had slept a few hours, even though shackled to another prisoner in an upper berth. It was a beautiful spring day. He summed up his philosophy for the moment in the phrase:

**"I might as well make the best of it."**

Capone bought a big breakfast for the other prisoner, a frightened youth charged with transporting a stolen automobile, for the guards and for himself. He sent out for a box of cigars and passed them around. He played cards and talked constantly of sports, politics, business and children.

The present trip was a decided contrast to Capone's former trips south. Frequently using the same train, the Dixie Flyer, the gang chief traveled secretly, having a drawing room to himself and reserving almost an entire car for "the boys" that always accompanied him to his winter home at Miami Beach, Fla.

**SLEEPS IN SHACKLES**

This time Capone is sharing a drawing room with four other men and he had to sleep in an upper berth with young Vito Merici, the other prisoner, in handcuffs and leg irons.

Capone had grown used to the handcuffs, but he objected to the leg irons. He failed to move the marshal, H. C. W. Laubenheimer, however.

The train is due to arrive in Atlanta at 8:50 p. m. Pittsburgh daylight time.

The party is to be met at the station by prison officials and Capone will be taken immediately to the penitentiary.

### *Pope Pius Honors Gasparri, Aged 80*

VATICAN CITY, May 4.—(AP.)—Pope Pius XI today sent his benediction in a birthday letter to Cardinal Gasparri, former papal secretary of state, who celebrates his eightieth birthday tomorrow.

The Pope congratulated the aged cardinal upon his vigor, declaring:

**"Whoever lives in the midst of study and work does not notice the approach of age."**

## CONGRESS GETS PROSPERITY BOND BILL

### Black, of N. Y., Lauding W. R. Hearst, Proposes 5 Billions for Works

Universal Service.

WASHINGTON, May 4.—Authorization for a $5,000,000,000 prosperity bond issue to finance a gigantic public works program and bring back better times, would be given under a bill sponsored by Representative Loring M. Black, Jr. (Dem.), of New York, and on file in the House today.

Notice was served by Black that he will oppose adjournment of Congress until it has passed legislation providing for a vast public construction program to give employment to millions of persons.

The Black bill provides also for construction of three transcontinental highways. One would be across the northern part of the country, another through the center and the third across the South. They would be designated "Road of Prosperity," "Road of Peace" and "Road of Glory."

**PRAISES W. R. HEARST**

The measure also includes features contained in the public works bill introduced in the Senate by Senator Wagner (Dem.), of New York.

On introducing his bill yesterday, Representative Black paid tribute to William Randolph Hearst for proposing a prosperity bond issue to pay for needed public works, give employment and stimulate business generally.

Representative Black said:

**"Mr. Hearst for many months has been advocating a substantial prosperity bond issue to carry on a large public works program. He has pointed to the way out of present economic conditions. His plan is absolutely sound."**

The Secretary of the Treasury would be empowered in the bill to issue bonds for the emergency construction fund to the extent cash is needed to carry on the work expeditiously. The entire $5,000,000,000 in government bonds would not be sold at one time.

The bonds would be sold in denominations of not less than $50, bearing interest not exceeding 4½ per cent and would mature in 10 years.

Black suggested the bonds be sold by campaigns similar to those which distributed liberty bonds during the World War.

**EXPENDITURES PROPOSED**

The money would be spent pursuant to authorized construction projects as covered by a report of the Federal Employment Stabilization Board, which was transmitted to the Senate January 25, 1932.

Representative Black said:

**"The United States can start prosperity by starting work. The government through a gigantic public works program can give work to millions of persons and help start the factory wheels humming all over the land. The richest country in the world is suffering from a depression only through its own inaction.**

**"If the government takes the lead, the psychological effect upon private business would be tremendous. All would begin making efforts to bring back better times. This is a time for action and not simply to rest on oars and watch the clouds.**

**"Obviously, with millions upon millions of dollars spread throughout the country, placed in the hands of workmen, the purchasing power of the masses will be increased and that money will go toward purchase of food, clothing, homes and other things."**

The Black bill was referred by Speaker Garner to the House Ways and Means Committee.

### *Wrestling Promoter Violinist for 'Seals'*

The "Meditation" from "Thais" will be played by Ray Fabiani, wrestling promoter and former violinist of the Chicago Opera Company, as a feature of the weekly radio program of the "Trained Seals" of the sports department of the Pittsburgh Sun-Telegraph over WCAE tonight.

Fabiani, a graduate of the Brussels Conservatory, was brought to this country by the late Oscar Hammerstein in 1917 to play the "Meditation" for Mary Garden in "Thais" at the Academy of Music in Philadelphia. Fabiani arrived in Pittsburgh this morning.

### *113 New Cases Put Under Quarantine*

The City Department of Health today reports these new cases in quarantine: Scarlet fever, 19; measles, 61; whooping cough, 10; chicken pox, 7; mumps, 10, and pneumonia, 6.

## *Chair Loaned McGovern Again Needed, Missing*

The missing wheel chair of Allegheny County, used for trial witnesses, created another furore today when Judge Frank P. Patterson, sitting in a City-County Building courtroom, called for it.

A tipstaff discovered it still was missing, despite the assurance by Supplies Director Ray Sprigle, after the first complaint Monday, that it would be in its accustomed storage place yesterday. Sprigle had sent the chair to the Stickley Valley Hospital to be used by County Commissioner C. C. McGovern, who returned it.

After a half hour wait, a stricken witness was removed from the courtroom today without the chair. Another half hour and it was back in its accustomed place, ending—court attaches fervently hope—the controversy which has been raging for three days.

## ECONOMY BILL, RIDDLED, VOTED BY HOUSE

### 'Rebels' Wreck 200 Million Saving Program; Slashes Reduce Costs 42 Million

By WILLIAM S. NEAL
International News Service.

WASHINGTON, May 4.—The campaign for drastic reduction of federal expenditures was at a standstill today as the battered "national economy program" of the House was reported to the Senate.

The House in an uprising against its leaders had riddled the $200,000,000 economy program. As passed last night, the bill carried savings liberally estimated by the committee at $42,000,000.

In a desperate effort to preserve the essential features of the measure, House leaders forced nine roll-call votes but were defeated on every attempt.

**CONFIDENT OF SAVINGS**

Although bitterly disappointed in the wreck of the program, House proponents of economies totaling $200,000,000 were estimated to make the bill a budget-balancing measure. Leaders had hoped to make possible a reduction of the tax bill by further savings.

A similar breakdown faced the Senate plan of reducing all House appropriation bills by 10 per cent.

When the tax bill passed the House, economies totaling $200,000,000 were estimated to make the bill a budget-balancing measure. Leaders had hoped to make possible a reduction of the tax bill by further savings.

Administration spokesmen in the Senate planned to revamp the economy program measure by giving President Hoover unlimited authority to reorganize government bureaus and adopting the furlough plan of reducing the federal payroll.

**CHIEF ECONOMIES**

The chief economies in the bill passed by the House are:

**Eleven per cent reduction in salaries with $2,500 exemption, to save $12,000,000.**

**Suspension of automatic promotions.**

**Abolition of extra night and overtime pay.**

**Reorganization of Shipping Board.**

**Reduction of public printing bill.**

**Increase in fees of government bureaus.**

**Creation of Bureau of Public Works.**

**Abolition of the Philippine Scouts at the discretion of the President.**

Under the reorganization plan, the President is subject to veto power by Congress, which virtually prevents action in the present session.

Representative Byrns (Dem.) of Tennessee, chairman of the Appropriations Committee, said:

**"It is a disappointment. However, Congress has cut supply bills $152,000,000 under the budget, about $25,000,000 will be saved in the Army supply bill, and further reductions will be made. There is no question but that Congress will cut $200,000,000 under the President's budget and it may save much more."**

## HOUSE TO VOTE ON SHOALS

WASHINGTON, May 4.—(AP.)—That veteran subject of congressional oratory and object of presidential vetoes—Muscle Shoals—held the attention of the House today for the first time when the Democrats were in control.

A House vote was expected on the Hill bill to lease the $140,000,000 power and nitrate plant at Muscle Shoals, with government operation as an alternative if a private contract could not be negotiated.

### *Washington Speeds Reopening of Banks*

WASHINGTON, Pa., May 4.—(AP.)—Plans for reopening Washington's three closed banks appeared closer realization today following a conference of reorganization committees of the institutions and representatives of the State Banking Department.

Programs were discussed yesterday, it is understood, at a meeting of Secretary of Banking William D. Gordon, Deputy Commissioner R. W. Doty and J. D. Swigert, of Pittsburgh, with local groups.

### *Boy, 12, Wounded By Stray Bullet*

Victim of an accidental shooting, Perimo Romito, 12, of 417 Cedarville street, was in West Penn Hospital today with a bullet wound in the right leg.

Romito was playing near Melwood street when one of four bullets fired from a rifle by Anthony Russo, 16, of 333½ State way, struck him last night, according to police report. Romito's companions commandeered an automobile and took him to the hospital. Russo was arrested.

### *Congressmen Take Trip Aboard Akron*

LAKEHURST, N. J., May 4.—(AP.)—The Navy dirigible Akron, with members of the House Naval Affairs Committee aboard, took off at 9:30 a. m. eastern standard time, today for an inspection flight.

The ship was expected to fly over Washington, New York, Philadelphia and Atlantic City, returning to the naval air station late in the day.

## SMITH INSISTS RASKOB BE PAID

NEW YORK, May 4.—(AP.)—Alfred E. Smith last night appealed to the Democratic party to pay back to National Chairman John J. Raskob $320,000 it still owes him, because it is a just debt, he said, and in order that the party may function as an untrammeled organization. The 1928 standard bearer said:

**"I make no appeal for Mr. Raskob as an individual. I speak for him in his official capacity as chairman of the National Democratic party. He advanced money at the rate of $10,000 a month, and the party is now indebted to him to the extent of $320,000."**

Addressing 800 women workers in the party's $1,500,000 victory drive, Smith denied that the fund would be used for "any one candidate." He referred to Raskob as "an extremely businesslike individual," who would not continue as chairman unless the party were run on an efficient and business like basis.

## MASSIE CASE PARDON ORDER REPORTED

### Wilbur Tells Gov. Judd to Free 'Honor Slayers' or Resign, Rumor in Hawaii

(Continued from Page One.)

Fortescue, her son-in-law, Lieut. Thomas H. Massie, and two sailors will be expressed tonight in an open air mass meeting to be held by the Citizens' Organization for Good Government.

The meeting was organized by Mrs. Anne Kluegel, chairman of the citizens organization for good government, who defied attempts of the territorial Senate to silence her and curb her activities. Mrs. Kluegel said:

**"My inherent right to free speech cannot be taken away by any threat of the Hawaiian Senate. I am only working to see justice done and to help clean up the outrageous political situation in these islands.**

**"Just how little justice there is here is evidenced by the verdicts in the Joseph Kahahawai killing."**

**HUSBAND THREATENED**

The Senate's move against Mrs. Kluegel took the form of a threat to discharge her husband, Harry A. Kluegel, executive officer of the territorial board of the leper settlement and hospitals.

Notice that he must check his wife's utterances and activities was served on Kluegel after 14 or 15 members of the Senate and Gov. Judd met secretly with the leprosy board.

Pardon petitions addressed to Gov. Judd are being circulated by the good government organization.

Clarence Darrow, chief of the defense counsel, is taking no part in the pardon drive, declaring he and his associates are busy working to try to set aside the mixed blood jury's verdict by asking a new trial next Friday when sentences of imprisonment of not more than 10 years are scheduled to be imposed.

Special Prosecutor John C. Kelley announced he would not oppose a stay of execution after sentence is imposed, allowing the defendants to remain at liberty on bail pending the outcome of an appeal to the Hawaii Supreme Court.

Meanwhile, plans for a speedy prosecution of the retrial of the four half-castes accused with Kahahawai of the attack on Mrs. Thalia Massie struck a snag when William B. Pittman, brother of Senator Pittman, of Nevada, and one of the defense attorneys, advised Assistant Attorney General Harold Kay that he was unprepared and wished a delay. Kay said:

**"We want to go ahead with the retrial at the earliest possible date, which appears to be May 23. I can see no further need for further postponement.**

**"I want to assure the people of the mainland that there will be a 100 per cent prosecution of this case by the Territory, as we are firmly convinced that the defendants are guilty as charged."**

### House Committee Votes Hawaii Survey

WASHINGTON, May 4.—(AP.)—The House Territories Committee today unanimously voted in favor of "A thorough and complete survey of the government of Hawaii" and instructed its chairman, Representative Williams (Dem.), of Texas, to introduce a resolution for that purpose.

At the same time a bill to give President Hoover power to pardon the four defendants in the Hawaiian murder case was introduced by Senator Logan (Dem.), of Kentucky.

Logan said he doubted whether the President now has the power to pardon the four Americans convicted of manslaughter for killing a native Hawaiian. He said it was "important" that the bill be passed immediately because some of the suggestions which have been offered for obtaining clemency for the four Americans would establish a bad precedent.

Senator Borah (Rep.), of Idaho, joined in the discussion briefly, asking Senator McKellar (Dem.), Tennessee, to what committee the latter's bill for a congressional pardon for the four had been referred.

On McKellar's reply it was the Judiciary Committee, of which Borah is a member, the Idahoan said, "Good," and sat down.

# DIARY BARES LOVE GRIEF OF FLIER HELD IN RIVAL'S DEATH

## TRIANGLE FEAR REVEALED BY LANCASTER

### Intimate, Dramatic Record Tells of 'Mental Agony' Of Keith Miller Suitor

(Copyright, 1932, Universal Service, Inc.)

MIAMI, Fla., May 4.—The diary of Capt. W. N. Lancaster, aviator, charged with the murder of Haden Clarke, is in the hands of authorities, it was learned exclusively by Universal Service today.

This diary, expected to play an important part in the case, was written by Lancaster during his trip to the West Coast just before he returned to Miami a day before Clarke was killed. He is now held in jail while authorities seek a first-degree murder indictment.

It reveals a passionate love for Mrs. J. M. Keith Miller, famous aviatrix with whom Clarke is also said to have been infatuated.

The fly leaf of the diary explains that "Chubbie" frequently mentions is Mrs. Keith Miller and "Russell" is J. P. Russell, now under indictment in Key West on a charge of smuggling aliens.

**DIARY OF WOE**

Following are excerpts from the diary:

**"March 30, Nogales, Ariz.—No news from Chubbie. The little devil! I should not think of her so much. She doesn't deserve it.**

**"April 1, Los Angeles.—Would give anything for news of her.**

**"April 2, Los Angeles—Russell shows me two of Mrs. Russell's letters. One says: 'Chubbie and Clarke came around tonight. I really think now that Clarke has gained Chubbie's affections and Bill lost them.' The other letter said: 'Was around at Chubbie's tonight. She and Clarke got all ginned up together. Don't tell Bill (Lancaster) but I believe she is well satisfied.' The last two words were underlined. I was going to leave Russell here, but he told me he might get some money for return trip, so decided not to. Mental agony!!!! Hell!!**

**"April 3, Los Angeles—Wired Chubbie every cent I could raise. It leaves me flat broke, but God may provide. How to get out of the hotel is a problem. Why no news from Chubbie? 4 a. m. I have been trying to telephone Chubbie. No reply. Why? Ill with nervous worry.**

**ILL WITH WORRY**

**"April 5, Nogales, Ariz.—Letters from Chubbie. Hard to analyze them. Much disturbed. Ill with worry, Chubbie, darling, what is it all about?**

**"April 7, Tucson — Impatience for departure brought on a bit by worry for Chubbie. She must need money and I have none.**

**"April 9, Tucson — Wired Chubbie. The reply worries me. If only she would send something more such as 'don't worry. I still love you.' Thank goodness for one thing—I have made a firm resolution to end all this mental strain—have it out. Then work for our common good. I adore her and want to see her happy. If only she did not drink while I was away I would feel o. k. She has two personalities. I love both personalities. Chubbie, Angel, it won't be long before I see you and hold you.**

**SUFFERS TORTURE**

**"April 10, Tucson—Awakened with misgivings—suffer the tortures of the damned! Telephoned Chubbie. Wish I had not. She did not make it easier for me. Am going to Miami, whatever happens, to find out first-hand all about everything. I love you Chubbie. I have done my best—but failed. Want to talk things over with you."**

## TRUCK BUYING POINT IN TRIAL

By M. V. BURGESS
Staff Correspondent.

BUTLER, Pa., May 4.—Contracts for two trucks originally included in a single indictment against Mayor Charles H. Kline have been put in evidence by the prosecution and will be used to support the argument that a third truck was bought from another than the low bidder.

The record shows three trucks were bought at the same time on like specifications. They were bought from three companies at different prices. Each contract bears a clause that it was let to the lowest responsible bidder.

Special Prosecutor Earl F. Reed has declared it was impossible to comply with the law in these instances. Although this count against the Mayor was amended at the request of the court to eliminate two purchases, the prosecution was generally given credit for an adroit move when they got back into evidence two truck contracts previously taken out of the count.

## *Superior Court Asks Water Case Details*

The Pennsylvania Superior Court, sitting in Pittsburgh, today decided to scrutinize more closely the methods and processes of the Public Service Commission and ordered that body to set down in a more detailed manner how it arrived at its conclusions in the so-called Scranton and Wilkes-Barre water cases. The court explained it wanted the added information to enable it to "more properly" review the case.

## INDIAN FIGHTER AIDE IN TRIAL OF KLINE

### Hotel Rush Recalls Days Of Kansas Cattle Boom To 84-Year-Old Tipstaff

By AL GOUGH
Staff Correspondent.

BUTLER, Pa., May 4.—J. R. Kearns, dean of the Butler County tipstaves, remembers a day back in Eldorado, Kan., when the hotel business was almost as profitable as it is in Butler now with attorneys, principals, witnesses and newspapermen crowded in the town's principal hotel for the Kline-Succop trial.

Mr. Kearns, 84-year-old veteran of the Wild West; an Indian fighter, an auctioneer, a deputy United States marshal, deputy sheriff and Butler County's first county detective, was a partner in a hotel venture in Eldorado, Kan., back in the old cattle rush days when a hotel was as profitable as a gold mine.

**BREAKFAST PROFITS**

He recalls:

**"Why, back in '68 and '69 we took in three, four, five hundred dollars every morning at breakfast time— I'll bet that's almost as much as they're taking in now at the Nixon with this whole crowd staying there."**

The grizzled old tipstaff, leaning on a cane, paused in his labored rounds of the courtroom at the Kline trial to reminisce with a dry chuckle. He related:

**"Yes, sir, we had political fights back in Kansas, too. I remember back in 1870 when a bunch of hoodlums came up to Eldorado from Augusta and carted the whole courthouse back with them. They loaded the courthouse, lock, stock and barrel, the Sheriff's office and everything on wagons and hauled it down to Augusta. I was marshal and the judges proclaimed martial law, so it was my job to get a gang of the boys together and go down and bring back the courthouse.**

**"We did it, all right.**

**SYMPATHETIC TO KLINE**

**Kearns comes from an old Butler County family. His grandfather came to this country in 1793, settling in the vicinity of Lick Hill, where the Kearns homestead still stands. He left Butler County in 1868 for eight years to see a bit of the country.**

**He is sympathetic to Mayor Kline and to Bert Succop, a Spanish-American War veteran. He admires them both, he says, but he feels that he should take no sides in this court case which is "none of his business."**

## *Fall's Kin to Wed Texas Editor's Son*

EL PASO, Tex., May 4.—(AP.)—The engagement of Miss Martha Holman Fall, granddaughter of Albert B. Fall, former Secretary of the Interior, to Allen M. Hunter, of El Paso, was announced yesterday by Mrs. George Millar, Miss Fall's mother. The marriage will be next fall.

Hunter is the son of Hubert S. Hunter, editor of the El Paso Times. He is employed in the advertising department of the paper. Miss Fall is a reporter on the El Paso Herald-Post.

## *Hindenburg Orders Reds to Dissolve*

BERLIN, May 4.—(INS.)—Germany's Communist "League of the Godless" was dissolved today by order of President von Hindenburg.

At the same time, the chief executive, by emergency decree, placed all political organizations maintaining military corps under direct control of the Minister of the Interior.

## *Food Plentiful in Butler, County Paying Bill; Tipstaff Bars Kline*

BUTLER, Pa., May 4.—Kline-Succop trial witnesses are getting plenty to eat here at Allegheny County's expense.

Everybody eats at the Hotel Nixon, which serves table d'hote, ala carte or what have. Commonwealth witnesses are given meal tickets which they present to the waitress when the bill comes around.

What appetites some of these witnesses have at lunch! Yesterday one was seen putting away a full-sized farm portion of fried chicken, peas, corn, mashed potatoes, pie, ice cream and all the trimmings.

**It was unofficially reported today that Mayor Kline, since his arrival here for the trial, has been the recipient of a gift from one of his admirers.**

**It was a case of canned goods, the report persisted—a case of the best chicken.**

**The Mayor refused to verify the report.**

Charles Sable, Pittsburgh automobile dealer, whose sale of motor equipment to the city is under fire in the trial, has been in Butler three days waiting to be called to the witness stand. He complained yesterday of the delay in calling him to the stand, so someone suggested he while away his time selling cars. He was canvassing the town for prospects today.

How long will the trial last, is the question on everybody's lips these days.

A defense wag suggested that maybe the district attorney and his staff were figuring on spending the summer in Butler. Said he:

**"I saw them bring a couple of trunks into the hotel today."**

A companion added:

**"That was evidence."**

That Mayor Kline was refused admission to his own trial by W. L. Connell, a tipstaff, has been disclosed. Butler county authorities have been strict in keeping the curious out of the court room. Connell, acting on orders, stopped Mayor Kline at the door the first day of the trial. The mayor is quoted as saying:

**"All right. I'm just one of the defendants in this case."**

## *Suspect Indicted In Crusader Ambush*

CANTON, O., May 4.—(AP.)—The Stark County grand jury yesterday indicted Jack Bommarito, 29, on charges of shooting with intent to kill in connection with the attempted slaying of Harry Boukliss, 43, crusading reporter of the Ohio Examiner.

Authorities said efforts will be made to bring the case to trial within two weeks.

## THEFT FOILED, FIRED PAIR SUSPECTED

### Former Employes Hunted in Slugging of Watchman, 69; Druggist and Clerk Robbed

City detectives said they were searching for two former employes of the American Steel Band Company in connection with the slugging of Charles Cowan, 69, a watchman of the company early today.

Cowan told police one of the two men who hit him with a revolver butt, then tide him up in Nixon street, said to him:

**"We are not after money. We want that $40,000 contract."**

Cowan said he didn't know what they were talking about, and police were inclined to believe the attempted robbery was perpetrated by disgruntled, dismissed employes.

A gunman held up the proprietor of the Stutz Drug Store, 1739 Forbes street, this morning and took $5 from the cash drawer.

Two men held up J. T. Mitchell, 70, of 312 North Craig street, night clerk in the fashionable Lotellus Apartments at 245 Melwood street, and escaped with $47.

Two masked bandits entered the lobby while Mitchell was reading, he told police, and forced him to go into the office, where, with his face to the wall, they looted a petty cash drawer of $20 and took $27 from Mitchell's purse.

## MRS. COX RITES SET SATURDAY

Mrs. Julia Mason Cox, mother of Father James R. Cox, who died yesterday in Mercy Hospital after an illness of 10 weeks, will be buried Saturday following a solemn requiem mass in Old St. Patrick's Church.

The Rev. William R. Slattery will be celebrant; the Rev. Martin Brennan, deacon; the Rev. John McKaveny, sub-deacon, and the Rev. Paul E. Campbell, master of ceremonies. Interment will be in Calvary Cemetery.

Mrs. Cox became ill while visiting in Oklahoma. Following an operation Monday, her condition became critical, and three blood transfusions were necessary.

She was born on the South Side in 1866. The family moved to Lawrenceville 35 years ago. She was a member of Pittsburgh Court, C. D. of A.; Jene Maker Auxiliary, V. F. W., and the Oblates of St. Francis.

Besides Father Cox, she leaves another son, Dr. Earl J. Cox; a daughter, Mrs. Dennis F. Dwyer, and five brothers, Christopher, Coraopolis; William, Perrysville, and Thomas, George and John Mason, of Oklahoma.

## *McCloskey Suggests Council Run Police*

JOHNSTOWN, Pa., May 4.—(AP.)—Mayor Eddie McCloskey has offered to surrender the police department to City Council. Engaged in a controversy over the Mayor's efforts to dismiss Chief of Police Charles E. Briney, McCloskey and Council agreed to hold a special meeting in an effort to iron out the tangle.

Meanwhile, the city has two police chiefs. Both Briney and Harry Klink, recently named by McCloskey, are issuing orders.

## KAHN PATRON OF BURLESQUE

NEW YORK, May 4.—(INS.)—Famous financiers, stars of the stage and screen and literary personages of note enjoyed the lively art of burlesque, it was brought out at the hearing before License Commissioner Geraghty, continuing today, on licensing theatrical district burlesque shows.

Otto Kahn, international banker and opera patron, appeared to like the low-brow entertainment so much he attended five or six performances, Edward W. Rowland, manager of one burlesque house, testified.

Other visitors he mentioned were Maurice Chevalier, Gertrude Lawrence and Clifton Webb, stage celebrities, and Horace Liveright, publisher.

## *Man Held, Divorcee Sought in Slaying*

MEMPHIS, Tenn., May 4.—(AP.)—Stanley A. Puryear, garage operator, was held here today on a charge of murdering the Negro he said killed his wife and daughter with an ax as police sought a young divorcee for questioning about Puryear's life.

Will Jamison, Negro, in whose slaying Puryear was charged with murder yesterday, died protesting his innocence of having killed Mrs. Puryear and the daughter.

## *Freighter Aground, Abandoned by Crew*

CAPE TOWN, May 4.—(INS.)—The British freighter Haliartus went aground in a fog off Bull Point, 30 miles from Mossel Bay, today.

The crew took to the boats while the German liner Usukura rushed to the rescue. The Haliartus was believed a total loss.

## MACHINE PROBE WAITS HIRSH DECISION

### Lawyer Confers With Counsel About Opening His Records For County Investigators

Assistant County Solicitor Ralph H. Frank is still waiting for Attorney H. D. Hirsh to produce the books of the Electromatic Voting Machine Company for examination. He has been waiting since last Friday, the day that Hirsh had volunteered to have the books here for Frank and M. C. Conick, chief auditor of Main & Co., to examine them as part of the audit of the county's fiscal affairs.

These books are expected to show the disbursement of the $169,000 paid by the Poole Engineering and Machine Company to C. G. Brown, who, according to Hirsh, is secretary-treasurer of the Electromatic Company.

The status of the voting machine matter now is something like the story of the house that Jack built. Hirsh organized the Electromatic Company to sell the county the voting machines designed under the American Voting Machine Company patent and the Poole Engineering and Machine Company of Baltimore is now reconditioning through its subsidiary company the Commercial Equipment Corporation, organized after the Poole Company went bankrupt.

Allegheny County, of the three Pennsylvania counties that bought the American-Electromatic Poole machines, is the only one which has paid for them. When the commissioners of Northumberland and Schuylkill counties found that the machines might not be all that they had been represented to be, they withheld payment.

**EFFORTS TO REBUILD**

This is believed to be one of the reasons why the Commercial Credit Company is making every effort to make the machines satisfactory for Allegheny County.

Duane R. Dills, of New York, chief counsel for the Commercial company, and C. G. Hopkins, one of the company's representatives, appeared at yesterday's commissioners' meeting and publicly assured the commissioners that every possible effort will be made to satisfy the commissioners' requirements in making the machines mechanically perfect and in conformation to the requirements of the Secretary of the Commonwealth.

**HIRSH, EATON CONFER**

Hirsh spent yesterday afternoon in conference with Attorney O. K. Eaton scanning the Electromatic books. Asked if he had arrived at any decision as to permitting the country probers to examine the books, Eaton yesterday said:

**"I have been so busy that I am afraid this will have to go over until tomorrow. I have been conferring with Mr. Hirsh since noon."**

It was then about 4 p. m. and this was the only official word from the vote machine probe.

Hirch was not in his office yesterday and not available at Eaton's office. In a downtown restaurant at lunch time Hirsh told newspapermen:

**"I have nothing to say at this time."**

## *Aerial Treasure Hunt Resumed by Woman*

NOME, Alaska, May 4.—(AP.)—Pilot W. R. Graham, Nome aviator, accompanied by Mrs. Edna Christofferson, Portland sportswoman, took off for Point Barrow yesterday in search of the abandoned ship Baychimo, from which they hope to salvage valuable furs.

# PLAN GIVES ALL CHANCE TO DO RELIEF WORK

## Records Kept by Charities Clearing House to Avoid Reduplicating Aid Given

The opportunity still remains for Pittsburghers to provide for a destitute family as their specific charge. Through the plans of the Family-Help-Family Campaign, there is presented the opportunity to select a needy family and give directly for its benefit.

All that is necessary to provide for one family is to fill out the coupon in today's Sun-Telegraph and send it to the headquarters of the Family-Help-Family Campaign in the William Penn Hotel. When the coupon is received, a check will be made through the clearing house of the local charities to determine whether or not the family is already receiving aid.

Contributors who have no specific family in mind may have one assigned to them by the Family Welfare, the Jewish Family Welfare, the Salvation Army, the Lutheran Inner Mission, the Conference of Catholic Charities, the American Red Cross or the Association for the Improvement of the Poor.

# RELIEF 'GAME' AIDS NEEDY

The game of "pass the basket" is continuing to provide food for numerous needy and destitute families in the Knoxville district.

Baskets are distributed to residents of the district. When one family has contributed its donation, the basket is passed to a neighbor, then to another until it is full. When baskets are full, cards are hung in the residence, notifying the committee.

The baskets are then taken to the Hilltop Y. M. C. A. Building for distribution.

# MINER THRIVES AS CAVEMAN

BENTON, Ill., May 4.—(AP.)—George Surval, 42, coal miner, of Zeigler, who disappeared two years ago and was found Saturday by Game Warden Andy Goodwin leading a primitive existence in a cave, today was under sentence of 15 days in jail for fishing without a license. Surval, when sentenced, said:

**"I'll soon be back in the wide open spaces.**

**"I became disgusted with mining conditions and decided to get away from civilization and chose the cave for a home."**

Surval lived on roots, wild fruits, muskrats, dandelions, wild onions and sometimes fish. He was in perfect health.

## *Hoover Ponders Poll Guard in Nicaragua*

WASHINGTON, May 4.—(INS.)—President Hoover had under consideration today the question whether the administration can fulfill the promise given to the Nicaraguan government to supervise the general elections in Nicaragua this year with U. S. Marines—at a cost of $150,000 or more to the United States.

The promise, given in the days of booming stock prices and Treasury surpluses in 1927, now has struck the economy snag. Unless a recalcitrant Congress can be prevailed upon to appropriate this sum, Nicaragua will have to get along with its polling unaided.

## *Berlenbach Gets Kidnaping Threat*

NEW YORK, May 4.—(INS.)—Paul Berlenbach, former world's light-heavyweight boxing champion, has received a letter requesting $25,000 on a threat to kidnap his son, Paul, who will be 23 months old Sunday.

Berlenbach said today that he received the letter last Friday and had notified police, who now maintain a 24-hour daily guard about his home in Astoria.

HUNTINGTON, W. Va., May 4.—(AP.)—Edwin C. Wade, superintendent of schools at Bluefield, was elected district governor of West Virginia Rotary Clubs at the annual meeting yesterday.

A rotary cane was presented on behalf of the international president to John D. Todd, charter member of the Huntington Club, who has attended 572 consecutive club meetings.

## *Benefit to Be Given For Family Aid Plan*

A benefit entertainment will be held Monday night by the employes of the Pittsburgh branch of the Pennsylvania Association for the Blind in its new headquarters, 308 South Craig street. Proceeds will be turned over to the Family-Help-Family campaign. Included on the program will be a sketch by the Pitt Players of the University of Pittsburgh.

# STIFFER BRIDGE PENALTY SEEN

NEW YORK, May 4.—(AP)—Ely Culbertson has announced that a new international contract bridge code to inflict sharper penalties on non-vulnerable sets probably will be in effect by early fall.

The new system has been tentatively approved by the card committee of the Whist Club, which is the official law-making body for bridge in America. It is next to be submitted to the card committee of the Portland Club in London.

In outlining the proposed new code before a convention of Culbertson teachers at the Waldorf-Astoria, Culbertson warned that it should not be taught until both committees have approved it.

The present penalty of 50 points for set of one trick, undoubled and non-vulnerable will be unchanged, but the second, third and fourth undertricks will cost 200 points each. Under the present code the undoubled, non-vulnerable set of six tricks costs the declarer 300 points. Under the proposed new code it would cost 750 points.

Bridge experts said adoption of the new code would virtually eliminate psychic bidding.

# HONOR LAST VETERAN

## Sewickley Legion to Mark Birthday of Capt. Shields

Capt. David Shields, lone surviving Sewickley Civil War veteran, who will be 88 years old on June 8, will be honor guest at a birthday celebration given by American Legion Post No. 4.

The captain vividly recalls the Civil War days, and especially the battle of Gettysburg, where he served as personal aide to Capt. Alexander Kayes. He can trace every military move that was made during the famous battle and brands the incidents of the war as being "without reason."

Capt. Shields rides into town every day from his home on the Beaver road, to get his mail and talk with his friends.

The Shields family was the first to settle in Sewickley in 1780, so young and old alike recognize the captain.

Capt. Shields likes all the modern age—except the automobile. He said:

**"I used to ride into town on an old black horse. But with these streets and gas buggies I had to give her up."**

Although he has lived to see many modern mechanism grow, age does not bother the captain. He hopes to go to town for his mail and visit his friends for many more years.

# FIGHT TO KEEP CUSTOMS PORT

The proposal to abolish the Pittsburgh Customs Port will be protested at the monthly meeting of the Pittsburgh Chamber of Commerce tomorrow, Thomas A. Dunn, president of the chamber, said today.

The Pittsburgh port, established 125 years ago, will be placed under Philadelphia if the Senate approves the 10 per cent reduction in the Treasury Department appropriation, it was learned yesterday.

President Dunn, in a statement protesting the proposal, said:

**"It would be a mistake to discontinue the Pittsburgh customs district. Pittsburgh products go all over the world, and the Pittsburgh district is among the leaders in annual tonnage."**

There are 20 employes in the Pittsburgh port. Last year its collections amounted to $29,434,373.11 and it was rated fifteenth among the nation's 49 ports. It was second in low cost of collections.

# 244 SENTENCED IN MAFIA GANG

AGRIGENTO, Sicily, May 4.—(AP)—A three months' trial of one of Sicily's greatest Mafia gangs ended yesterday with the sentencing of 244 men and women to a total of 1,200 years in prison.

The defendants sat in a huge cage especially erected in the former monastery of Santo Spirito, where the trial was held.

More than 1,000 persons already had been sentenced in a drive to rid the island of gangs accused of bombings, assassinations, cattle thefts and illegal tax levies on a wide scale.

# GROCERS VOTE ON U. S. SURVEY

Independent grocers today were voting on the acceptance of a proposition to extend the government retail store survey to members of the Triangle Grocers' Association.

Four hundred members of the association cast ballots last night after the results of the recent survey made in Pittsburgh by the marketing service division of the United States Bureau of Foreign and Domestic Commerce had been explained by the head of the division, Edwin A George and F. H. Crozier, the division's business specialist.

The grocers were guests at a meeting in the Bauer Bros. Baking Company plant at 6448 Penn avenue. R. L. Diederich, president, presided. Other speakers were: H. N. Parkinson, of Chicago; Donald Brighan, of Pittsburgh, and Charles Wolff, president of the Retail Grocers Association. Wolff discussed the division of the Allegheny County Emergency Association foodstuffs purchases between the independent grocers and chain stores.

# TECH TEACHERS GIVEN MEDALS

Carnegie Institute of Technology established a tradition when it gave faculty service medals, the first awards of its kind, yesterday to three retiring members of the faculty. William E. Mott, director of the college of engineering; George H. Follows, professor of commercial engineering, and Frederick Pierre Colette, professor and head of the department of modern languages.

All three were teachers at Tech when the school was called Carnegie Technical Schools. They will retire in June.

## *Orth, Boston Pianist, Influenza Victim*

BOSTON, May 4.—(AP.)—John Orth, 82, noted pianist and composer and reputed to have been the last living pupil of Franz Liszt, died yesterday of influenza. He had taught in Boston since 1875 and had also lectured on Liszt. He was a native of Annweiler, Germany, but was brought to Taunton, Mass., when a year old. He played the piano at 8 years of age and at 12 was playing the organ in churches.

## An Electric Refrigerator

*For Every Size Family and Pocketbook*

Right now an electric refrigerator is the urgent need and desire of thousands of Pittsburgh homes, on the threshold of summer. The efficacy and the reliability of electric refrigeration has been demonstrated beyond all doubt, and its economic value in the preservation of foods and the elimination of ice bills, has been definitely demonstrated.

Today's prices put electric refrigeration within the reach of practically every home, and with our plan of monthly payments, the cost may be distributed over a period of months.

A reasonable first payment will provide immediate delivery; the balance may be paid monthly, like ice bills. Choose from these good makes:

# MATHEMATICS UPHELD AT PITT

Dean L. P. Sieg of the School of Education of the University of Pittsburgh today not only defended the teaching of arithmetic but also the more complicated branches of mathematics against the "deadwood" attack on the subject made by Dr. Robert K. Speer at New York University.

Dr. Speer said 85 per cent of school arithmetic was deadwood. Dean Sieg contends that learning arithmetic is like plastering.

"You put a lot on, but some falls off."

He explained that the students necessarily learns more than he can remember, but as he studies each succeeding branch of mathematics, he learns how to use the preceding branch.

# FINE FOR RIVAL BUS LINE URGED

The Pittsburgh Railways Company and the Pittsburgh Motor Coach Company today joined in asking the Public Service Commission to fine the Bamford Brothers Bus Company for illegally transporting passengers between Munhall and Pittsburgh.

The complaint states that Frank, August, Charles and James Bamford hold a certificate from the Commission which prohibits them from transporting passengers on schedule from downtown Pittsburgh to Munhall.

# WATER, LIGHT CHARGES CUT

PUNXSUTAWNEY, Pa., May 4.—Punxsutawney's battle against public service company charges yesterday had effected another savings. An agreement was reached with the Federal Water Company whereby the borough will save $1,200 annually on fireplug service. Recently the lighting bill was reduced $413, and further reductions are sought.

Summerville, in this county, is without lights. It has no money to pay its bills. Brockway, in Jefferson County, in an agreement with the Brockway Lighting Company, cut its annual light bill from $2,150 to $1,600 with 13 lights added to its circuit.

## *Societies to Hear Address on Bees*

A joint meeting of the Allegheny County Horticultural Association and Allegheny County Co-Operative Association will be held tomorrow night in the directors' room of the Pittsburgh Chamber of Commerce. E. J. Anderson, expert apiarist of Pennsylvania State College, will speak on the importance of bees and their care. A delegate will be named by the horticultural group for a State College meeting next month.

## *'Phone Service Free For Forest Fire Tips*

HARRISBURG, May 4.—(INS.)—Pennsylvania telephone companies have agreed to give free service in the reporting of forest fires, the Department of Forests and Waters announced today.

Persons desiring to report forest fires and who inform telephone operators of their intention will be allowed to talk with the nearest warden.

## How A Skinny Girl Gained 14 Lbs. In 3 Weeks

### A TRUE EXPERIENCE

"You might not believe it to look at me now," says Miss X, "but I used to be a walking bag of bones—the sickliest looking creature you ever saw. And I was sickly! Always dead tired, pale—nervous—no pep.

"Finally—when I was twenty pounds underweight—I went to a famous gastro-intestinal specialist for help. I expected, of course, to be put on a stuffing diet and dosed with cod liver oil or some other kind of 'builder.'

"You can imagine my surprise when I didn't hear one word about 'vitamines' 'calories' nor any of the so-called health foods. Instead of all that fuss and bother, my doctor told me simply to eat what I liked—chicken, beef, lamb, asparagus tips, tender young string beans, ice cream, angel food—regular meals that would appeal to anybody.

"The only thing he wanted me to take a tablespoonful of ordinary mentha pepsin—or 'stomach juice' as he called it—before each meal. That was to start me digesting my food properly, so I would get the full good out of it instead of just loading my stomach.

"Three weeks later I had put on 14 pounds! My color was good, my nerves were steady, I slept well. And I felt better than I ever had before in my health.

"For three years now I have kept the normal weight for a girl of my height—neither too fat nor too skinny—and everyone says I look years younger than I am.

"I know it must have been the mentha pepsin that made me gain, for certainly the food I ate was no different from what I had always eaten, and I had never been able to put on an ounce before.

To get genuine mentha pepsin be sure to ask for DARE'S. Mayflower Drug Stores, Inc., and other druggists always sell Dare's Mentha Pepsin with a guarantee of money back if even one bottle doesn't help you.

# M. E. BISHOPS BACK DRY LAW

ATLANTIC CITY, N. J., May 4. (AP.)—The Methodist General Conference today ordered that the section of the Episcopal letter calling for more vigorous enforcement of the prohibition amendment be printed in booklet form and sent to President Hoover, members of Congress and all presidential candidates.

The conference was unanimous in its action taken on a resolution presented at the opening of the business sessions by the committee on temperance, prohibition and public morals.

A further recommendation that all Methodist pastors be urged to read the prohibition pronouncement from their pulpits and see that it is circulated among the young people of the church also was approved.

# TENANT HELD IN HILL RIOT

Accused of striking two Negro youths who were helping deputy sheriffs move furniture from a house at 2213 Mahon street, where the family was being evicted for non-payment of rent on Monday, Jack Collins, 29, Negro, 3337 Webster avenue, was held for court today.

He was charged with aggravated assault and battery before Magistrate James J. O'Conner in Center Avenue Police Court.

The youths, Irwin Scott, 19, 2502 Bedford avenue, and Carl Holmes, 19, 2632 Wylie avenue, testified they recognized Collins as the man who struck them with a rifle butt during a riot which followed the first attempts at eviction.

## *Arson Seen in Fire At East Liberty*

An alleged arson plot was nipped by firemen of Engine Company No. 8, East Liberty, early today when they responded to a still alarm to 506 Lenore street. Firemen said they found a partly filled five-gallon can of kerosene on the third floor of the house. Furniture in the structure had been saturated with the fluid. The house was unoccupied. Damage was estimated at $600.

Police said the building was owned by Phillip Chicarelli, of 509 McDonald street.

## *County to Return 5 In Cistern S'aying*

County detectives will leave tomorrow for Laurel, Miss., to return five Negroes under arrest there as suspects in the murder of Leroy House, 23, a Negro, whose body was found buried in a cistern in North Hills, Perry highway, Sunday.

The five, alleged to have confessed killing House to get his automobile to return home, told Laurel police they were Webb Wilson, Charles Wilson, John Jenkins, R. C. Crumby and Percy McDonald.

## *Good, but Rough Man Fined After Fight*

Edward Duffy, 29, characterized as a "good fellow but a little rough" by A. C. McConnell, superintendent of men's work at the Improvement of the Poor, Duquesne way, was given his choice of $5 fine or five days in jail this morning by Magistrate Leo Rothenberg because he was accused of striking McConnell and another employe of the institution last night. McConnell pleaded for leniency.

# O. Henry Dramas, Ripley On KDKA; Helen Morgan Lopez, Rogers on WCAE

Replacing the "Sherlock Holmes" stories on KDKA, a new series of dramatized O. Henry stories starts tonight at 9 under the same sponsorship.

Mr. Lovell

The familiar voices of the Sherlock Holmes programs will be heard in the O. Henry presentations. Joseph Bell is narrator, with Leigh Lovell, the beloved Dr. Watson of the detective stories, as the one-man audience. Possibly Richard Gordon, Sherlock himself, also will take part. Tonight's dramatization is "Mammon and the Archer." The "Adventures of Sherlock Holmes" broadcasts will continue weekly over the other NBC network each Thursday night at 9:30 o'clock, replacing the Rudyard Kipling dramas on WCAE starting tomorrow night.

**His stock of incredible truths replenished, Robert L. ("Believe It or Not") Ripley, who was in Pittsburgh yesterday, resumes his network broadcast tonight at 7:15 on KDKA. Musical interludes on the program are provided by Harry Salter's orchestra.**

Celebrating the centenial of the birth of Lewis Carroll, author of "Alice in Wonderland," two network programs are presented today. The original "Alice," Mrs. Alice Liddell Hargreaves, now 80, speaks over KDKA at 4 p. m. The program opens with music from Edgar Stillman-Kelley's "Alice in Wonderland" by a chorus of 120 girls from Barnard and Hunter colleges and a 70-piece Columbia University orchestra. Dr. Nicholas Murray Butler, president of Columbia, also speaks. A second program, "Thro' the Looking Glass," consisting of symphonic music with voices interpreting Carroll's story is presented over WJAS at 4:30.

**Vincent Lopez and his orchestra are heard in a new 15-minute program of dance music on WCAE at 11:30 tonight. Ralph Kirbery, the Dream Singer, is scheduled at midnight for five minutes, followed by Buddy Rogers and his California Cavaliers in a 25-minute program, lasting until 12:30, when the WCAE Orchestra and Vocal Trio go on the air until 1 a. m. Beale street Nights is heard for the second time at 11:45.**

## Program Pointers

Princess Murat (Mrs. Paul Frank), 19-year-old descendent of Napoleon, is interviewed by Allie Lowe Miles on WJAS tonight at 8. . . Floyd Gibbons' famous machine-gun style of talking is reproduced by Ward Wilson on KDKA at 6:30. . . . Irvin S. Cobb and Grantland Rice talk over the Kentucky Derby on WCAE at 10 . . . A flute and clarinet duet, "L'Encore," by Victor Herbert, by George Possel and Charles Thetford, is a feature of the Melody Moments program on KDKA at 8:30.

Princess Murat

**Welcome Lewis, Nat Brusiloff and Norman Brokenshire meet again for a weekly quarter-hour at 10:30 on WJAS.**

Making her debut on that tire program on WCAE at 9 with the Revelers, Helen Morgan sings a group of songs from her second great success, "Sweet Adeline." An hour later on WJAS, Ruth Etting presents some heart songs including "Love Is Like That" and "Dream Sweetheart."

**Mme. Nina Koshetz, Russian opera and concert singer, makes the first of four consecutive appearances as guest artist on the NBC Artists' Musicale, heard through WCAE at 10:30.**

Music originating on Waikiki Beach, Hawaii, is heard over WJAS at 4. During the program, presented in connection with the opening of the National Foreign Trade Convention, James A. Farrell, former president of the United States Steel Corporation, speaks.

## 'Trained Seals' Give Gala Program

**The Trained Seals of Harry Keck, sports editor of the Sun-Telegraph, go on the air from WCAE 10 minutes earlier tonight—at 6:50 p. m.—inaugurating a new series of 25-minute programs. A variety program of music and sports talks by Paul Waner, Adam Comorosky and President William E. Benswanger, of the Pirates; Charley Grimm and Gabby Hartnett, of the Cubs; Ray Fabiani, wrestling promoter; Frank Speers, wrestler, and Charles J. Doyle, Tom Birks and Julius Levin, of the Sun-Telegraph sports staff, is billed.**

**Mark Shields, political editor of the Sun-Telegraph, again comes to the microphone to give his weekly talk on "Political Activities of the City, State and Nation" tonight at 6 o'clock from WCAE.**

**Presenting a program for the kiddies, talented young Pittsburgh children come to the microphone with solos and recitations on WCAE today at 4:45.**

**Betty Cruikshank, contralto soloist, is featured with David Levin's orchestra on the Sun-Telegraph Nite Club of the Air on WCAE tonight from 11 to 11:30. Sonny Joy, assisting with his ukulele and song interpretations, is master of ceremonies.**

**A gay chat on unusual items of interest to women is heard on WCAE tomorrow morning at 10:30 during the "Reflections of Madelon's Mirror" broadcast.**

# WAR VETERAN REGAINS POST WITH COUNTY

## Mansfield, Barr Restore Employe; Fifty Reported Discharged Within Week

Despite exemption of ex-soldiers from the county pay-roll slash, one was dismissed Saturday and rehired yesterday. Commissioner William D. Mansfield, at the conclusion of yesterday's board meeting, brought up the discharge of Earl Gross, 334 Ohio avenue, by saying:

**"Among the laborers dismissed over the week-end was a World War veteran, Earl Gross, and I move that he be reinstated."**

Commissioner C. M. Barr seconded the motion and announced it carried.

Mansfield continued:

**"Another laborer employed recently by Commissioner McGovern was also dismissed and should be reinstated."**

But this motion was withdrawn.

Asked by newspapermen who discharged the laborers over the week-end and how many there were, Commissioner Barr said:

**"I do not know."**

Frank J. Chester, county highways director, asked the same question, said:

**"I don't know. I didn't fire anyone."**

Unofficial reports from county employes awaiting the ax promised by the McGovern-Barr regime were that 50 men have been let go and a number hired in the last week, and that notices delivered to foremen in the highways department were signed by Chester.

Commissioner McGovern, who left the Sewickley Valley Hospital Saturday, was expected to attend yesterday's meeting, but did not.

# TARDIEU FIGHTS SWING TO LEFT

PARIS, May 4 — (AP) — Premier Andre Tardieu has decided to launch a radio appeal to the French electorate tonight in an effort to stem any further swing to the left in the run-off election next Sunday.

The appeal will precede by a few hours the time limit when candidates may retire or other candidates be nominated for the final election, and will come in the midst of feverish conferences which may determine the complexion of the next Chamber of Deputies.

The Premier's health has improved but he likely will make his radio address from his home.

Le Temps today editorially asserted whatever turn is taken in Sunday's voting, it is vital the French policy for "peace and security" remain unchanged, adding that Edouard Herriot, who forged ahead in the first election last Sunday, had been firm on these points.

## *Reserve Policy Aid To Industry Seen*

Beneficial results to business and industry from the new open market policy of the Federal Reserve System within a few months were forecast by J. W. Barriger, III, New York railroad economist, speaking before the Credit Association of Western Pennsylvania in the Pittsburgh Chamber of Commerce yesterday.

Barriger outlined the importance of the railroad as the greatest corporate investment and the largest industrial purchasing power in the country. A crisis in railways affairs has been averted, he said, through the Reconstruction Finance Corporation.

## *Accused as Slayer, Fights Extradition*

Raising the question of identification, John Alberti held here for West Virginia authorities on a murder charge, procured a writ of habeas corpus yesterday in Common Pleas Court seeking to avoid extradition.

Police arrested him here on a request from New Martinsville, W. Va. Attorney Charles J. Margiotti questioned whether Alberti is the party indicted on the murder charge. Judge Harry H. Rowand fixed a hearing for May 12.

Serbian Folk Song ..... Glavatch

The Kedroff Quartet: I. K. Denisoff, tenor; T. F. Kasakoff, second tenor; N. N. Kedroff, baritone; C. N. Kedroff, basso, in a better Russian day known as the Czar's own, gave a concert of characteristic Russian music in Carnegie Hall last night. These singers are former members of the Imperial Opera in Petrograd and professors of music in that same city. Therefore it was a certainty that these men should make good music.

Mr. Lissfelt

As the great choirs of Russia may be compared to symphony orchestras, so may we compare this quartet's music to that made by eminent string ensembles. The quality of their singing is much the same as found with all prominent Russian choruses—sonorous deep voices and light mellow tenors sometimes with that reedy tone so characteristic of their sopranos; excellence in attack and elastic in nuance, broad contrasts and a force that stands behind all Russian singing.

The program was made of sacred and folk songs, all of them now familiar to our audience and welcome whenever we can hear them. J. FRED LISSFELT.

## *Second Division Association Elects*

Officers for the year were elected at a meeting of the Second Division Association in Utility Hall, Philadelphia Building, last night. They were: President, H. F. Bucher; vice president, Z. I. Sykes; secretary, I. V. Stevenson; treasurer, Dr. G. E. Martin; executive committee, Dr. W. H. Leffler, J. J. Reilly and Thomas Morrison. Mr. Sykes presided.

## *Surprise Witness Dodges Ware Trial Reporters, Due on WCAE Tonight*

Newspapermen sought in vain to question the surprise witness, that positive woman who crushed her way through the courtroom where Miss Vivenne Ware is on trial for the murder of Damon Fenwicke.

With the court in recess until tonight at 8 o'clock, who she is and what she knows of the murder of the architect will be learned then. At that time, over station WCAE, the fictionized trial of Miss Ware will continue.

The state has carefully developed its case against the beautiful daughter of Simon Ware, millionaire. Through a series of witnesses, the district attorney has attempted to prove she murdered Fenwicke as a result of jealousy.

Apparently most damaging, so far, was the testimony of Axel Nordstrom, garage attendant, who testified Miss Ware brought her car to his garage shortly after the time set when the murder was committed. She was crying, he said.

The tender confession of John C. Sutherland of his love for the defendant, formed one of the highlights.

At the press table, newspapermen are wondering whether Miss Ware will be called to the stand tonight. The story, written by Kenneth Ellis, will appear later at the Stanley Theater in motion picture form.

## AWARD PLEASES GEN. PERSHING

PARIS, May 4.—(INS.)—"You're not kidding me, are you?" asked Gen. John J. Pershing when informed by International News Service on his arrival here yesterday, that his book on the World War had won the Pulitzer prize for the year's best work on American history. He said:

**"I feel highly complimented and extremely pleased.**

**"It is an interesting coincidence that I wrote nine-tenths of the book in Paris and learned of the award on my arrival here."**

Gen. Pershing's book appeared serially in the Sun-Telegraph.

## *Hoover Act Links Canada-U. S. Parks*

WASHINGTON, May 4.—(AP.)—President Hoover has signed an act creating what will be known as the "Waterton-Glacier International Peace Park," joining parts of Montana and Alberta, British Columbia.

The new park will comprise two parks already established — the Glacier National Park in Montana and the Waterton National Park in Alberta. The international boundary line runs through Waterton Lake.

## *Chicago Bachelor Gives Up Baby Girl*

CHICAGO, May 4.—(AP.)—Samuel E. Epstein, bachelor, assistant city prosecutor who legally adopted a 14-month-old girl, has agreed with the unmarried mother that the baby be readopted by her married sister, Agnes McConnell, of Detroit, the mother, was given custody of the child for yesterday.

# TELL IT TO SALLY -:- -:- Follow This Unusual Feature Day by Day -:- -:- By SALLY MARTIN

## Don't Forget Everyone Else For a Single Friend

Should youngsters "go steady," and throw a fit if one or the other has other friends?

That's the big problem that's worrying "Just Me."

She's been going steady with "the only boy," but when she stepped out with another lad he got jealous and raised the roof.

That was patched up finally, and then she saw him "talking to" another gal at school, so the fat's in the fire again and she'd like to know what's what.

Can you tell her?

"Dear Sally:

"I have a question that I've been wanting to ask for a long time, but every time I've tried to write you I got cold feet. But this time I'm going to 'pop' it for sure. I hope you will help me.

"I am a girl 16 years old and am very fond of a boy of 19. I have been going with this boy since August. Up until a short time ago he said he loved me, and he would get jealous if I went out with anyone else. Once he got so jealous he told me he was 'through;' then, the next evening, he came over and apologized and said he hadn't realized how much he really did love me.

"I was glad to have him come back, so we started going together steady again, but lately he has been talking to other girls at school, and he appears to enjoy their company.

"He never has any dates with any of them. He always takes me to parties or goes alone. He always shows me a good time, and it seems to me as if I just couldn't help being fond of him.

**ACTS STRANGE**

"But for a time he doesn't even speak to me when he passes me at school. At other times he speaks and is very nice. Just the other day he was talking to some girls, and I was standing no more than five feet away from him. He kept watching me, as if he was wondering what I thought, but he kept right on talking to them.

"I've asked him why he doesn't find another girl to go with, but he always says he doesn't care for anyone but me. Yet he acts funny like that.

"Do you really think he loves me, when he will talk to other girls, either behind my back or right before my eyes, although he doesn't even talk to me at school, unless it is when he is passing in the hall? Or is he just kidding me along?

Please tell me what your opinion is of a young fellow like that. Do you think I should stop going with him and try to get interested in some one else, when he acts this way every now and then? Do you think he really does like me?

"JUST ME."

**NEED LOTS OF FRIENDS**

Does he really like you? I dunno, honey, but it seems to me that he wouldn't hang around if he didn't.

Then why does he talk to other girls?" you ask.

That's simple, child. He'll always like to talk to other girls if he's a healthy, normal person, just as you'll always like to talk to other boys and men. Liking someone doesn't and can't fence all the rest of the world off, and you shouldn't expect it to.

Then should you keep on going with him?

Not now, youngster — not steady. Just now both of you are very young. You haven't found your place in life yet. You don't either of you really know whom you'll like for keeps, and you would both of you be doing yourselves a lot of harm by shutting out the rest of the world just now.

What you both need is to have lots of friends and to not take any of them too seriously. So don't try to pair off and pin each other down. Rally all the kids around you. Have lots of fun and games and good times —all of you together. Don't rush into being serious before you're ready for it, either of you.

Give yourselves — and each other — a chance.

Just be good friends, for now.

**Cheaper Than New Plumbing**

If your sink is just a little too low and causes backache when washing dishes, why not have a small table built that will fit in the sink and elevate the dishpan to the desired height? It would not be expensive and the comfort would certainly be worth the small expenditure.

## Can a Couple Remarry and Be Happy Again? Fay King Inquires

RE-MARRYING HER WAS THE EASIEST WAY OUT OF MY ALIMONY TROUBLES.
NO, I CAN'T RE-MARRY YOU BECAUSE I CANNOT FORGET OR FORGIVE THE PAST!
"AND WE'LL NEVER — NEVER REFER TO OUR DIVORCE, THAT'S TABOO!
DADDY!
FAY KING

By FAY KING

**Can a couple who have gone so far as to get a divorce remarry and be happy again?**

**Many have tried it, but in most cases it has failed.**

**Remarriages are sometimes made for other reasons than complete reconciliation.**

**It is one way of eliminating alimony, and reducing it if they divorce again, for the alimony reward in the second divorce will probably be much less.**

**Also remarriage repudiates all the accusations that got the divorce.**

**Remarriage calls for the greatest caution and consideration, and unless one can completely forgive and forget the past it will be fatal to the least new misunderstanding.**

**Exceptional persons might succeed, and when there are children it is worth trying.**

## How to Keep Well

By DR. ROYAL S. COPELAND

***Adults Can Now Get Rid of Tonsils Without Operation***

Infected and enlarged tonsils are injurious to the health. If actually diseased they should be removed, as they may be responsible for many serious ailments.

Dr. Copeland

Normally the tonsil is about the size and shape of an almond. In tonsilitis, an inflammation of the tonsil, it becomes swollen, enlarged and painful. The throat is very sore, swallowing is difficult, and there is high fever. If you have ever suffered from tonsilitis, you can appreciate how sick that disease can make you. The attack subsides, but usually recurs unless the tonsils are removed.

Other glandular material similar in structure to the tonsil is found in the back of the throat. This is the pharyngeal tonsil, and when it becomes diseased and enlarged the child has what we call adenoids. This breathing is difficult and the hearing may be impaired. This trouble is rarely, if ever, seen in adults, but it is quite common in children. Usually abnormalities of the tonsils and adenoids are associated, and in case of operation both are removed unless they are infected as well as enlarged. In health these glands help the body to ward off disease, but if infected they are a possible cause of chronic rheumatism, kidney disease, heart disease and other infections within the body. The dangers associated with disease of the tonsils are great, and the condition therefore should not be treated lightly.

Many adults suffer from diseased tonsils. They have been advised to have them removed but neglect to do so. Too little emphasis is placed upon the significance of diseased tonsils in adults and their need of attention.

It is now possible to have tonsils removed without a cutting operation. The procedure I refer to is used only for the removal of diseased tonsils in adults. It is not advised for children. The treatment consists of applications to the diseased tonsils of a special electrical current until the tonsils are destroyed.

There are many advantages in this form of treatment. The patient can continue work without interruption. The tonsils are removed without shock, pain or danger of hemorrhage, and this treatment will appeal to many who have feared operation.

It is necessary for your physician to decide which treatment is best for you. But please remember that diseased tonsils create a serious condition.

## Household Hints

Old stockings make excellent dustcloths as they leave no lint.

If gold lace or braid is badly tarnished, sprinkle with Fuller's earth and then rub with a stiff nail brush.

After frying onions, pour a little vinegar into the frying pan while it is hot to remove the odor. It will also remove fish odor.

A little salt added to the milk when making a custard much improves the flavor.

When stitching on a two-thread machine, instead of cutting the thread at the end of a finished seam, turn and stitch back again for an inch before cutting the thread. The seam will never rip and the task of tying the ends is avoided.

## Correct Manners

By MRS. CORNELIUS BEECKMAN

***Engraved Wedding Rings***

Dear Mrs. Beeckman:

1. What would you suggest as fitting to have engraved on the inner side of a wedding ring, besides the date?

2. If the initials are set down should the lady's be first or the gentleman's? M. R.

1. Usually only the initials are used, besides the date.

2. The lady's.

***Wedding Reception***

Dear Mrs. Beeckman:

Is it usual for the father of the bride to stand with the bride's mother in the receiving line at the wedding reception? My father very much wishes to do this, but we have had so many of our friends tell us that it is not correct that we are coming to you for your advice.

REBA.

If your father wishes to receive with your mother in the receiving line, by all means have him do this. It is quite proper and thoroughly, I think, the most cordial and charming thing for him to do. Naturally weddings are reunions, of relatives and friends, and it seems so delightful to have the people most concerned with the occasion . . . the bride's mother, who is the hostess, and the bride's father, who is the host . . . stand with the bride and groom to receive the guests.

As a matter of fact, you are to be congratulated on having such a cordial and hospitable father, for usually the reason why the bride's father does not stand in the receiving line is that he does not wish to do so, and often that he won't do so even under the most loving persuasion.

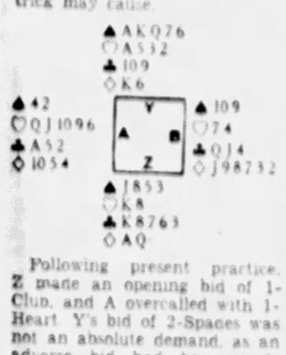
OFFICIAL SYSTEM As Adopted by Leading Authorities

By E. V. SHEPARD

*Beware of Unguarded Suits*

The present method of making opening bids on suits lacking at least one sure trick makes it hard for partner to know where strength lies. The former custom of bidding no-trump upon three or more guarded suits possessed some advantages. There is a lure about bidding slams that approximates the attraction that gold holds for the prospector. The hand given below shows the trouble that bidding a suit lacking one sure trick may cause.



Following present practice, Z made an opening bid of 1-Club, and A overcalled with 1-Heart. Y's bid of 2-Spades was not an absolute demand, as an adverse bid had been made over the opening declaration. Y's unnecessarily high bid was a strong invitation for Z to again bid, if possible. B passed. Having exceptional support for his partner's make, Z jumped the bid to 4-Spades. Bidding just game does not put a stop to partner's further declarations, but it is intended as a warning that the assisting hand questions the wisdom of attempting a slam.

Had Y contented himself with passing, or even with bidding 5-Spades—which Z would have let die—all would have been well. Y visualized in his partner's hand a powerful club suit, affording discards of losers of other suits. So Y jumped into 6-Spades. This ended the contracting.

The opening lead was the 3 of diamonds. The moment Y saw dummy, he realized that fulfillment of his small slam depended wholly upon the location of the Ace of clubs. The slam could be made only in case B held the missing Ace.

The first trick was won with dummy's Ace of diamonds. Two rounds of trumps pulled down all opposing spades, leaving dummy with two trumps for ruffing the declarer's two losing hearts.

The K and Ace of hearts were led, and dummy trumped one of Y's losing hearts. Y gained entry to his hand by overtaking dummy's Q of diamonds with his K. He could not regain entry to his hand if he had to trump another heart at once, as dummy would have nothing left to lead but clubs. Y had to try a club lead before ruffing off his last losing heart. Y led his 10 of clubs as if he contemplated finessing it in case neither Q nor J covered. B split his equals, covering with the J. Dummy's K had to be risked, and the Ace of clubs won the trick. Back came another club. B's Q won, and the declarer was down one trick.

Y-Z had bid 6-Spades on the next hand. The opening lead is the 8 of clubs. How many tricks can be made by the declarer? The answer will appear tomorrow.

# TRUCK SERVICE OPPOSED

An application for permission to operate mechanically cooled body trucks between Pittsburgh, Beaver, Butler and Lawrence counties for transporting of milk and other farm products by W. D. Rubright, of near Harmony, was heard yesterday before Examiner W. E. Best, of the Public Service Commission.

Appearing for Rubright was former Public Service Commissioner Charles H. Young, of New Castle. The application was opposed by the Harmony Short Line Transportation Company, which operates a bus service. The latter did not oppose collection of products at the farms, but entered a stiff objection against using built-up towns as centers of collection or distribution.

## How One Woman Lost 47 Lbs of Fat

### In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C.

"P. S. You may think I am exaggerating by writing such a long letter, but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 4 weeks costs but a few cents.

When reducing attention to diet will help—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat.

To lose off fat harmlessly and safely, take one half teaspoon of Kruschen in a glass of hot water every morning—don't worry—it's the safe way to reduce.

But be sure for your health's sake that you ask for and get Kruschen Salts. Get them at any druggist in the world and if the results one bottle brings do not delight you—do not joyfully satisfy you—why, money back.

# HERO OF WEST DIES AT 81

LOS ANGELES, May 4.—(INS.)—Another colorful chapter of the rapidly vanishing old West had been closed today with the passing of John P. Clum.

Mayor of Tombstone, Ariz., in the roaring '80s, Indian pacifier and editor of the famous Tombstone Epitaph in the day of its glory, Clum died at the age of 81.

What scores of generals and hundreds of soldiers had failed to do toward the capture of Geronimo, the Apache chieftain, Clum accomplished without shedding a drop of blood.

With 100 Indian policemen, Clum trapped and made prisoner the Apache leader in an agency at Ojo Caliente, April 21, 1877. Geronimo had 500 braves surrounding the agency where Clum had only 100 men.

Clum disarmed Geronimo, who then tried to draw a dagger, but an Indian snatched the knife away.

# RELIEF NEEDS STRESSED BY FATHER COX

## Funds From Sun-Telegraph Drive Will Help Pastor Carry on Plans for Needy

Father Cox isn't optimistic about the future. He feels that the jobless and the distressed will need assistance from others for several months to come—that there is no end for a long time for the bread line at Old St. Patrick's.

This is one of the real reasons why he is so well pleased with the Father Cox-Sun-Telegraph Home Delivery drive which is going to aid him to carry on his work throughout the summer.

Father Cox

From the returns already in it is evident that the Father Cox Unemployment Fund will get substantial assistance from the subscription drive now being conducted by the Sun-Telegraph in which this fund gets a liberal commission for every new subscription turned in from his friends and admirers. The funds thus secured will help to feed from 2,500 to 3,000 unfortunate in his daily breadline at Old St. Patrick's and will also help to furnish baskets of food for hundreds of Pittsburgh families in distress.

If you wish to help Father Cox send in your order, either to Father Cox or to the Sun-Telegraph, to have this paper delivered to your home by carrier. A subscription blank will be found in this issue.

## Schoolboy Arrested On Holdup Charge

CINCINNATI, O., May 4.—(INS.)—Arrested in a high school classroom, Lynton Hardman, 16, is to be returned to Danville, Ill., to face charges of assisting three other boys in staging several holdups, federal authorities said today.

Hardman was arrested on a warrant issued at Danville accusing him of transporting an automobile, alleged stolen at Hartwell, O., to Illinois. En route to Chicago the boys performed several robberies, police believe.

## Asks Second Appeal On Murder Charge

CHARLESTON, W. Va., May 4.—(AP.)—A second petition for a review of the case of Mrs. Minnie Stull, Princeton widow, under sentence of life imprisonment, was presented to the state Supreme Court yesterday.

The court previously refused an appeal to the widow, who was convicted of first degree murder in the death of her 9-year-old stepson, Mickey Stull, who died after several immersions in a tub of boiling water at his home at Princeton.

# 75,000 ENROLL AS BLUESHIRTS

The Blueshirt Army of America, organized by Father James R. Cox of Old St. Patrick's Church, and other leaders of the Jobless party, it was announced today, boasts of a membership of between 75,000 and 85,000 men and women. According to Attorney Austin Staley, national chairman of the party, the membership is scattered throughout more than half of the 48 states, with units as far away as California and Oregon.

Pennsylvania is leading in the enrollment of new units and within a few months, leaders estimate, there will be more than 5,000 subordinate organizations each of 50 men and women in this state. Each unit has two lieutenants and a captain. It will raise money to purchase uniforms for its members.

Already, according to Staley and Father Cox, the army has credit for 1,000,000 shirts, ties and hats of the overseas type which make up the uniform. A large shirt factory has extended credit of more than $750,000. A man can be equipped for $1.

In July county officers will be elected and later, the state leaders. Every member of the army is expected to attend the national convention in St. Louis in August.

### W. D. Mansfield Is Not Chairman Candidate

By MARK SHIELDS

By MARK SHIELDS

County Chairman William D. Mansfield today announced he was not a candidate for re-election to the party leadership in Allegheny County, explaining that his duties as County Commissioner and State Senator furnished him with plent of opportunity for public service and required much of his time.

Mansfield's announcement came on the heels of solicitation among county committeemen and committeewomen to vote for William H. Coleman as chairman when the county committee organizes late this month.

Mr. Shields

It is also reported that friends of Mansfield had sounded out members of the committee, and discovered that, while the present chairman would have substantial support, he would be compelled to fight vigorously and take the chance of further irritating the already troublesome factional differences in the party.

It is also known that County Commissioners Charles C. McGovern and C. M. Barr, Independent leaders, who succeeded in electing a number of members of the committee at the recent primary, were not favorable to Mansfield's continuance in a party office. McGovern was against Mansfield accepting the post last winter after the death of Joseph G. Armstrong, which caused a vacancy in the chairmanship.

### Mansfield Never Favored by Coyne

Mansfield has never been favored by Senator James J. Coyne, who is behind the Coleman candidacy, and who is at odds with several Republican lieutenants friendly to Mansfield. In a statement today Mansfield said:

**"Following the death of Joseph G. Armstrong last winter, quite a number of Republican leaders petitionel me to become a candidate for chairmanship of the Allegheny County Republican Executive Committee. At that time I took the position that I would not seek the office and did not ask a solitary committeeman or committeewoman to vote for me.**

**"I further stated that I would not accept the office if there was any opposition to my candidacy, believing that the Republican party on the eve of a presidential electon could not afford to have a fight within its ranks over the chairmanship. My only reason for accepting it was in the hope of creating a spirit of harmony in order that the Republican party might assemble in a movement in the interest of the people of Allegheny County, thereby regaining the lost prestige that the last November election plainly indicated.**

**"In answer to many inquiries that have come to me personaly and by telephone, my position today is the same as it was last winter. I have never had any intention of seeking re-election as Republican chairman, and would not have taken it had there been a united sentiment in that direction.**

**"My duties as county commissioner and serving out a remainder of my term as senator in the General Assembly give me plenty of opportunity for service to the people in looking after business of the taxpayers."**

* * *

### Surrender Hardly Will Bring Harmony

The surrender of Mansfield and his associates to the Coyne forces will hardly bring harmony in the Republican party. The next Republican county chairman probably will be a factional rather than a party officer, be he Coleman or someone else. Coleman and Mansfield have been political foes for years.

Coleman managed the recent "regular" campaign in the county, with Coyne as his chief. Coleman himself would be satisfactory to a number of organization lieutenants, but they view him askance so long as he seems to bear the Coyne stamp.

It is no secret that during the recent campaign Coleman expressed real concern because certain regular lieutenants—there is no general—failed to show up about headquarters. He probably realizes that the chairmanship under existing conditions could not possibly be used as a harmonizing force.

Indeed, the whole theory of the party chairmanship in Allegheny County is going by the boards, just as the state chairmanship theory did in the recent primary. In that election Gen. Edward Martin, presumably the shepherd of all the party, and not of a band, operated actively for a factional ticket. The same thing is apt to happen in the county.

And that means that primaries will frequently settle nothing, and that seldom will there be a general campaign without a strong "independent" opposition.

### Suggested Explanation Of Missing Wheel Chair

I have heard a suggested explanation of the missing wheel chair of the County Department of Property and Supplies. It seems to have disappeared after being returned by County Commissioner Charles C. McGovern, whose broken ankle has not sufficiently mended to permit its use.

Jerry Simpson, the Dravosburg statesman, guesses that Hy Hirsh, with the Electromatic Voting Machine Company books as ballast, was using the chair for a nonstop record from Baltimore to Pittsburgh, via the National Highway. Hirsh was due in his office with the books several days ago, having left Baltimore Thursday, but had not reached goal last night, due to several detours through lawyers' offices.

## MARVELS SEEN HERE IMPRESS RIPLEY

### Believe-It-or-Not Expert Entertains While Opening Sun-Telegraph Contest

Robert L. Ripley, a fellow who has seen things, believe it or not, left Pittsburgh late last night wondering whether, ever again, he would believe what he saw.

For he spent yesterday in Pittsburgh, inaugurating the Believe-It-or-Not Contest in the Sun-Telegraph.

Last night, a part of Pittsburgh entertained him. Under the guidance of Dr. S. M. Kintner, vice president of Westinghouse Electric and Manufacturing Company; L. W. Chubb, director of research, Ripley was taken through the East Pittsburgh research laboratories.

**LABORATORY 'TRICKS'**

It was here that he saw water running up hill, drop by drop; he was allowed to look through a steel girder; he saw a chemist turn air into a liquid, which at 500 degrees below zero, didn't freeze, or didn't bite; Ripley saw the chemist take a mouthful of it—as evidence.

He saw his own voice in color and heard music transmitted across the room by a ray of light.

Believe it or not, Ripley saw things last night that never happened.

But everywhere the creator of the now world-famous sketches of freaks and oddities and phenomena was met with the acclaim of a king. He spoke at noon over WCAE, telling a few tid-bits of Pittsburgh. One was about the cat in Walliston avenue, Emsworth, which has 24 toes.

He spoke to 1,500 students of the University of Pittsburgh, where he was introduced by Robert McCresney. They gave him the hand-clap, "Alleghnee." Then he and his party, led by a pair of motorcycle officers, sped to the luncheon of the Family-Help-Family workers in William Penn Hotel.

**VISITS 'DUKES'**

Duquesne University, his next stop, met him with open arms. School was dismissed for the afternoon, and the gymnasium was jammed. The Rev. Richael J. Brannigan, professor of philosophy, introduced him.

Pennsylvania College for Women was host next, with Dean Marks chairman. From there Ripley moved to Forbes Field, where he was guest of President W. E. Benswanger, of the Pirates.

An overflow crowd met the noted cartoonist at Carnegie Tech. The Little Theater was filled and many could not get seats.

## COUPLE SOUGHT AS WITNESSES TO SLAYING

### Man, Woman Who Went to Aid of Constable Failed To Give Names; One Held

County detectives today were searching for the man and woman who witnessed from their automobile the killing of Constable Vernon (Port) Moses, Ross Township, Monday night in Perrysville road near Keating carbarn. The couple is reported to have seen the man who fired the fatal shots by the rays of the officer's flashlight. They drove away seeking help, and returned to the scene, but disappeared without giving their names.

Detectives William S. Black and Philip S. Goldberg are anxious to talk with them in connection with a Negro whom they believe, owned the automobile from which the bullets were fired that killed Moses.

The Negro was booked as Sylvester Turner, 48, of 1843 Wylie avenue. He was arrested last night by county detectives who said he told them conflicting stories as to how his car got out of the garage Monday night, and as to his own whereabouts at the time of the slaying.

Moses was killed, it was reported, when he stopped a car containing two men on the Perrysville road, near the Keating carbarn.

## P. R. R. TO FIGHT REJECTION BY COMMISSION

### City May Intervene in Contest Over Ruling That Upholds Utilities' Stand

An appeal from the decision of the Public Service Commission which refused to ratify an agreement between the city and the Pennsylvania Railroad for the construction of a $20,000,000 terminal and street relocation project, will be filed in Superior Court within a week, it was learned today.

The Pennsylvania Railroad has decided to take the appeal and if the city does not join, it is expected to intervene. The city was not a party to the application before the commission, but is affected and has the right to intervene and be joined as a party appellant. This plan is expected to be laid before Council by the legal department. In any event, railroad officials have discussed the subject with the city's legal advisers, according to reliable information.

**FOUGHT BY UTILITIES**

The various public utility concerns using city streets fought approval of the contract on the ground it would cost them about $1,000,000 to change their line to conform to the new plans. The commission sustained the utilities, Commissioner Samuel Walker, dissenting. The latter and former Commissioner Charles H. Young heard the protest and it is held the latter would have voted with Commissioner Walker, had he been a member of the commission when the decision was rendered.

The railroad company took the position that the commission had no jurisdiction to inquire into the affect of its contract with the city upon the service of other utilities. The commission, however, held it was bound to consider every phase of the contract affecting the public.

**ADDED BURDENS IMPOSED**

The commission determined the contract would impose undoubted burdens on the Seventeenth Incline Plane Company, the Pittsburgh Railways Company and other utility companies and through them upon their patrons.

What the court will have to determine on the appeal will depend upon the grounds assigned for it. The railroad company has until Thursday of next week to file the appeal.

## WOMAN SWOONS AT INQUEST

Seventy-year-old Mrs. Mary Gallowich screamed and swooned when a blood-stained Boy Scout knife was produced as the weapon with which her son, William, 36, was fatally stabbed on the night of April 16, at a coroner's inquest today.

Louis J. Fridel, 36, long-time friend of her son, sat with head bowed as witnesses described the scene leading up to the killing for which he is held for the grand jury.

In describing the quarrel which preceded the stabbing at her home, 1535 Brighton road, Mrs. Helen Hofer, Fridel's landlady, told of the quarrel.

She pacified Gallowich, she said, by placing her 2-year-old baby in his arms.

Later, Mrs. Hofer said, the argument was resumed by Fridel and Gallowich in a room where they were alone. She next saw Gallowich lying on the floor dying.

## WOMEN RENEW RELIEF DRIVE

Renewed activity in behalf of the Family-Help-Family campaign was reported today by Mrs. Albert C. Lehman and Mrs. William Dalzell, in charge of the club section of the women's division, in reviewing work among country clubs of Allegheny County.

Three hundred and fourteen families were added to the total number provided for by the Harris plan at a meeting in the Urban Room of the William Penn Hotel yesterday. Of this number, 217 families were credited to the men's division and 97 families to the women's division. To date, the women have taken care of 309 families, which puts the campaign over the half-million-dollar mark.

Several large contributions were reported later in the day and will be included in the report at the meeting announced for next Tuesday.

## Political Rivals Neck and Neck But Not Necking

By ARTHUR 'BUGS' BAER

Those state primaries are great when political love is young in springtime.

They give us an idea of what is going to happen in November without being able to prevent it.

Garner, Smith and Roosevelt are running neck and neck. But it ain't necking.

The boys hate one another except in group pictures. Each one is willing to dial the telephone for his country's call and drop in the nickel.

The Republicans are also voting in the hedges and the byways of the land. The G. O. P. is standing four square on its round heels.

This is going to be the blisterest campaign since Calhoun and Clay made the welkin ring a fire alarm.

The fate of the nation is at stake. And the boys like steak.

**See where two English scientists were able to "split the atom." The world is not had enough off as it was. Now they go and split the atom. That's the last straw. We expect the Democrats to split, the country to split over prohibition, but we always felt that the old "atom" would remain intact. It was certainly a big disappointment to me. Come on, boys, let's up and atom.**

## $1,291,000 River Work Here Urged in House

Elimination of the Herrs Island dam and the reconstruction of the Aspinwall and Springdale dams in the Allegheny River was urged in the report of Maj. Gen. Lytle Brown, chief of Army engineers, to the House Committee on Rivers and Harbors, made public today.

Concurring with the Board of Army Engineers, Brown recommended modification of the present improvement project for the Allegheny River. The new plan calls for the removal of the Herrs Island dam, channel improvements, including dredging to the new dam to be constructed about 1,500 feet below the present Aspinwall dam, and the construction of a new dam at Fourteen Mile Island, two miles south of the present Springdale dam, to replace the latter.

The two new dams and other expenses of the new project were placed at $4,906,000, an increase of $1,291,000 over the cost of work already authorized by Congress.

## Early American Decorative Art Exhibit Includes Many Interesting Pieces

By PENELOPE REDD

An exhibition of early American decorative art objects is being shown at the Joseph Horne galleries through May 14 as a Washington bicentennial tribute on the part of the Dolly Madison and the Lieut. Col. George Croghan chapters of the De[illegible] of 1812.

The galleries are arranged as a drawing room and bedroom setting. There is a sufficient number of pieces to illustrate the range of gentlemen's furniture produced along the Atlantic seaboard prior to the American Revolution in the idiom of the great English furniture designers such as the Brothers Adam, Sheraton and Hepplewhite.

Miss Redd

The later federal period with its French empire affectation is also represented.

The historic accent of the drawing-room group is one of the original dining room chairs belonging to George Washington. Made about 1750, it was given to Lucian Plimpton's mother in 1858 by the son of Washington's biographer, Parson Weems. Ten sister chairs are now exhibited in the Smithsonian Institution.

The spectator enjoys anew the original craftsman's delight in a Sheraton type table with legs designed as fluted columns. The supple line that bounds the top expresses the animation in wood that is too often lost in the hands of the blundering craftsmen or in the lathes of the routinized machine.

The textiles in the bed room are particularly good. Note the beautiful blue and white coverlet with "Boston Towne" as the border and "Penelope's Flowering Vase" as the repetitive motive of the field.

This exhibition reflects the sensitiveness and appropriateness for design in the early American decorative arts that anonymous craftsmen lavished on their creations. The very anonymity of the designers is refreshing to one accustomed to ponderously impressive names.

when "COLDS CATCH YOUR CHILDREN"

. . . a cleansing dose of Castoria!

The first step to take when your child catches cold, doctors agree, is to cleanse the body of all accumulated waste and infection-breeding material.

To carry off this poisonous matter, nothing is better than Castoria. It acts gently and mildly enough for children's delicate requirements, and yet it does the work unfailingly.

Castoria, you know, is a pure vegetable preparation made specially for babes and children. It contains no harsh, harmful drugs, no narcotics of any kind. It is so mild you can safely give it to relieve a colicky baby. Yet, in larger doses, it is an effective regulator for older children. And another help for mothers—children like its taste!

When you find a cold, a little fever, or a digestive upset starting, call in Castoria's kindly help. Your doctor will commend you for wise, prompt action. Don't forget — the genuine Castoria always has the signature of Chas. H. Fletcher on the package. Be sure you get genuine Castoria.

Just for the lack of a clear skin ~ ~ ~

Why not try this reasonable, safe and effective way—

just as others are happily doing?

Say good-bye to a pimply skin

"I am simply overjoyed that my skin is clear again—now I can mingle with my friends and associates with confidence and enthusiasm. It's wonderful the difference it makes in the way you feel and look when your blood strength is right."

Medical authorities stress the importance of building up the system when in a weakened, "run-down" condition, or to combat pimples and boils.

If you require a tonic you should by all means try S.S.S.—this long established medicine acts by stimulating the secretions of the stomach . . . reviving the appetite . . . aiding digestion . . . regenerating hemoglobin . . restoring the red-blood-cells—and builds greater resistance against infection and disease.

Try it yourself. Get S.S.S. from any drug store. In two sizes, regular and double—the latter is more economical and is sufficient for a two weeks treatment. S.S.S. may be the means of bringing better health and happiness to you.

S.S.S. builds sturdy health

# Patricia Pitt's Sprightly Comment on Pittsburgh's Society Events

## In Mayfair —With— Patricia Pitt

Always one of the most popular events of the blithe month of May is the annual benefit of the Sewickley Child Health Association to be held this year on May 14 with a dinner dance in the Edgeworth Club taking the place of the usual circus.

There'll be a floor show to entertain the guests with Rebecca Doyle in charge. The dancers will be Rebecca and her two sisters Virginia and Nancy, Betty Childs, Mrs. John Edson III, Martha Yost, Mrs. Samuel Adams, Jr., and Sylvia Robertson.

The association supports a social service worker in the Sewickley Valley and throughout the winter has been serving hot lunches to school children.

Supports Worker

As in former years, there'll be a flower sale in connection with the affair with Miss Katherine Walker in charge. Aiding her will be Mary Elizabeth Floyd, Isabelle Adams, Mariaine Alexander and Mrs. Gilbert Rafferty.

## Tuesday Musical Members Treated To Burlesque Acts Following Their Annual Meeting

By MRS. CHARLES M. BREGG

The Tuesday Musical Club had its annual meeting yesterday. It elected its ticket as presented. It heard many excellent reports. It closed a successful year. Then it had luncheon. And a program. But what a program! Tuesday Musical members know how to laugh and they proved it yesterday. In fact they fairly shrieked. And so would you could you have seen Mrs. H. Talbot Peterson arrayed as a king in a terry cloth bath robe with a paper crown on her head, a dish mop for a scepter and a kitchen stool for a throne, which property she carried on and off the stage as she read lines from manuscript. Equally ludicrous was the Hoover apron-paper crown makeup of Mrs. Arthur B. Sivitter as the queen. H. M. Corbin's coat of mail (U. S.), and broomhandle sword and the "lovely" princess of Mrs. J. W. Riley.

Another ridiculously funny number on the program was the "Triumphal March" from "Aida" as played by a toy symphony orchestra—the string ensemble which is the baby of the club and which appeared decked out in bibs and bonnets and equipped with toy orchestra instruments. Ruth Thoburn Knox wore a nurse's cap and apron and used a rattle for a baton.

Mrs. W. B. Hartley and Mrs. H. D. Everett contributed a clever song and patter number, with Elsie Breese Mitchell doing accompaniments that were almost as good as the publicity duties she has discharged with such faithfulnes and zeal for two seasons. Even Elsie's musicianship, fine as it is, can't compare with her ability as a press chairman.

Song and Patter

The past presidents (including Miss Julia Morgan Harding, the founder and first head), done up in shawls of varying vintage, sang an original—very original song by Mrs. Gertrude Martin Rohrer, with gestures—one must not forget those gestures. The composers' contribution was a witty burlesque of one of their own meetings and the program closed with a "duet" by Mrs. Harvey Fouse, one-half of her clad as a man and the other half as a woman.

Mrs. Edward B. Lee presented the club with a framed photograph of her mother, the club's beloved honorary member, Mrs. Mrs. George H. Wilson, which is to hang in headquarters, and the Stephen Foster Memorial Fund was reported as having reached $300,000. Two hundred and seventy-five members were present.

## Pittsburgh Girl Becomes Bride Of Kansan

An interesting wedding of yesterday was that of Miss Julia Lustenberger, daughter of Mr. and Mrs. Lewis C. Lustenberger, of Babcock boulevard, and Edward C. Adams, son of Mr. and Mrs. Charles P. Adams, of Topeka, Kan., which took place at 5 o'clock in the afternoon in Calvary Episcopal Church with the Rev. Dr. Edwin J. Van Etten, rector, officiating.

The bride wore a smart traveling suit of hyacinth blue with a hat to match and had a shoulder corsage of gardenias. She had no attendants, and only members of the two families, including the parents of the bridegroom, attended the ceremony.

A small wedding dinner in the Duquesne Club followed. After motoring to White Sulphur Springs for their wedding trip, Mr. Adams and his bride will drive West. They will be home in Topeka after June 15.

The bride is a graduate of the Pennsylvania College for Women, and the bridegroom of the University of Kansas.

* * *

Miss Ruth Browneller, daughter of Mr. and Mrs. Caroll Browneller of Westmoreland avenue, Greensburg, will marry Frank A. Myers, of Cleveland, May 14. Mr. Meyers is the son of Mr. and Mrs. L. E. Myers of Cleveland.

To Wed May 14

The ceremony will take place at noon in the First Presbyterian Church with the Rev. Dr. H. W. Strock as officiant. A wedding breakfast in the Penn-Albert Hotel will follow.

Mrs. H. W. Williams will be matron of honor, and Mrs. James Hurney and Mrs. Eugene Myers, of Aurora, will be bridesmaids. Eugene Myers will be his brother's best man. Among the ushers will be Ivan Browneller, brother of the bride.

Mrs. Williams will give a luncheon Saturday in McCreery's honoring the bride-elect.

* * *

Mr. and Mrs. William S. Girdwood of Mt. Washington announce the engagement of their daughter, Miss Grace Girdwood, to Walter J. Lindemann of St. Louis, Mo. Miss Girdwood is a senior at Wheaton College, Wheaton, Ill., and her fiancé, a recent graduate of Wheaton, is now attending the Westminster Theological seminary at Philadelphia.

## LINEN FAVORED FOR WARM WEATHER WEAR

Sketched in Paris

Paris Bureau, Pittsburgh Sun-Telegraph.

PARIS, May 4.—Again this summer we are leaning to linen as the ideal fabric for warm weather clothes. Not only is it popular for day-time wear, but many houses are showing it made up into delightful evening frocks that are having a success with buyers. White linen is really lovely and is being much used combined with touches of blue linen. When used for ensembles and suits the tailored line is always stressed, for any other treatment would be inharmonious with this fabric. The crisp neat look of the fabric must be maintained if the costume is to be a success. White and blue continues to be a great favorite here, being shown for all types of summer things. When trimming is used, the same care must be exercised so that the simplicity of the linen frock may be kept intact. You will find lots of linen at the smart resorts this summertime made up into suits and neat ensembles.

* * *

TODAY'S PAGE is graced by a sketch depicting a very new ensemble from Jane Regny, sketched at the preview of her newest collection. The frock is very important since it features the new removable sleeve. The frock and suit are of white linen, while the removable dress sleeves are of blue linen. The vertical cording at the center front of the skirt is also of navy blue. The buttons are of blue linen bordered with nickel rims and the belt buckle is nickled. The sleeves may be unbuttoned to convert the model into a sleeveless tennis or beach frock. The snug little jacket is cut with a youthfully high waistline with a slight flare on top of the hips. The wide lapels are cut in one piece with the set-in band encircling the waistline. The coat is fastened by a buttoned tab crossing the wide-open front.

## CANADA DRY ANNOUNCES

# A NEW POLICY

**Now you can bring back your Canada Dry bottles. Now, when you buy The Champagne of Ginger Ales you pay only for the contents. The small deposit per bottle, which you pay your dealer, is refunded when the bottles are returned. This new policy enables you to enjoy Canada Dry at the lowest prices in its history!**

This new policy was recently inaugurated in New York with great success. Now, as rapidly as circumstances allow, the bottle-return feature is being extended to other cities—so that every one can buy The Champagne of Ginger Ales at the same price as is usually paid for ordinary ginger ales. And enjoy all the extra sparkle and matchless flavor of Canada Dry at no extra cost!

It means, too, that once again you have the advantage of *new low prices* for Canada Dry. For, by bringing back one bottle with the purchase of a new one, you pay for the contents only!

## Cooper and Paramount Are Friends Again

Gary Cooper walked into the office of S. P. Schulberg with the sangfroid of a man who recently has shot two lions and side-stepped a charging rhinoceros.

When he came out a half-hour later, there was a grin on his face and he went on a hand-shaking tour of the offices.

And so dissipate the last remaining doubts of his reconciliation with Paramount.

Gary says the studio has promised to use more care in choosing his stories and has given him to understand that he won't have to make so many pictures in the future. That last year before his illness and undoubtedly it was a contributing cause, Gary made eight and one-half films. It is understood, he'll not get more than four.

## Hey, Rudy!

Jack Oakie does a Rudy Vallee and leads an orchestra in "Dancers in the Dark," picture coming later to the Davis.

## Bills Change Today and Thursday

The Fulton, which ordinarily has a new program Thursday, is offering its weekly change of bill today, the chief offering being a screen version of the stage comedy, "The Broken Wing." It features Lupe Velez, who joined Ziegfeld's "Hot Cha" in Pittsburgh. Leo Carillo and Melvyn Douglas are in the cast.

The midweek change in the Enright, effective today, is "Man Wanted," a story of a big business woman and her secretary, featuring Kay Francis and David Manners.

The regular Wednesday change in the Sheridan Square has brought "Are You Listening?" as its screen feature. William Haines is starred.

Loew's Penn, for the first time in its history, opening Friday, will present a complete musical comedy on its stage, George Gershwin's "Girl Crazy." The cast numbers close to 80, and is headed by Francis Upton and Bert Gordon. The screen feature will be Jackie Cooper and Chic Sale in "When a Feller Needs a Friend."

Edna Ferber's "So Big" with Barbara Stanwyck, little Dickie Moore and many others, comes to the Stanley screen Friday. On stage will be "Stage Door," a trip back stage with the chorines and johnnies.

Red lights supplied inspirational atmosphere for Garbo during rehearsals of romantic scenes with John Barrymore for "Grand Hotel," now current in the Aldine. With the exception of the diffused lights, the stage was in darkness during rehearsals.

"Mouthpiece" in the jargon of the shadow world is a lawyer who tricks juries into acquittals. "The Mouthpiece," photoplay with Warren William and Sidney Fox, opens in the Warner Friday.

Miriam Hopkins, Jack Oakie and William Collier, Jr., have the leads in "Dancers in the Dark," coming Friday to the Davis. Pittsburgh is one of the locales of the film.

"The Expert," featuring Chic Sale and Dickie Moore, will be the principal screen attraction in the Harris program that will open Saturday.

BITS OF LIFE

## All in a Day

**By Mark Hellinger**

*The Tenant*

SOME 20 YEARS ago a very wealthy New Yorker purchased a huge piece of property in the upper part of New York state. A crew of men was immediately hired, and the owner built himself one of the finest homes in all the land. Among the workers was a tall colored man to whom the millionaire took a liking.

The colored man's name was George Washington Williams, and the owner made it a habit to speak to him whenever he visited the construction job. The man wasn't particularly funny in his conversations, but he did have a glum pan that seemed to amuse the millionaire. So the latter gentleman used him for minor errands until the job was finished.

As most of the workers were taking their departure, George stepped up to the millionaire.

"Boss," he said, "yo' suah has been very kind to me, an' Ah wants yo' to know dat Ah preciates it highly. An enjoys bein' 'round such a man as yo' an' Ah'm mightly sorry Ah has to go away."

The big man smiled.

"George," he replied, "I've grown to like you, too. And, now that I come to think of it, I don't see any reason why you should have to leave here. Maybe I can find something for you to do."

He paused for a second. Then he nodded.

"Here's an idea," he went on. "You know the little shack that some of the workmen have been living in? Well, suppose we leave it standing for awhile and you use it as your home. We'll see that you get plenty to eat."

"Meanwhile, until I think of something that you can do around here, you just rest up and enjoy yourself. We'll just say that you're on a vacation. How does the idea strike you?"

George's map was a thing of beauty.

"Boss," he chirped, "if anybody thinks dey're gonna beat dat idea, dey're crazy. Dat's the best idea in the world!"

So George Washington Williams established himself in that rude shack—and there he remained. The weeks turned into months and the months into years. He did no work of any kind. The millionaire's family grew accustomed to the man and nobody ever annoyed him. He had his food daily, and the wealthy man saw to it that he always had sufficient money to meet his simple needs.

It was an unusual case, of course, but it happens to be the absolute truth. There was no reason why the owner should have supported this man. He merely happened to like him. And when you have the money to back such fkings, I guess that's reason enough.

About two weeks ago, the millionaire was walking around his estate with one of New York's best known attorneys. They were talking of this and that, and the lawyer was enthusing over the grand piece of property. As they came to a bend in the road, the attorney pointed to a small shack several hundred yards away.

"What's that?" he asked.

The millionaire laughed.

"There's a story behind that delapidated shack," he said. "It is occupied by none other than Mr. George Washington Williams, a colored gentleman whom I met many years ago. He was here when I built my property and I permitted him to live on here until I found him a job.

"That was some 20 years ago—and he still hasn't any job. But he seems to think that that shack is his property and, since he's a harmless character, I wouldn't dream of letting him go. I sometimes wish he'd fix up that shack a little bit, but he insists that everything be left exactly as it is. I think maybe he's a trifle lazy."

The attorney shook his head.

"You may think, Harry," he said, "that this is a joke. Knowing your easy-going nature, I suppose that's just the way you feel. But let me tell you something, my friend. That colored man is liable to make trouble for you some day.

"Whether you know it or not, he's liable to claim squatter's rights to plenty of your acres. I don't say, of course, that he would win his case. But when so much time has gone by, he could cause you plenty of legal annoyance.

If you want my advice, you'll stop being so foolish. I don't ask you to put him off the property, but I do advise you to make him a tenant immediately. Charge him as little as you wish, but protect yourself. And in this instance the only way you can do it is to become a landlord."

The millionaire shrugged his shoulders.

"It seems so silly, Charlie," he observed. "George would no more think of that than you would of climbing a tree. Not after I've supported him all these years."

"You never know," insisted the lawyer. "Suppose some stranger puts the notion into his head. Then what? No, sir. You're making a serious mistake. And my advice is to rectify it immediately."

The millionaire sighed.

"All right," he murmured. "We'll walk over to see George right now and fix it up. But, I tell you, it's all to silly for words."

Several minutes later found both men entering the colored man's shack. The latter gentleman was stretched out on a sofa and seemed to be at complete peace with the world. His vacation of 20 years had done him no end of good.

"George, my boy," said the owner jovially, "I have news for you. There is going to be a slight change around here. Due to the depression and such, you are now going to pay rent for your shack."

George blinked.

"Rent?" he repeated.

"Exactly," returned the millionaire. "From this minute on, I am your landlord and you are my tenant. And do you know how much rent you are going to pay? One dollar a year! Think of that, eGorge. That's to be your rent. One dollar a year!"

The colored man didn't seem any too happy about the news. His long face grew longer.

"Boss," he stated, "Ah don't quite understand, but Ah suppose yo' knows whut you're doin'. If yo' feels dat yo' wants me to pay dat money Ah'm suttinly goin' to do like yo' asks."

His benefactor slapped him on the back.

"Okay, George," he cried. "I'll have you over to the house tomorrow and we'll fix up the lease. How are things going aside from that?"

George seemed to be lost in thought. He nodded vacantly.

"All right, boss," he muttered. "All right."

The two men turned to leave. As they walked through the door the colored man stopped the owner.

"Boss," he said. "Ah've jus' been thinkin' of somethin'. Dere's somethin' Ah must tell yo'."

The other man was most agreeable.

"Certainly, George," he replied. "What is it?"

George waved a hand.

**"As long as Ah am now yo' tenant," he cried, "Ah wants yo' to know dat my roof is leakin' an' dat my walls could stand a nice coat of paint!"...**

## New Picture Announced For Ronald Colman

Ronald Colman's next picture will be a screen play by Sidney Howard, based on Feodor Dostoievsky's novel, "The Brothers Karamazov."

The success of Howard's adaptation of Sinclair Lewis' novel, "Arrowsmith," is largely responsible for Samuel Goldwyn's decision to have Colman follow the American doctor role with that of Dmitri, the eldest of the Russian brothers Karamazov, in a treatment of the story on which Howard has been working for two years.

The novel itself will be Howard's basis in preparing the screen play, without any recourse to the earlier stage and screen versions of the Russian tale.

## The Winner!

**Looks like Herr Lionel Barrymore has a streak of luck in this episode from "Grand Hotel," current in the Aldine.**

## Plays and Players

By WILLIAM J. LEWIS

In the Nixon tonight there will be presented a comedy drama, "Such Is Life," a hit of the current season on the Yiddish stage of New York. It comes from the Folk Theater of Misha and Lucy Graham and will feature these two Jewish stars as well as Menashe Skulnik, who has achieved a reputation as a foremost comedian.

* * *

When "Hay Fever" comes to the Alvin next week subscribers to the Professional Players series of attractions, of which it will be the sixth and last of the season, will be seeing a play that was one of the successes of the dramatic year in New York. Prior to opening there it extended a tryout engagement in Philadelphia from two weeks to four. Following its New York run, it was doing added time in Boston when the sudden illness of the star, Constance Collier, caused its temporary closing. It is playing in Washington this week with Miss Collier back in the cast.

* * *

James J. Walker, New York's debonair mayor, is a member of the Friars and he is writing personal letters to the chief executives of various cities, in which the annual Friars' Frolic will appear this spring, indorsing the big show. It will come to Pittsburgh Saturday, May 21, for two performance, matinee and night, in the Alvin.

* * *

The next touring attraction in the Nixon, the Gilbert and Sullivan festival, to be given the week of May 16 by the Civic Light Opera Company, even though a week and a half distant already is attracting the attention of music lovers. Among them are 40 students of Tech who have engaged blocks of seats for each of the three bills to be presented. They are "Trial By Jury" and "Pinafore" as a double attraction, "The Mikado" and "The Pirates of Penzance," the latter listed for the final night of the engagement.

* * *

Edna Hibbard and Harry Rosenthal, remembered as the pianist in the Lardner-Kaufman comedy, "June Moon," are in the cast of "Coast-to-Coast," which is to have a tryout in Newark next week, prior to opening in New York a week later.

## Pittsburgh Singers for Stanley Bill

"The So-and-So's Trio," winner in the Paul Whiteman "Youth of America" contest, will open a week's engagement in the Stanley Friday. The girls are Virginia Miller, Gene Llewellyn and Alice McCorkle, all students in the Pennsylvania College for Women. The National Broadcasting Company has an option on all winners in the contests in every city Whiteman visits, and there is a possibility that the Pittsburgh girls will be given a contract to appear on a chain broadcast. The name of the stage show in which they will be featured is "Stage Door."

## Willows Will Reopen With Lloyd Huntley

Saturday night, May 7, The Willows will begin its new season with Lloyd Huntley and his Isle of Blues Orchestra. Thereafter it will be open every evening.

The establishment has been redecorated and renovated and Manager Anthony Conforti has contracted for the appearance of the orchestras of Ben Bernie, Guy Lombardo, Ted Weems, Henry Busse, Bernie Cummins, Hal Kemp, Kay Keyser and Sleepy Hall.

The plan instituted last year of selling a season ticket that entitles the owner to enjoy the facilities of the resort at any time without cover charge, is announced again for this year.

HERE'S THAT ENGLISH METHOD OF QUICK FAT REDUCTION

*So Many Overweight People Are Asking About*

A Discovery Recently Brought Here from England That Enables the Average Fat Person to Lose 6 or More Pounds Weekly Without Starvation or One Extra Step of Exercise

It seems that the British have found a way to rip off excess fat that's the dream of every too-fat person. That is, to rip it off without starving, without tiring exercise.

Under an extraordinarily simple and pleasant regimen discovered there, the average fat person loses as much as six to ten pounds weekly, yet suffers no pangs of hunger, no aching muscles, no weakness or depression. Returning travelers from Europe talked so much about it, that it has now been brought to this country. Anyone can follow it; so if you want to get thin, here's your chance.

*Eat, Sleep, Drink and Grow Thin Doing Only This*

All the method involves is a glass of water before breakfast—to clear the intestines and tone the system—and a few minor changes in your diet.

Here is what you do: Tear this article out and save it, so you won't forget.

*Before Breakfast.* Drink an ordinary tumbler full of cool water to which you've added a teaspoon of *effervescent salt.* (Get the brand named "Andrews" at any drug store.) This to eliminate the usual curse of fat people: accumulated poisons and bloat. Also to cut the moisture weight of your body—sometimes as much as three pounds in one day.

*At Meals:* Cut out ONLY *fat meats.* Eat your usual quantity of lean meats and ADD a *double supply of green vegetables*—spinach, cabbage, fresh peas, lettuce, etc. Then for dessert, shift from pastry and pies to FRESH FRUIT. *The more you eat of these the better.* They're super-nourishing *vitamin* foods.

Drink, too, if you like them, sauerkraut juice, tomato juice or orange juice "cocktails" before lunch and supper. Eat fresh fruit, too, before bed if you like to eat before retiring.

That's all you do. No wonder England and all of Europe is cheering this discovery. You lose weight day by day, week by week . . . usually from six or seven pounds weekly to even as much as ten pounds, and feel amazingly more alert and active while you are. Doctors of world knowledge widely endorse this way. The *salt* tones and clears the system. The vitamin foods take the place of those that build weight and fat, and thus fat goes like magic.

Embark on the Great Adventure of getting thin today. Ask your doctor about this if you wish to be doubly sure this is the simplest, safest way to lose embarrassing bulk. You can get Andrews *Effervescent Salt* at any drug store for a few cents.

# First 'Believe It or Not' Contest Winners Will Be Named Tomorrow

## Airplane, Auto, Tours To Havana, Canada Among Prizes

"It's the most amazing contest ever offered!" That's the consensus of everyone who has learned the details of the Sun-Telegraph National Ripley "Believe It or Not" Contest, which opens today.

One feature that astounds everyone is that the winner has first choice of a Curtiss-Wright airplane, a Rockne six de luxe sedan, a free trip for two to Havana, or a free trip for two through the Province of Quebec, an RCA-Victor radio-phonograph, a Jenkins radiovisor television set, a set of Encyclopaedia Britannica, a Gruen watch or a set of Rogers' silver!

Second prize winner gets his choice of the remaining eight and so on, until all the prizes are disposed of!

**WORK ELIMINATED**

Another thing that astonishes contestants is that it requires no work, no solving of puzzles, writing of essays or ads or identification of pictures. Just submit your "Believe It or Not" with proof of its truth. You don't even have to draw it! All that's needed is a little extra mental alertness to find the B.I.O.N.

Only those contestants who win the daily prizes awarded by the Sun-Telegraph are eligible for the national prizes. Beginning tomorrow a list of daily prize winners will be announced. The daily prize winners will be eligible for the grand prizes.

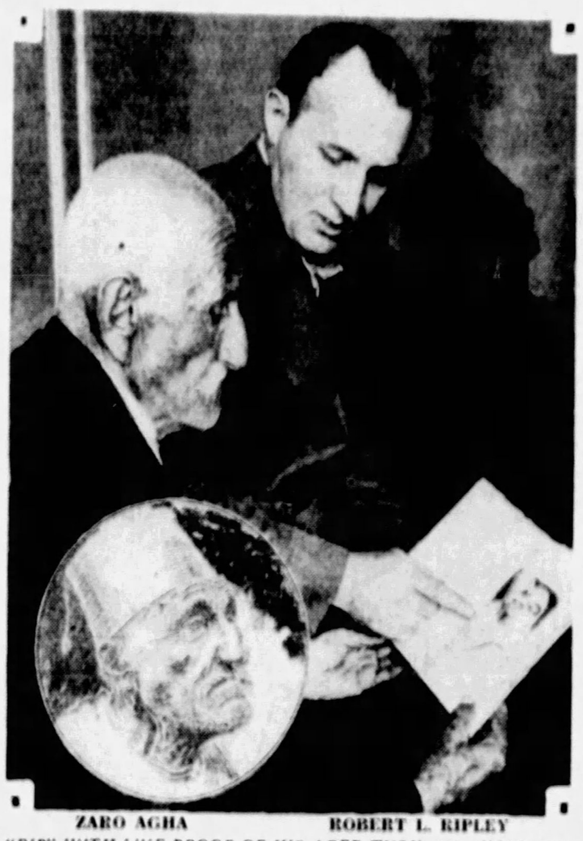
Everyone has a good "Believe It or Not." The best of them are from yesterday's newspapers, facts that everyone knows but put in a different light. One man recently wrote to Ripley: "The Graf Zeppelin is the only dirigible ever to execute an outside loop." It seemed unbelievable that the great dirigible had ever executd this feat. But it was true. The Zep had made one, a big one. It sailed around the world.

**B.I.O.N.'s EVERYWHERE**

Things like that make the best amazing facts. Things that are familiar at home may astound the world.

Everyone knows at least one "Believe It or Not." Your work, your home, your school, your hobby, your interest in sports—somewhere in your experience is an incredible fact that would make a good Ripley drawing, that is eligible for one of these prizes.

Mail your "Believe It or Not" today. Write legibly on one side of the paper only and submit explanation or proof to make it believable. Address it to the "Believe It or Not" Editor of the Pittsburgh Sun-Telegraph, Pittsburgh, Pa.



ZARO AGHA ROBERT L. RIPLEY

*"RIP" WITH LIVE PROOF OF HIS AGED TURK, 153 (NOW 158)*

### Contest Rules

1. You may submit as many "Believe It or Nots" as you wish.

## No Puzzles to Solve Or Pictures to Draw

You do not have to submit any drawings or sketches. Write legibly on one side of the paper. Have your name and address on each sheet of paper if you send in more than one. Each entry must contain the explanation or proof of its truth. The Sun-Telegraph will not be responsible for the return of entries.

2. Contributions will be judged daily for the local prizes. No contribution will be considered which is mailed after midnight, May 16.

3. The contestant agrees to accept the judgment of the Sun-Telegraph in the awarding of the daily prizes. Only contributions winning daily prizes will be forwarded to Mr. Ripley to compete for the grand prizes. The contestant agrees to accept Mr. Ripley's judgment on the grand prize winners as final. Nine grand prize winners will be named in the order of the merit of his or her contribution. The first prize winner will have first choice of the nine grand prizes; the second prize winner will have his choice of the remaining eight prizes, and so on, until the grand prizes are all taken.

4. In case of ties the same prizes will be awarded to all tying contestants.

5. You do not have to buy the Sun-Telegraph to compete in this contest. Files of the Sun-Telegraph may be found at the public library or at the office of the Sun-Telegraph, where the drawings of Mr. Ripley and the instructions of the contest may be consulted.

**NOW STOP ALL PAIN INSTANTLY**

**Just one drop does it—then corn soon lifts off**

An amazing liquid has been discovered that actually ends all worry over corns. One tiny drop stops pain instantly... and a few more drops make the corn so loose you can lift it off with your fingers. It's FREEZONE—the safe, quick way to get rid of hard and soft corns and calluses. Get a bottle from your druggist and try it.

**FREEZONE**

**SUE: How in the world do you expect sheer stockings like that to wear?**

**BARBARA: They do wear, dear. There's a way of washing that preserves the ELASTICITY and makes stockings really last. *Don't wash out elasticity if you want stockings to wear.***

AS long as your stockings keep their elasticity, the fine threads—like tiny elastics—*give* under strain but do not break. But once you've spoiled this elastic quality—by wrong washing—look out for runs. Stockings lose their shape then, too, and get wrinkly and baggy.

LUX saves stocking elasticity! Wash your stockings in Lux after every wearing and keep them like new. Lux protects the color, too. It's a real economy. Anything safe in water is safe in Lux.

## PRESSURE LETS UP SOME IN STOCKS

### Selling Concentrated in Few Issues—Losses Of 2 to 3 Points Shown

NEW YORK, May 4.—(AP.)—A moderate quickening of selling early in today's session of the stock market was followed by some abatement of pressure after midday.

On the whole, however, the financial markets still reflected uncertainty and discouragement. A further slight gain in steel production failed to impart appreciable encouragement. Weakness of United States government bonds, and some further selling of the American dollar abroad again reflected uneasiness over the federal government's difficulties in balancing its budget.

Selling of stock was somewhat more general than in the previous session, but was again largely concentrated in a few issues and appeared to reflect further special liquidation. Issues losing 2 to 3 points at the worst included American Telephone, Allied Chemical, Coca Cola, Hershey, American Tobacco B, Norfolk and Western, W. T. Grant, Jewel Tea and a number of preferred issues, but after midday there were numerous recoveries of from fractions to a point. United States Steel sold off 1⅞ to 26⅛, then recovered a minor fraction. Oils still held up well, as did a number of other miscellaneous issues including General Motors, North American, Lehman Corporation and International Shoe, which has seemed to be pegged around 37 for some time.

Oils were helped by the weekly petroleum statistics, showing a drop of 90,400 barrels in daily average crude production and a reduction of 882,000 barrels in gasoline stocks on hand, as well as hopes of important results from the international conferences looking to an end of cut-throat price cutting in foreign markets, and rumors of progress in the Standard of New Jersey-Pan-American deal. Some quarters regarded the defeat of the Sharkey control bill in California as an adverse development, however.

Iron Age placed steel ingot production at 24 per cent of capacity, up a full point from a week ago, but said the situation was highly irregular, and that automobile buying was not being felt particularly save at Detroit. It also hinted that expected wage reductions in the steel mills may bring further agitation for price concessions. The weekly electric power consumption report showed the expected seasonal shrinkage from the previous week, but made a somewhat better comparison with the like week of last year, showing a drop of 11.5 per cent, as reduced from 12.3 per cent last week.

## WHEAT MARKET SHOWS GAINS

CHICAGO, May 4.—Upturns in Chicago grain prices early today resulted from relative strength shown by the Liverpool wheat market. Absence of selling pressure here was conspicuous. Opening unchanged to ⅜ higher, Chicago wheat futures soon rose all around. Corn started at a shade decline to ¼ advance and later held near the initial figures.

Corn and oats followed wheat price upturns despite an authoritative estimate that stocks of corn on farms totaled 740,000,000 bushels, compared with 446,000,000 a year ago and with a five-year average of 595,000,000. In the southern states, farm stocks of corn were estimated at 213,000,000 bushels, against 74,000,000 a year ago and 128,000,000 as the five-year average. Weakness of securities acted at times as a drag on grain price advances.

## GHOSTS STALK ON ECONOMIC HORIZON

### Some of Current Fears Grow Out of Market Machinery; Credit Plan Counter Move

By MERRYLE S. RUKEYSER
Universal Service.

NEW YORK, May 4.—Financial ghosts have been walking across the economic horizon and have been further upsetting confidence.

Unquestionably, some of the current fears grow out of the machinery of the marketplace itself. Market momentum continues long after fundamentals have changed.

The principal disturbing element in the situation has been the persistent failure of business indicators to rise substantially from the low levels of the depression attained thus far in 1932.

Mr. Rukeyser

The most aggressive counter move consists of the credit policy. The Federal Reserve through its open market operations has been vigorously seeking to pump new funds into the market and has thus been seeking to relieve business of the destructive effect of a credit panic. On the other hand, the good borrowers seem reluctant to make liberal use of bank loans until they can see prospects of utilizing them profitably.

**WORK PROGRAM**

The new credit policy furnishes a better setting for launching a program of production, but until the deadlock in business is broken, the direction in which the new credit will flow is problematical. It would seem the part of wisdom for the federal government to show the way through an accelerated program of national, state and local public works, which would tend to put the law of supply and demand on the side of economic recovery.

Until the road to recovery is more clearly marked, super timidity seems destined to block progress. Many are afraid of their own shadows. The timid are waiting for some vague catastrophe to develop, but meantime shortages are accumulating and the basis is being laid for business acceleration as soon as management in the large is ready to launch a co-ordinated offensive against the continuing depression.

Prominent in the warp and woof of the prevailing conversation among pessimists are statistics of poor business, blueness over reparations, war debts and disarmament, fears of bankruptcy of private institutions, the bonus threat, the talk of inflation and the hazard of an unbalanced budget and of an unscientific tax bill.

**UNFAVORABLE FACTORS**

Lest the observer be misled by prevailing emotionalism, it is well to remember that in any phase of the business cycle there are unfavorable factors in sight. It is a symptom of the prevailing neurotic state of businessmen that there is a disposition to throw all good news in the waste basket and to focus attention on the possibility of bad news.

The main objective of the constructive forces should be to restore consumer buying power through re-employment of the idle in public works or in other construction activities, such as slum removal, financed with the aid of public credit, and to restore the buying power of farm communities through raising agricultural prices. It would, of course, also be desirable to frame a tax bill, which would produce needed revenue with a minimum of burden on productive business. This could be accomplished through adoption of a widely diffused manufacturers' sales tax and through an excise tax on light wines and beer, which should be legalized.

### *Radio's Preferred Dividend Covered*

NEW YORK, May 4.—(AP.)—Radio Corporation of America more than covered the quarterly dividend requirements of 87½ cents on its class "A" preferred stock in the first three months of this year, President David Sarnoff announced at the stockholders' annual meeting.

Net profit, after all charges, was $503,273, equivalent, after the "A" dividend, to 20 cents a share on the "B" preferred, on which dividends have been discontinued. In the first quarter of 1931 the corporation had net of $1,566,519, equal to two cents a share on the common, after preferred disbursements.

### PIRATES SURPASS FLAG CONTENDERS

DISAPPOINTING AS THE showing of the Pirates has been, at least three clubs picked to surpass them by a wide margin have done considerably worse than the locals. The Rovers have won more games than the Giants, the Dodgers or the A's, and have not been far outstripped by the Cardinals. There may not be a great deal of consolation in that, but the point is that in the skidding of those other clubs is conceded to be only temporary there must be a chance that the Bucs, too, will improve as time goes by.

John McGraw

Imagine John McGraw's state of mind these days, particularly after that ninth inning yesterday, when the Dodgers pulled a game out of the fire by piling up eight runs. Picked as possible pennant winners, the Giants are in last place, and would be still sinking if they had more room. Only the Red Sox in the two big loops have won fewer victories. In 15 games up to today the McGrawites made 41 errors. Once they made eight, twice they made five, and in only two games did they play errorless ball. But it's an abnormal state that won't last. Every fan believes the Giants will be up there later. It would be equally unfair to quit on the Pirates.

---

A LONG ABSENCE from Forbes Field served only to increase the admiration of one member of the Cub party for the Pirate ballyard. He is John (Red) Corriden, a Bruin coach this year. The series this week marked his first visit to the Oakland orchard since he was an infielder for the Cubs back in 1914.

**"A wonderful ball park," Corriden remarked. "I hadn't seen it for 18 years, but I had never forgotten its beauty. The only change I note is that grandstand extension in right field. It was a treat to see the field with its great layout and beautiful surroundings. There is none like it in the world."**

---

NATURALLY ROGERS HORNSBY has made no attempt here to get what he wants, inasmuch as the Pirates are looking for the very same thing, but the Cub chief admits that he is after an outfielder with a punch. There has been some trade talk between the Chicago and St. Louis clubs, but nothing came of it.

The Cards are said to be willing to part with Ernest Orsatti or Harvey Hendrick, but demand a pitcher in exchange. Hornsby will not weaken his mound staff to get Orsatti, and has shown no sign of being interested in Hendrick. It's pretty rich to find the Cards seeking another pitcher after letting a pretty fair one named Grimes get away as being needed no longer.

---

*ADD ONE MORE to the list of fathers who formerly shone as pitchers in the major leagues and who have groomed their sons to follow in their footsteps, a list that already includes Otis Crandall, Ed Walsh, Leon Ames, Glenn Liebhardt, Slim Caldwell, Elmer Jacobs and others. The latest is Jimmy Ring. Jimmy, Jr., is only 16, but he is making a big name for himself pitching for a high school team near Detroit and hopes one day to shine in the professional ranks. The youngster, like Jimmy, Sr., is right-handed, and wears the same glove his father used in his big league days.*

Jimmy Ring, Sr.

THE SENIOR RING, now 37 and employed in the county clerk's office in Queens County, Mich., makes no predictions of greatness for his boy. His only comment on his ability or possibilities is "he's a willing youngster and likes to play ball."

**Old Jimmy ranked right up with the best pitchers of his time, working for the Reds, Phillies and Giants up to 1926. He helped the Reds win their only National League pennant in 1919 and in the world series against the Black Sox pitched a three-hit shoutout and lost another game in 10 innings. For five years Ring's talents were wasted with the lowly Phils, who were always near the bottom. He says he got a stiff neck from looking up at the other clubs.**

THE UNIVERSITY OF PITTSBURGH'S Silver Anniversary Interscholastic Track and Field Meet, carded for Saturday, has drawn more entries than any previous carnival. Approximately 70 schools have sent through notices that they will be represented by track teams, and a score more will send their football coaches and squads to Jock Sutherland's clinic the morning of the same day.

This meet, the oldest of the kind in this part of the country, offers high school sprinters an opportunity of running on a track on which three Olympic records and a world mark have been equaled. And the field men will be performing on the same ground where the present world record of 169 feet 8⅛ inches in the discus throw was made by Paul Jessup, of the University of Washington, at the National A. A. U. meet, August 23, 1930. Jack Keller and Don Bennett, of Ohio State, did the equaling of Olympic and world records in the Pitt-Ohio State dual meet recently.

---

*NEW CASTLE AND Harding High Schools, the latter of Warren, O., tied for first place last year, each scoring only 12½ points. Fifteen points, it is expected, will win the meet again this year. The same schools that were close behind the winners in 1931 are again entered, with the exception of Elwood City. Akron Central, the team that finished second with with 12 points, is back, along with two more Ohio teams, both newcomers and both possible winners. These are East Palestine and Boardman.*

---

THOUGH THE SPORT is seven months away, rumors of hockey deals are flying thick and fast. The New York Rangers are said to be after Bill Beveridge, Providence goalie, to take the place of John Ross Roach, and Les Canadiens may acquire Bobby Taylor, of Brookline and Providence, rated the best defensive man in his league last season.

**A shake-up in the Canadian-American League also is reported to be among the possibilities. The league may be in a bad way, it is said, unless steps are taken to remedy certain situations. The Bronx Tigers have no rink, and New Haven is to lose the help of the New York Americans.**

---

YOU MAY NOT have figured Japan as a formidable contender for swimming honors in the Olympic Games, but according to Buster Crabbe, Los Angeles star, that country will be the leading threat against American success.

Ace Hudkins

Crabbe says the Japs started right. They didn't know anything about swimming in the first place, so they attacked it from an engineering standpoint. They now plan to fuse their style with the American stroke, evolving something entirely new.

*FOR THE FIRST time on record, Ace Hudkins, one-time Wildcat now adjudged to be about done, has sidestepped a return match with a fighter who defeated him. Coast promoters tried to rematch Hudkins with Lee Ramage for May 10, but Ace declined, saying he had planned an immediate trip to Hot Springs, Ark. California fans point to the action of Hudkins as additional evidence that Ramage has improved so much the leading heavyweights do not want any of his game. They also call attention to the challenge issued recently on behalf of Ernie Schaaf. The Schaaf management expressed a desire to arrange a bout with Mickey Walker, Mike Hamas, Primo Carnera, Charley Retzloff or King Levinsky, and an offer of $1,000 to charity was made for the consummation of one of those matches. The Coast bugs are wondering if the Schaaf people ever heard of Ramage.*

## LOCAL CARNIVAL HAS FIELD OF 68 TEAMS

By JESS CARVER.

Records in the javelin shot and pole vault are expected to be washed from the board and new ones inscribed thereon by high school stars in the twenty-fifth annual University of Pittsburgh Interscholastic track and field championships in the Pitt Stadium here Saturday. The meet will inaugurate big time competion in these parts for schoolboy track squads.

With the addition of Sharon, Linsley Institute, of Wheeling, and South High, of Akron, to the entry list, a total of 68 teams are set for competition.

**MURPHY AFTER RECORD**

In the javelin throw, Murphy, of Butler, who set a meet record last year with a heave of 171 feet, will be a very much disappointed young man if he doesn't better this mark Saturday. Rand Hanson, of Boardman, O., a sturdy young man with shotput aspirations, is being touted to erase the mark of 46 feet 3½ inches set a year ago by Curt Young, of Beaver Falls, and in the pole vault, the record set back in 1929 by Bobby Pusch, of Beaver, of 11 feet 9 inches will be seriously assaulted by Recknor, Youngstown South's crack performer.

The addition of Sharon High to the entry list adds another strong contender for the dash honors in Dan Croft. Croft has been seeded in the century field, along with Hines, of Warren; Jakes, of Midland, and Redd, of Uniontown.

Following are last year's victors and their times and measurements, few of which are expected to withstand the onslaught of the ambitious youngsters this week:

100-yard dash—Fryer, Ford City, :10 1-5.
220-yard dash—Hines, Warren, O., :22 4-5.
440-yard dash—Fleming, Westinghouse, :51 3-5.
880-yard run—MacMurdo, Ellwood City, 2:01 2-5.
Mile run—Colaneri, Ashtabula, O., 4:38 3-10.
120-yard high hurdles—Dunn, Ellwood City, :16 3-5.
220-yard low hurdles—Norman, Peabody, :25.
High jump—Brown, Akron, Central, 5 feet 11 inches.
Pole vault—McClelland, Akron Central, 11 feet 6 inches.
Broad jump—Johnson, Derry, 21 feet 3½ inches.
Discus—Johnston, Warren, O., 118 feet 2½ inches.
Shot—Young, Beaver Falls, 46 feet 3½ inches.
Javelin—Murphy, Butler, 171 feet.
Mile relay—Uniontown, 3:31 3-10.
880-relay—Uniontown, 1:33 2-5.

### The Tipoff

Duquesne University's varsity tennis team will make another attempt today to break into the victory column, after four unsuccessful starts, by engaging Carnegie's Tartan racquetsters in a return match on the Tartan courts. The Skibos blanked the Dukes in the first meeting last week.

---

While the Pirate and Red and Blue are matching tennis strokes here, Washington's varsity track and field squad engages in its second dual meet of the week, invading Waynesburg for a clash with the Yellow Jackets. The Presses on Monday defeated Bethany.

---

The scheduled golf match with George Washington University, listed for a local club Saturday, has been indefinitely postponed, which means that it probably will not be staged. A large crowd will NOT be disappointed.

---

St. Vincent's varsity baseball team has a date with the Irwin Athletics, of Independents, for today. The Saints will entertain the North Side Circus in Latrobe Saturday.

---

Bill Keen, Ray Montgomery and Josh Williams, former Pitt football greats, and Paul Cuba, Ted Dalli, Chronis Onder and Capt. Paul Reider, of this year's Panther varsity, along with Al Grosvenor, Carnegie Tech halfbacker, attended yesterday's Pirate-Cub game. There was one paid admission in the crowd. The boys are demanding a recount.

### *Central Loop Set For Opening Today*

DAYTON, O., May 4.—(AP.)—The Central Baseball League season will get under way today.

Erie plays a Dayton, Youngstown at Akron and South Bend at Fort Wayne.

**EXPLANATIONS OF RIPLEY'S CARTOONS OF YESTERDAY: THE BELT OF DEATH—In 1909, the non-magnetic ship "Carnegie," built entirely without iron to make it impervious to magnetic interference, discovered that there is an area in the South Pacific Ocean completely devoid of oxygen. This area, about 100 miles wide, called the Belt of Death, was located at a depth of 300 feet, extending downward at least 1,000 feet. No living organism depending on oxygen for life can exist in the Belt of Death. It bars the creatures of the deep sea as effectively as if it were constructed out of some impenetrable and indestructible metal. THE PHILIPPINE SLAPPING SPORT—Two lithe and muscular Igorots step forward. One of them squats on a wooden bench and grasps his right thigh so as to tighten the muscles. The aggressor steps back, rises on his toes and delivers a powerful stroke upon the rigid thigh of the slappee with the flat of his hand. If blood shows beneath the skin of him who got slapped the blow is considered to have carried the proper amount of dynamite and the aggressor is declared to have won the game, without fear of reprisals. Otherwise he must take his turn on the bench and be slapped by his victim to the "first blood."**

## P. C. C. WOMEN PLAY TODAY

An 18-hole medal play tourney will open officially the golf season for women at the Pittsburgh Country Club today. The match originally was listed for competition last week, but was postponed on account of inclement weather.

The pro-amateur tourney at Highland next week will be confined to one round of 18 holes, booked for the afternoon. A proposed 18-hole round in the morning has been called off.

Yesterday, in the Interscholastic Golf Conference, the two section leaders, Kiski and Shady Side, made their berths at the top more secure by turning in their third consecutive triumphs.

In Section I, Shady Side walloped the Arnold School team, 17-1. Wilkinsburg won by a point over Allderdice, 9½ to 86.

In Section II, Kiski had little difficulty in turning back Oliver, 16-2, with Bob Hamilton, of Kiski, having a medal score of 77, which was equaled by Pally, of Allderdice, for the best efforts of the day.

Carrick broke into the victory column by defeating Bellevue, 12½ to 5½. McKeesport downed Peabody, 9½ to 8½.

## Seals to Present Variety Act on Radio Tonight

Benswanger, Comorosky, Speers, Hartnett, P. Waner, Grimm, Fabiani

Celebrating the extension of their program from 15 minutes to 25, the Trained Seals of the sports department of the Pittsburgh Sun-Telegraph will present a snappy revue of talent in their weekly broadcast over Station WCAE tonight, with many notables of the sports world participating.

Here's the list of entertainers who will offer music and wisecracking galore for the listeners on the air waves:

**Paul Waner and Adam Comorosky, Pirate stars; William E. Benswanger, president of the Pirates; Charley Grimm and Gabby Hartnett, of the Cubs; Ray Fabiani, wrestling promoter, and Frank Speers, who wrestles in the main bout at Motor Square Garden tonight, and Charles J. Doyle, Julius Levin and Tom Birks, of the sports staff of the Pittsburgh Sun-Telegraph, with Harry Keck, sports editor, as master of ceremonies.**

It will be just like a vaudeville show, with every minute filled with zip and pleasure. It gets under way at 6:50 daylight saving time, instead of at 7 o'clock, as heretofore. There'll be piano, banjo, saxophone, guitar and violin music and perhaps a tap dance and a song or two, along with a lot of free and easy chatter—the sports program de luxe with a knockout punch.

## *Mickey Duris Stops Ellenwood in Tenth*

JOHNSTOWN, Pa., May 4.—(AP.)—Mickey Duris, hard-hitting Johnstowner, knocked out Nick Ellenwood, of Fort Wayne, Ind., in the last round of a 10-round bout last night. Duris weighed 136; Ellenwood, 137.

Jimmy Vaughn, 150, of St. Michael, and Casey Rhodes, 157, of Pittsburgh, drew in six rounds. Charley Burns, 124, of South Fork, outpointed Petey Jahn, 124, of Pittsburgh, in another six-rounder.

## *Veterans' Court Body Formed at Banquet*

John J. Freund, Jr., veteran local basketball promoter, was elected president of the Pittsburgh Chapter, National Professional Basketball Veterans' Association, following the first annual banquet held in Webster Hall last night. Pete Harkins, of Homestead, was named vice president, Joe Leithead, of the South Side, secretary, and Blaine Cochrane, East Liverpool, treasurer.

Many stars of yesteryear attended last night's banquet and recalled early incidents of the professional sport hereabouts. Among the stars were Harry Hough, Roy Steele, Frank Morganweck, Bill Keenan, Johnny Baker, Bill Powell, Dutch Wohlfarth, George Kallock, Beggs and Buck Snyder, Otto Herklotz, Dave Kerr, Pete Carney, Billy Kummer, Charles Gross, James Zang, Dr. Harrison, Moon Klinzing, Chick Davies, Bill Campbell, Buddy Overend, Tom Lawry and his son, Timmy, of Pitt fame; Ed Minnick, George Ramsay, Bert Munhall, Dan Hamill, Harry (Dough) Berry and Denny O'Brien.

## PIRATES SIGN CATCHER; LOSE TO CUBS, 8-6

By CHARLES J. DOYLE

Although the Pirates are in a wobbly condition in the highly important battery points, the home players had a better feeling of security this morning in the knowledge that a new catcher joined the team today. The receiver is Leo M. Dixon, a free agent, who formerly caught for the St. Louis Cardinals.

Dixon was out of baseball last year, but he was in the training camp of the Cardinals this year and, therefore, is in good condition. The Redbirds sent him to their Columbus farm in 1930 and, at the finish of that season, he retired. He decided to stay out of baseball last year, but he was willing to return when he heard the Pittsburgh call of distress.

Dixon's home is in Chicago. The Pirates knew of his status and when Hal Finney and Earl Grace went down with injuries, they moved to land Dixon. They reached him at his Chicago home and he accepted terms and was ordered to report at once.

**DIXON EXPERIENCED**

The latest addition to the Pittsburgh squad is aged 32. He has had considerable experience in the fast minors and has several things to recommend him in a baseball way. In the first place he should be a steadying influence to the tottering pitchers and he is a capable receiver. He took part in 100 games in 1930, his batting mark being .251. He is a right-hand batter.

Pitcher Leon Chagnon, recalled from the Missions club, of the Pacific Coast League, reported at Pirate headquarters this morning, and after renewing acquaintances, went to Forbes Field to take part in the usual morning workouts being conducted by Manager George Gibson. Chagnon reported himself in fine condition.

Anxious to annex the rubber battle of the three-game series with the Cubs, the Pirates today will swing into action behind Larry French, hard-working southpaw. French of late has been unsteady, but he has lost none of his confidence and the Bruins are sure to be in for an exciting afternoon. Lonnie Warneke, tall righthand recruit of the Cub staff, will oppose the lefthander.

The Buccos gave their loosest display of the home season yesterday as they took an 8-to-6 lacing from the Bruins. True, there were some impressive developments in the action of the Buccos, but Floyd Vaughan had such an erratic day in the field, the team as a whole could not offset the handicap. Floyd made only one error of commission, but he did things wrong in a couple of crises. The youngster is hustling, he is a crackerjack hitter and runner and probably will remain in the lineup. It was expected he would help to lose games as he gained in experience.

**BARBEE HITS HOMER**

The best part of the clash saw Outfielder Dave Barbee in the hero's role. The big home-run hitter from Hollywood gave the fans a demonstration of his punch in the eighth round when, batting for Glenn Spencer, he drove the rocket high and dry over the left-center fence. Dave's was the first ball to soar over the barrier this season. The punch came with none on, but it put the home team within one run of the Cubs. Barbee may get a chance to play soon.

Stanley Hack, rookie thirdbaseman of the Cubs, hit a homer to right center in the third inning.

# BROOKLYN REGAINS BATTING FORM

## DEAN BAFFLES REDS; MACKS, NATS WIN

Associated Press.

The Brooklyn Robins, who have had neither pitching nor hitting to speak of since they completed their course in calisthenics this spring, at last show symptoms of recovering their batting eyes.

The latent power in the bats of the Flatbush Fusileers burst forth all of a sudden yesterday against the Giants. Trailing by five runs going into the ninth, they fell on three of McGraw's curvers for eight runs to win, 11 to 7, and leave the Giants in complete possession of the National League cellar.

The Boston Braves and Chicago Cubs maintained their fight for first place in the senior league. the Braves clinging to their one-game advantage by beating the Phillies, 9 to 4, while the Cubs were coming from behind to trim the Pirates, 8 to 6.

**DEAN HURLS SHUTOUT**

Dizzy Dean, the Cardinals' much-publicized rookie, finally came through with a shutout victory over the Cincinnati Reds, 9 to 0. In winning their last three games, Hallahan, Johnson and Dean have granted the opposition just two runs.

Although three Washington pitchers issued 16 passers, only two shy of the major league record, the Senators staggered through to a 5-to-4 win over the Yankees.

Cleveland's winning streak was snapped at nine straight when the St. Louis Browns outslugged the Indians, 11 to 8.

**RED SOX BEATEN**

George Earnshaw was in rare form, yielding only four hits, as the Athletics won another from the Boston Red Sox, 6 to 1. The A's pecked away at Danny MacFayden for three runs in the first eight innings and then fell on Pete Donohue for three more in the ninth. Al Simmons knocked in three runs with a home run and a single.

### Baseball's Humorist
Says:

Nick Altrock

WASHINGTON, May 4.—The A's have only got to play .500 baseball this season for Connie Mack to ring up his two thousand five hundredth major league victory. While sitting through all those wins, Connie wore out the seat of 713 pants, waved 2403 scorecards (that's because he only waves one scorecard for doubleheaders) and drank enough water to supply Niagara Falls for 6½ minutes.

But at the rate the A's are going this season, Connie will be celebrating his three thousandth victory about the time Halley's Comet shows up again.

Say, I've got something else for the United States Senate to investigate. Remember last March how Wall street picked the Athletics and Cards to repeat in the pennant races? Well, look at 'em now. Wall street has rigged the public again.

## FRENCH PRIMED FOR BRUINS

(Continued from Page Twenty-six.)

ate started the contest for the Pirates and for six rounds the youngster gave a fine display of his skill. But the Cubs solved Bill in the seventh when Spencer relieved him. Vaughn then began to dip and five runs were made by the enemy. Erv Brame pitched the last inning for the Buccos.

Bob Smith worked the entire game for Manager Hornsby, despite some punishing blows from Pirate bats.

Dan Taylor, West Newton boy, who has been playing the outfield for the Cubs since Kiki Cuyler was hurt, had a tough time in right field in the sixth inning. Dan dove for a slashing liner off Dugas' bat and the ball shot past him for three bases. Had an established star tried the same stunt he would have been extolled for the attempt, as there was none on, two were out and his club was leading. But largely because Dan is just a utility player, the effort was panned.

Taylor then ran into trouble on two succeeding drives and he was yanked in favor of Marvin Gudat before the inning ended. Few in the park could remember when they had seen an outfielder taken out in the duration of an inning.

## SINGLE UPSET MARKS SCHOOL CONTESTS

By JULIUS LEVIN

Allegheny High School's baseball entry in the City League made eight hits account for six runs yesterday to score an upset victory over South Hills, defending champion in Section II, 6 to 2, in the feature engagement on the card. Packy Vaughn kept South Hills' six hits well scattered.

In the W. P. I. A. L., McKeesport was forced to come from behind to beat Turtle Creek, 9-4, and Ambridge retained the lead in Section I by beating Beaver, 5 to 1, in feature tussles.

In other City League contests, in Section I, Westinghouse defeated Peabody, 9-4, and Vocational downed Allderdice, 6-2. In a second Section II engagement, Carrick defeated Langley, 4 to 1. Knoxville nosed out Herron Hill, 15-14, in a junior session.

Carnegie defeated Crafton, 8-3; Stowe nosed out McKees Rocks, 9-8; Aliquippa won over Monaca, 5-1, and Dormont trounced Bridgeville, 9-1, in other W. P. I. A. L. battles.

Oliver defeated Langley, 3-2, in the Scholastic Tennis Conference as Turtle Creek downed Aspinwall, 4-1, and Wilkinsburg took the measure of Shady Side Academy, 3-2.

### FAIRMONT VICTOR

FAIRMONT, W. Va., May 4.—Fairmont State Teachers defeated California (Pa.) Teachers, 6-0, in baseball here yesterday as the Fairmont net squad defeated the California netters, 6 to 3.

## Muzzle - Loaders To Be Used in Shoot Here

Firearms in vogue when Pittsburgh was Fort Pitt and the targets often were live Redskins will be brought down from the attic and pressed into service Saturday when the Wilkinsburg Rifle Club stages its opening shoot of the season at old Dream City Park, on the Verona car line, near Frankstown road.

The competition is open only to gentlemen armed with flintlocks, percussions—pistol, rifle, shotgun or blunderbuss—and other styles of muzzle-loaders.

The shoot will get under way at 1 o'clock, and there will be no range fee. The public is invited, and each contestant must bring his own muzzle-loader. Capt. W. W. Blewettt, range officer, will supervise the event.

## WHITNEY ENTRY GIVEN CHANCE FOR DERBY

LOUISVILLE, Ky., May 4.—(AP.)—A Whitney horse may win the Kentucky Derby after all, in the opinion of scores of railbirds who thronged Churchill Downs to watch the first gallops by Stepenfetchit and Overtime, Mrs. John Hay Whitney's eligibles for Saturday's $50,000 classic.

Withdrawal of C. V. Whitney's crack filly Top Flight and Mrs. Payne Whitney's Curacao from the field left Mrs. John Hay Whitney the only member of that prominent turf family to have representation in the historic race.

Stepenfetchit will be ridden in the derby by the veteran jockey, L. Ensor. Earl Sande himself, who has had mounts on three derby winners, will ride Overtime in his attempt to make his recent turf comeback decisive.

Should Sande win on Overtime, he would be the first jockey in history to ride four derby winners. He and Isaac Murphy now share the record at three each. Sande has won on Zev, Flying Ebony and Gallant Fox.

## Fight Results

"You've glorified the motor car", said Flo Ziegfeld, after his Dodge Floating Power Ride. "It thrilled me every minute."

# "I know Beauty ... And I know a Good Performer"

FLO ZIEGFELD

We're inviting you to a Dodge Floating Power Ride. We want your opinion—unbiased, sincere. No sales-pressure. We just want you to know these cars.

WE asked Flo Ziegfeld to be our guest for a ride in the new Dodge with Floating Power. We wanted his opinion. We want yours.

We're too enthusiastic about these cars ourselves. So are Dodge owners. If we tried to describe them to you, you wouldn't believe us.

So we say: Let us send a handsome new Dodge to your door. With an escort . . . not a salesman. Drive to your office or some place else you'd like to go. As you like. Where you like.

Drift through the traffic in that car. Leave the world behind at the traffic lights. Flick that gear selector around without pushing the clutch pedal . . . *or any other pedal!*

Look out over that long gleaming hood . . . and feel like a king. Try to hear a sound . . . detect a sign of effort . . . a trace of engine tremor. And all the while, keep saying to yourself, "This magnificent, luxurious automobile is *not* an expensive car!"

Oh well, there we go! We can't keep still about it! But you try it. See if you don't agree with W. P. Chrysler that any new car without Floating Power is out-of-date today.

Learn for yourself what this patented new engine mounting does to the powerful, spirited Dodge Six and Eight . . . what it means to drive a car that's completely free from vibration.

Phone us to send a Dodge to your door. Nobody but the car will try to sell you anything. That's fair, isn't it?

DODGE SIX $795 to $895. DODGE EIGHT $1115 to $1185. F. O. B. Factory. Low delivered prices. Convenient terms. Five wire or demountable wood wheels, no extra cost. With the addition of Walter Heidler to the pitching staff, Managers Curley Semler and Dave Wickline expect the Stowe entry in the City League to go places this season.

Heidler was a sensation with the North Siders and with the help of Gus Otey, Roscoe and Saltic he should add many games to the win column for the Rox outfit.

It hardly is possible for two players to be more popular than Semler and Wickline, and should Stowe have a winning club, the Stowe stands will not be large enough to accommodate the crowds.

Bernie Andrews will be on first, Semler and Astroski will fight it out for second, Tokas, of last season's Civics and Kaldron, from Aliquippa, will cavort around the shortfield, and Cholko, Wagner and Rodgers will wage a battle for the steady job at the hot corner. Johnny Cholko, Toby Uansa and Dave Wickline will be seen in the outfield. Not a bad lineup to start the season next week.

**RODGERS DOING WELL**

McKees Rocks fans will be pleased to hear that Frank Rodgers is smacking the fences at Richmond. In the opening game he hit two home runs and a double and made a couple of sensational catches.

The Pittsburgh Crawfords are back in town after their trip to New York. The Greenlee aggregation clashes with Vandegrift tomorrow evening at Vandegrift. The Pittsburgh Collegians will be met at Greenlee Field Friday evening. The first City League club will be met this season on Saturday, when the champions from Dormont go to the Webster avenue stadium. Sunday the clubs will make the trip to Sharon to open the Elks' park for the season.

**GRAYS BEAT NORTH SIDERS**

Britt was reached for two hits by the North Siders last evening on the Salt Works grounds as the Homestead Grays pounded out a 9-0 victory over Ray Riddle's nine in a feature sandlot contest. The Grays slugged Ammon and Woods for nine safe blows.

In the Greater Pittsburg League the Lineys walloped West End, 11-0. The Walls A. C. defeated the Ross A. C., 6-4, in the Metropolitan circuit, and in the St. Basil Church loop, the Cards downed the Pirates, 11-5. Hill Tops won over the Pharmacy nine, 12-0, in the Welfare League.

In other independent contests Homewood defeated the Murs, 11-0; Edgewood walloped Turtle Creek, 12-4, and Center A. C. downed North Bessemer, 9-6.

The catching staff of the Homestead Grays has been bolstered by the addition of Duncan, former star of the Kansas City Monarchs.

## Jockey Near Death After Gallant Feat

BALTIMORE, May 4.—(INS.)—Danny McAuliffe, stellar jockey, hovered at death's door in a hospital today after winning a spectacular race at Pimlico yesterday aboard Sun Meadow. Though suffering from a cerebral concussion and possible fractured skull, McAuliffe was first carried to the weighing scales to conform with the rules and to allow his backers to collect their winnings of 8½-to-1.

After nosing out Happy Scot, the favorite, McAuliffe's mount shied when a racing hound bounded upon the track, and threw McAuliffe.

Physicians said they could not report definitely upon the rider's chances for recovery for another 12 hours.

## 20-TO-1 SHOT VICTOR

CHESTER, Eng., May 4.—(AP.)—Mrs. C. B. Kohlsaat's Bonny Knight, ridden by Sharpeyes, a Sporting Times jockey, won the Chester Cup from Montagne Evans' Blue Vision. The Aga Khan's "13 Maiden" was third. Seventeen ran. The winner was 20 to 1 in the betting, with Blue Vision 10-1 and "13 Maiden" 8-1.

## TWENTY GRAND RESTS

LEXINGTON, Ky., May 4.—(AP.)—Twenty Grand, last year's 3-year-old champion, and Equipoise, Tuesday, today looked forward to a year's rest at Mrs. Payne Whitney's Greentree farm near here. He arrived yesterday, after having been thrown out of training because of an old injury.

## CUBS RECALL MILLER

LOS ANGELES, May 4.—(AP.)—Art Miller, pitcher for the Los Angeles Club, recalled today by the Chicago Cubs, will leave today to join Manager Rogers Hornsby's team.

## TRAMBLIE LOSES

INDIANAPOLIS, May 4.—(AP.)—Dave Shade, California middleweight outpointed Ray Tramblie, Rockford, Ill., in a 10-round boxing contest here last night.

## SPORT VIGNETTES

It seems that the Geneva College athletes, of Beaver Falls, who made such a fine showing in the Penn Relay Carnival the other day, were just a flock of bashful barefoot boys . . . Howard Spencer, the Negro lad, who prepped at Fifth Avenue High School, and equaled the meet record in winning the high jump, always leaps with his right foot bared, and Bob Evans wound up limping from contact with the cinders after throwing a shoe while running the second leg of the mile relay, which his team won.

The pari-mutuel system of betting on horse races had its inception at Churchill Downs, where it will get a big play on Derby Day, next Saturday . . . It is estimated that $1,000,000 will be taken in, accounted for and paid out in win, place and show dividends within four hours, which is an amazing transaction. However, the experts in charge have the business down to a science. The pari-mutuel system is the fairest ever devised for the public which accounts for its popularity. The track merely retains its percentage and pays out all of the remainder to the backers of the first three horses in each race.

Arthur Duffey, oldtime sprinter, comes to bat with the question of what a Marathon runner thinks about in a race. He investigated in the recent Boston Marathon. Paul de Bruyn, the winner, said he wanted a cup of hot tea at the 20-mile mark. Others wanted water. Clarence DeMar always worries about whether or not his shoes will hold out. Some of them pray. DeMar also wants buttermilk en route. Others worry about the favorites and whether to trail them or set their own pace. Others want to be certain merely that they will have the honor of finishing the 26 miles 385 yards route. Others wind up thinking they ought to have their heads examined for ever having entered such a grind. All of which is very interesting.

Up to a day ago, only $34,000 had been raised of the $350,000 necessary to defray the expenses of the United States Olympic team to the Los Angeles games and there is danger that our squad will be greatly curtailed on this account. One wonders why the A. A. U. and kindred organizations always wait until the Olympic year to raise their funds. Why not spread it out over the four-year period intervening between each set of games? In other words, a sinking fund would seem to be the solution of the problem.

Jack Zivic, former star local welterweight boxer, now living in New York with his family prior to moving to Atlantic City for the summer, writes an interesting letter back home in which he deals out a big boost for Lew Raymond, the new matchmaker at the Meyers Bowl. He says he considers Raymond not one of the best matchmakers in the land, but actually the best, and considers the Bowl and Pittsburgh very fortunate in obtaining his services.

"Raymond will make Pittsburgh the leading fight center in the United States this summer," Zivic predicts. The last of the fighting Zivics, by the way, Eddie, makes his professional debut in one of the bouts at the Moose Temple Friday night. Along with Pritze Zivic, he represents the family in the ring today. Jack and Pete both having quit fighting. Jack tried to land a job as one of the trainers of this year's Olympic boxing team, but got his application in just a little too late to be considered.—HARRY KECK.

## Aussie Cup Netmen Top Coast Players

LOS ANGELES, May 4.—(AP.)—Davis Cup tennis stars of Australia were prepared to renew their assault on Southern California players today after taking the edge in yesterday's exhibitions.

The invaders lost only one match. Lester Stoefen, city champion by virtue of his triumph over Ellsworth Vines, Jr., national singles titleholder, won from Harry Hopman, 3-6, 6-3, 6-2.

Jack Crawford defeated Alan Harrington, formerly of Stanford, 12-10, 12-10, while the Australian doubles team of Cliff Sproule and John Clemenger defeated Gerald Bartosh and Jack Tidball, 1-6, 7-5, 6-3.

## MRS. MOODY IN FRANCE

CHICAGO, Ill., May 4.—(AP.)—Mrs. Helen Wills Moody landed today from the SS. De Grasse with the president of the United States Women's Lawn Tennis Association, who will defend the Davis Cup this year against Rene Lacoste, referred to by the French as "the Musketeer" and "the Iron Man" of the French team which defeated the United States last year. Mrs. Moody is here to play in the French hard court championships before proceeding to Wimbledon for the Wightman Cup matches and the Wimbledon tournament.

## I. K. S. HOLDS TOURNEY

The annual inter-state athletic indoor ball championship tournament will be staged in the K. S. gymnasium Saturday, with Peabody, Carrick, Fifth Avenue, Wilkinsburg, Washington, Dormont, Schenley and Cumberland entered. In the first round Peabody meets Carrick, Fifth Avenue plays Wilkinsburg, Washington meets Dormont and Cumberland takes Schenley.

## ELKINS STAR INELIGIBLE

MORGANTOWN, W. Va., May 4.—(AP.)—H. A. Stansbury, athletic director of West Virginia University, today announced the 1933 basketball game with Washington and Lee University would be played at Bluefield, February 4. It was played at Beckley last season, the Generals winning, 31-30. The contest is an annual feature of Southern West Virginia, formerly held at Charleston and Huntington.

West Virginia University athletic officials announced the first and second men would qualify in the state scholastic championship track field meet here May 13-14 in sectional qualifying meets Saturday at Charleston, Clarksburg and Wheeling. First men only will qualify in Martinsburg, Elkins, Oak Hill and Lewisburg sectionals. Over 50 high schools have entered nearly 1,000 athletes in the sectionals.

Lawrence Young, Elkins High star, has been ruled not eligible to compete in the championship meet here May 13-14. Young reaches the 21-year-age limit May 8.

## U. S. DAVIS CUP TEAM INTACT

NEW YORK, May 4.—(AP.)—The same Davis Cup squad that was powerful enough to sweep last week's five-match tie with Canada at Washington has been named to represent the United States against Mexico in the North American zone semi-finals, May 13, 14 and 15, at New Orleans.

Ellsworth Vines, Wilmer Allison and Frank Shields again will share the singles assignments, while Allison will team with Johnny Van Ryn in doubles.

## Harvard Crews Win Over M.I.T. Eights

CAMBRIDGE, Mass., May 4.—(AP.)—Harvard opened its rowing season yesterday with a clean sweep of the postponed regatta with Massachusetts Institute of Technology.

The Crimson varsity, containing six veterans led an improved Tech eight over the mile and three-quarters course by a length and a quarter. Harvard's great junior-varsity was five lengths better than the M. I. T. Jay-Vees, the Crimson's 150-pound varsity triumphed by a length, and the Harvard freshman crew, containing three oarsmen who were making their first start in any kind of rowing competition, led the Tech yearlings to the finish flag by a length and three-quarters. All races, except the lightweights' Henley event, were a mile and three-quarters distance.

## Champs Crowned In Pitt Tourney

Featured by the hard hitting of Pete Visat, who scored two knockouts, the first annual University of Pittsburgh freshman inter-mural boxing tournament was concluded yesterday in the Trees gymnasium ring with champions being crowned in eight classes. The summary:

115-pound class—Joe Fare defeated Fabian Mihelic, 4 rounds, decision.
125-pound class—Louis Lavin defeated Richard Zadnik, 3 rounds, decision.
135-pound class—Bill Albro defeated Bertie Spiegle, 4 rounds, decision.
145-pound class—Bob Schwimmer defeated Mike Michaelson, 4 rounds, decision.
155-pound class—Anthony Horspack defeated Whitey Wilson, 3 rounds, decision.
165-pound class—Pete Visat won by technical knockout over Nile Faust, 1 round.
175-pound class—Pete Visat won by technical knockout over Emil Boscella, 1 round.
Heavyweight class—Ed Thompson defeated Morris Lourie, 3 rounds, decision.

## One-Armed Leader Stars in Yale Win

NEW HAVEN, Conn., May 4.—(INS.)—A "comeback" unparalleled in the history of baseball was recorded today by Eddie Warren, one-armed captain of the Yale team.

Last summer Warren lost an arm in a motorboat accident. Yesterday he was the star of a game which Wesleyan lost to Y., 15 to 2. At the plate, Warren got a hit and a pass that enabled him to score two runs.

In the field, the Yale captain had only one chance, but this he handled flawlessly, making the catch, discarding his glove, and returning the ball to the infield, stopping the scoring threat.

## SPEERS MEETS GARIBALDI ON GARDEN MAT

### TONIGHT'S FIGHTS

Wrestling—Gino Garibaldi vs. Frank Speers, finish bout, and Mike Romano vs. John Maxos, George Kotsonaros vs. Steve Znoski, Howard Cantonwine vs. Alex Aberg and Kola Kwariani vs. Anton Peterson, 30 minutes each, Motor Square Garden.

George Fanka vs. Tiny Powell, Jimmy Moore vs. Dick Evans and Tony Rubino vs. Johnny Denke, 10 rounds each, and Steve Jonda vs. Joe Martin, 4 rounds, Youngstown, O.

Preliminaries of National A. A. U. senior championship tournament, Madison Square Garden, New York.

Freddie Edwards vs. King Tut and Billy Wallace vs. Herman Perlick, 10 rounds each, and Mickey Solomon vs. Frankie Goosby, 8 rounds, Cleveland.

By HARRY KECK
Sports Editor.

And now once more we have the wrestlers in our midst.

Promoters Ray Fabiani and Charley Reinecke, who put over a smash success before a packed arena with their recent Jim Londos-Frank Speers show at Motor Square Garden, offer another card at the Garden tonight with Speers again in the main bout, against Gino Garibaldi, clever young Italian, who has met most of the topnotchers.

This will be the fourth show of the season here, and Speers has been in every one of them and has become a favorite with the local fans. He upset the dope by sharing a decision over Ray Steele in the semi-final of the first show, in which Strangler Lewis stretched John Maxos in the main bout, and has been in the windup of every show since then. He tossed Floyd Marshall in his second start and then gave Londos a good battle before being thrown a few weeks ago. He is a former Georgia Tech football star.

**FOUR PRELIMINARIES**

The windup will be one fall to a finish, and will be supported by four preliminaries limited to 30 minutes each. In them, Maxos tangles with John Romano, George Kostonaros meets Steve Znoski, Howard Cantonwine engages Alex Aberg and Kola Kwariani opposes Anton Peterson. Cantonwine, Aberg and Peterson are newcomers here. The show will get under way at 8:30 daylight saving time, and another large crowd is in prospect.

Members of the Pittsburgh Pirates will be the guests of Promoter Fabiani at the show.

## Between Rounds

Bob Moody, Negro heavyweight of Freeport, who began his career as an amateur about four years ago as a professional around Cleveland, and who now is back home and will be managed by Frankie Bell, former lightweight boxer of Natrona.

This is the night George Fanka hopes Tiny Powell at Youngstown, 6th Jimmy Moore meeting Dick Evans in another 10-rounder. It also is the night Freddie Edwards, Chester (W. Va.) welterweight, gets a chance to prove himself against King Tut in Cleveland.

Everything is set for Jules Beck's boxing show at the Moose Temple Friday night, with Frankie Bonarski, of Erie, and Lou Terry, of St. Louis, in the main bout and Matty Oldach, of Erie, meeting Joey Agnelli, of Uniontown, in another 10-rounder. Aaron Green, of Homestead, hopes Jimmy Hogan, of Erie, and Eddie Zivic tangles with Howard Scott, of St. Louis, in the two six-round preliminaries.

Buck McTiernan signalizes his return to the ring after a long layoff by meeting Joe Trippe in the main bout of eight rounders at Erie, Pa., Friday night. Johnny Metros bears Leo Meads and Sammy Hackett tangles with Jimmy Dean in two other eight-rounders. Billy Ryan bears Harry Beale in a four-rounder.

McTiernan's second start will be against Jack Wilson in the opening show at Hickory Park, Morgan, May 19. Promoter John Herron has announced. Rue Vogel is the matchmaker of the club, and prices will be reduced to $1 and $2. The arena has a capacity of about 5,000.

Both Lew Massey and Tony Herrera will be in before the end of the week for their bout at Motor Square Garden next Monday night, the next to last show of the season in the indoor arena.

Young Rudy, of Charleroi, and Freddie Fitzgerald, of Youngstown, have been signed for the eight-round semi-final to the Garden show Monday. Ray Wisbaum battles Danny Dundee in the opener.

## DOWNEY MAT VICTOR

CLEVELAND, May 4.—(AP.)—Bryan Downey, once dubbed the "uncrowned middleweight champion," made his debut as a wrestler here last night and resorted to an old familiar right cross to the law to make the occasion an auspicious one. Bryan crossed to the jaw of Gregory Kominan and then pinned his man with a somewhat awkward combination half-nelson and arm hold, getting the verdict in 9 minutes and 21 seconds.

### Methods One Company Used to Get Ahead

By B. C. FORBES

BY SUBSTANTIALLY increasing advertising expenditures in newspapers and magazines, by increasing expenditures on research and experimental work, by operating the five-day-week in laboratories and offices without reduction of pay and by sales promotion co-operative (profit-sharing) plan, one company has succeeded in increasing its profits over the previous year and in increasing its common dividend—E. R. Squibb & Sons, manufacturing chemists.

Mr. Forbes

Do you know of any company that has come anywhere near matching such a record merely by cutting and cutting and cutting?

Enterprises that have done best, in almost every instance, are those that didn't really resign themselves to being licked, but redoubled their aggressiveness.

LOU E. HOLLAND, Kansas City, Mo., sends "a composite drawing representing 212 buildings, none of which existed in 1928. He says:

**"They cost $52,000,000, not including buildings costing $25,000 or less, of which there are a very large number. We are feeling pretty good about this."**

HUGO BLUMENTHAL, well-known financier, write this column:

**"As gold is the basis of the circulation of the world and as everything is built on that foundation, the increased production of gold throughout the world would be of paramount importance. The world produces about $440,000,000 of gold. I do believe that if a bonus of 15 per cent or 20 per cent be given by this government and other governments for the mining of gold, that possibly in five years the production could almost be doubled—and you know what that would mean to the prosperity and happiness of the people.**

**"The cost to the different governments would be very small, would be paid to the citizens of the respective governments, would increase gold mining to a great extent, employ more people, make the use of machinery more urgent—in fact, would bring about a basis and a hope which is so sorely needed at present in this troubled world."**

Isn't this suggestion sounder than most of the many now being aired?

PEOPLE ARE still buying organs. The Aeolian-Skinner Organ Company sends the cheering news that their unfilled orders on hand have increased substantially and that employment has been increased 10 per cent.

PRESIDENT EARL MENDENHALL, of the Philadelphia Association of Security Salesmen, after quoting these sentences in a recent column: "A beggar has to have a license to sell pencils. Any fakir can take an office in Wall street and start issuing 'securities' without a license," wants it emphasized that fakirs can't operate in Pennsylvania. He states:

**"No one can obtain a license to offer securities within the state of Pennsylvania without a thorough examination of his record by the State Securities Commission. No dealer can operate within this state without a dealer's license, and no security of any kind can be offered for sale within the state of Pennsylvania unless the security itself has been passed upon by the State Securities Commission—and approval by this commission is far from being a matter of routine."**

This column referred to fakirs in Wall street. Pennsylvanians are to be congratulated on being so thoroughly safeguarded against Wall street or other unscrupulous schemers.

THE WAGES of stock owners are being drastically reduced. Last month there were only 24 improved dividend announcements, contrasted with 192 unfavorable announcements. For the first third of this year, cheerful dividend declarations have totaled only 167, against 543 in 1930, and 601 in the first four months of 1929. Unfavorable announcements have reached 817, compared with 614 a year ago, 186 in 1930, and 37 in 1929.

When the Pennsylvania Railroad has to defer dividend action for the first time in 85 years, surely we must be nearing the nadir of the economic slump. In view of the deplorable backboneless and hysteria exhibited, however, no mortal can foretell what may or may not happen. America lately has done its utmost to commit financial and economic suicide.

One of the most comforting passages in the Bible is,

**"This, too, will pass."**

It is more than time depression were given a nationwide push to accelerate its passing.

## Decline in Cotton Acreage Estimated

NEW YORK, May 4.—The Fairchild Service put prospective cotton area at 38,099,000 acres, or a decrease of 5.9 per cent from last year's harvested area of 40,495,000 acres. The service said 41 per cent of the intended acreage has been planted against 52 per cent a year ago.

## STEEL OUTPUT RATE GAINS

NEW YORK, May 4.—Pig iron production touched a new low point in April, the daily rate of 28,430 tons being not far from the minimum output of 1921, which was 27,889 tons a day, Iron Age said today.

The April total of 852,897 tons compared with 967,235 tons in the preceding month and 2,019,529 tons in April last year.

The review states that steel ingot production for the country as a whole has shown a further increase of one point this week to 24 per cent of capacity, but added that the situation was very irregular in that gains in Cleveland, Detroit, Buffalo, Wheeling and Birmingham are offset by losses at Pittsburgh and Chicago.

Increased production is expected at Chicago next week, however, as business there has shown the first real spurt in many weeks and reports from some cities in the Middle West indicate that mild recovery is in progress.

The Iron Age composite price for pig iron has declined to $14.22 a gross ton from $14.35, which was the average throughout April. The composite price for steel scrap declined to $7.62, a ton new low level for all time, the finished steel composite is unchanged at 2.087 cents a pound.

## BUSINESS

### No Marked Change in Activity Is Expected Before End of Summer

By GEORGE H. SNYDER

INDUSTRY IS BECOMING resigned to the belief that no marked change in activity is likely to take place before autumn. The period during which steel and most other types of industrial activity ordinarily experience a revival has been passed with only minor changes in the general state of affairs.

In nearly all past years, business has gone into a decline during the summer months. The extreme low rate of activity at present makes it difficult to conceive of any further contractions from the low rate already existing.

So far as the steel industry is concerned, the ordinary precedent for summer business may be broken. The belated swinging into production of the Ford Motor Company will produce an important volume of demand which ordinarily would have come into the market earlier in the year. This will tend to compensate for some of the summer dullness in other lines. It has resulted in a slight improvement in steel output in recent weeks and will be a factor of greater importance in the future although it is improbable that it will account for any marked upturn.

* * *

**Summer to Be Spent in Seeking New Foundation**

THE IMPORTANT business developments of the coming summer are not likely to be found in the actual volume of production or sales. They are more likely to appear in changes in underlying conditions. If the efforts being made at present to improve the foundations of business are successful, there will be a reasonably good chance for a general improvement in the autumn. If these fundamental conditions do not respond to the treatment being administered at present, the prospects for the balance of the year will be uncertain.

Real progress in improving these underlying factors has been made. The reduction of bank failures to a negligible number has been the most important evidence of this. But the progress has not been great enough to give business the needed basis for recovery.

* * *

**Many Changes Needed To Start Recovery**

AMONG THE CHANGES which must result from the efforts of the Reconstruction Finance Corporation, the Federal Reserve Board, and other agencies, if business is to have a foundation for reconstruction, may be listed the following:

**1. A definite halt to the process of deflation in the prices of both securities and commodities.**

**2. Continued increase in bank deposits.**

**3. Available credit to provide facilities for increased business when the turn comes.**

**4. The elimination of surplus stocks and production in major industries now suffering from excessive inventories.**

If these conditions are established, industry will be relieved from the pressure which is forcing reductions in wages and the discharge of employes. After that a recovery in buying power may be started.

## M. J. Insull Resigns From Middle West

CHICAGO, May 4.—(INS.)—Martin J. Insull has resigned as president of the Middle West Utilities Company and its subsidiaries.

He said the operation of the properties was now being actively directed by the three receivers appointed by the Federal Court—Samuel Insull, Edward N. Hurley, and Charles A. McCulloch.

Martin Insull declared he would be glad to assist the receivers at any time his services were required.

## Receiver Appointed For Iams & Co.

WHEELING, W. Va., May 4.—(AP.)—Federal Judge W. E. Baker yesterday named Frank B. Haymaker, of Clarksburg, receiver for Winfield S. Iams and Company, Clarksburg brokerage firm. The company filed a voluntary petition in bankruptcy.

The receivership was established upon the petition of Winfield S. Iams and George E. Parkell, partners.

## RAILS REQUEST LARGE LOANS

WASHINGTON, May 4.—(AP.)—The Railway Credit Corporation reported to the Interstate Commerce Commission it had loaned $4,188,582 to carriers to the end of April.

The corporation, however, has been unable to meet all the applications and the Reconstruction Corporation has advanced a large sum to railroads which give it orders on the Credit Corporation.

The total of loans authorized but not actually made by the Credit Corporation was $14,492,577.50. During April $1,825,462 was loaned.

Rate increases under the surcharge plan authorized in December produced $9,334,239 with $4,068,773.13 collected in January and $5,265,466.85 in February. This sum is far below the amount expected, as the increases were estimated to produce $100,000,000 to $125,000,000 a year in additional revenue.

# MURDER OF THE NIGHT CLUB LADY :-: :-: By ANTHONY ABBOT

(Continued from Yesterday.)

## Everett Pays Visit to Colt And Confesses That He Told Lies

CHAPTER XXIV.

"There was no indication of a history of old heart trouble? In either girl."

"None whatever. The girls' hearts were sound as a dollar."

"But Dr. Baldwin told us Lola had suffered from a weak heart."

"Something wrong there, Mr. Colt. I know very well that her heart could not have suddenly gone haywire and caused the condition I found. The heart muscle constrictions in both girls were simply unbelievable."

"Have you no theory at all as to what caused the constriction of the heart muscles?" asked Colt.

"I admit it would look like some foreign cause—poison—something external that had just got into the system either the minute before you found her, or sometime afterward," declared the Assistant Medical examiner stoutly. "But I went all over them again—even shaved their heads—there was no trace of poison, and furthermore there was no skin puncture anywhere except on Lola Carewe's arm, the tiny hole made by Dr. Baldwin's hypodermic needle. And that's been analyzed down here. It was absolutely innocent—the solution of adrenalin was absolutely harmless."

**ASKS FOR RE-EXAMINATION**

Colt cleared his throat unhappily.

"Now, Dr. Multooler," he said, "please don't take what I am going to say as a criticism. And I am sorry to ask you to work any more. But this much I know—unless I am making the biggest blunder of my life, there has to be a puncture somewhere on the body of Christine Quires. Will you look again?"

"Mr. Commissioner!"

The voice of Dr. J. L. Multooler rang with injury and reproach.

"You know you can count on me!" he cried earnestly. "Of course I'll look again. Maybe I'll find something this time. And I'm all the more willing, Mr. Colt, because—even though I have failed to find anything—I know this is murder!"

"What makes you say that?"

"That belt you found!"

"Belt?"

"Strap, I mean—the strap with the buckle on it!"

"What did they find?" urged Colt, his voice charged with eagerness.

"Mr. Colt, they found on the leather of that strap a number of microscopic pieces of human skin. There is no doubt that the strap was around the throat of Christine Quires!"

**NOT STRANGLED**

So—this explained the diabolical markings on the dead girl's throat! But what did that make clear?

"Could she have been choked to death?" asked Thatcher Colt.

"Absolutely not!" declared Dr. Multooler, emphatically.

"You will try again?" begged Colt.

"At once, Mr. Colt."

"Thank you," said Thatcher Colt crisply.

"Happy New Year," caroled the autopsist as he hung up.

There was a baffled glint in the eyes of Thatcher Colt as he turned from the telephone and repeated what he had heard to District Attorney Dougherty.

"How was the thing done?" he demanded aloud, as he sat back and filled his pipe. "There are no really new methods in crime. But I can't remember a single case that resembles this one!"

Then with a philosophical sigh he added:

"However, we have only started."

Further comment was held up by entrance of the black Arthur pushing a breakfast table on wheels. The sight and smell of that meal suddenly made me realize that we had been working all night and that I, for one, was ravenous.

**ACTOR ADMITS LYING**

In silence we began to eat. There was creamed chicken on toast, hot rolls and marmalade, and the exquisite coffee which Colt's butler grinds and boils with such loving artistry, the smell of that coffee is like an incense in my memory. After his third cup of that priceless beverage, and a voracious attack on the chicken, Dougherty leaned back, beaming brightly. When at last he spoke, his conversation had nothing to do with the crime. Instead Dougherty began to talk of his shooting lodge in the Adirondacks, of the ways of wild game in fog and sunshine, and the joys of living the hermit's life, which Dougherty, who had been married three times and had eleven children, could hymn with gusto. Colt responded in kind, enthusing over the fishing near the shores of Cape Cod, where he has his summer home. In this vein the talk rolled on, until Arthur interrupted us with an announcement:

"There is a gentleman downstairs and he would like to see Mr. Colt right away, and he says it's about a murder case of a girl named Miss Christine and he says he has something to confess. And he says his name is Guy Everett."

For a full moment, none of us spoke. Then Colt reached for his pipe and murmured:

"You may send up Mr. Guy Everett immediately."

The appearance of the actor was tragic. Guy Everett could not have dressed the part of mental anguish more appropriately. He was still in the evening clothes which he had worn when he squired Christine Quires to their New Year party. But now his collar was askew and his white tie was missing. His face was lined and haggard and his eyes were gleaming restlessly. A dark slouch hat was crunched in his right hand as he strode theatrically across the library and stood before the police commissioner in a posture of resolute despair.

"Mr. Colt," he declared, "I have come here, hounded by my conscience, to make a confession."

"Of murder?" asked Colt quietly.

"God, no! But of having lied. I told you a lie last night and my conscience will not let me rest!"

"Get it off your soul, man," encouraged Dougherty, shoving forward a chair. "Sit down and tell it straight!"

Abruptly Guy Everett sat down on the edge of the chair.

"I don't know how much you guessed," he blurted, fear and sincerity struggling through an habitual instinct to dramatize every breath he drew, "but what I am telling you is the truth, so help me God. It is true that I didn't go on the Motor Parkway last night—I spent all those hours in a speakeasy trying to drink myself into a calmer state."

"What speakeasy?" asked Colt.

A blankness came into the actor's eyes and then as quickly disappeared.

It was the North Star, on West Fifty-eighth street, near Sixth avenue."

I made a note of this, as Thatcher Colt motioned to Everett to proceed.

### Synopsis

**Lola Carewe is mysteriously murdered in her penthouse apartment at 3 o'clock New Year's morning. An hour later, the body of Lola's guest, Christine Quires, is found in Lola's room. Christine had been killed first and her body hidden. Dr. Hugh Baldwin attributes both deaths due to heart failure. Guy Everett, Christine's New Year's Eve escort, claims he brought her home at 12:15 and then went, riding alone, on the Motor Parkway. Mrs. Carewe, Lola's mother, denies seeing Christine return. Police Commissioner Thatcher Colt discounts District Attorney Dougherty's theory that Lola was killed by a jewel thief ring she headed and that Christine met the same fate for knowing too much. Vincent Rowland, Lola's lawyer, discloses that Everett loved Lola and was jealous of Dr. Baldwin. The Commissioner telephotoes a picture of a young man, named Basil, found on Lola's dresser, to the Paris Prefect of Police requesting that he identify it and investigate Lola's past. The police are on the trail of Christine's brother, Edward, who left his Rochester home for New York after receiving a telegram New Year's Eve. Christine was to have inherited wealth shortly. Dr. Multooler, the medical examiner, contradicts Dr. Baldwin's statement that heart failure caused the deaths.**

### Now Go On

The appearance of the actor was tragic.

## Heart of a Wife

By ADELE GARRISON

*Madge Tackles a Distasteful Task*

At Harry Underwood's command to "shoot the works," I obediently told him of Mrs. Brixton's request that Mary and Marion be permitted to stay longer at the house party and at Mary's queer conversation with me upon the same subject.

"I don't like it," he said, when I had finished. "There's some very active bee buzzing in Mary's bonnet, you can lay 10 to 1 on that. Perhaps it's a honey bee, but the probability is stronger that it's of the crazy bumble variety. Whichever it is, it mustn't be permitted to buzz around without proper supervision, which can't be afforded, of course, by anyone up there. If Lil can't be disturbed, I guess it's up to me to say that Marion must come home. I have no authority, of course, over Mary."

"But equally, of course, Mary would not stay up there after Marion came home," I said.

"No, that's true," he acknowledged, "so I guess stern steppapa will have to issue the dread ukase."

As if the name he had given himself had power to change his determination, he pulled himself up, and said dubiously:

"No, that won't do. I can't take the responsibility. We'll just have to wait until Lil wakens."

I knew that he was thinking really against his own volition, but inevitably, of the moment when Lillian, with nerves frayed by overwork and terror of the Chinese menace, had flamed out at him in answer to his apparently harsh dictum that Marion had no excuse for showing her "roomie" her secret lock box, and that he would forbid her ever seeing Carolyn again.

**A HEAVY CONSCIENCE**

"Do you think we ought to wait until she wakens?" I uttered the answer to his question significantly.

He shot a keen glance at me.

"What's on your mind?" he asked.

"It's just this," I said slowly. "My conscience has been what Dicky calls 'working overtime' ever since we let Marion go up without her mother knowing of Charles Owen's plans."

"Yes, I know," he said slowly. "I debated a long time before I decided not to tell her. But you know how she is about Marion, and I really did not think there was the slightest danger of Owen's becoming embarrassing in his affections. He wouldn't do anything overt with the suspicion he must have that he is on our blacklist and that we have his number pretty accurately. But if the girls are trying any hocuspokus sleuthing it does sort of intensify things, doesn't it?"

"To my mind," I said firmly, "it makes Lillian's knowledge of this something which we cannot longer delay. If you cannot decide, she must. And—Helena Brixton must know before tonight whether or not the girls are going to remain up there."

**A TASK FOR MADGE**

He fervently consigned Mrs. Prixton to a super-heated atmosphere but promptly capitulated on the point of telling Lillian.

"After all," he said, "she can double for a fireman or a cop being able to go back to sleep again whenever she is wakened so I suppose you might as well call her and let us give her the low down on this."

"I'll go and get her so you can tell her about it."

He thrust out his hands, palms outward, in quick protest.

"Noth-ing—do-ing," he said, with the manner of a small boy retreating behind his mother's skirt. "I'll back you up and acknowledge my share of the crime, but you've got to spill the dope to her. I'm afraid she's going to be pretty sore, but you know her better than anybody else does, and can snap her out of it more quickly."

"All right," I said with forced cheerfulness, although I was secretly rebellious at being compelled to take the initiative in enlightening Lillian concerning Charles Owen's intentions. "I'll bring her down here at once."

I was as good as my word, for having told Lillian simply that Harry wished to see her, I had to wait hardly at all while she rushed through her dressing and came down with me. But I have done few harder things than tell her of all that lay back of Mary's telephoned message with its insistent reference to the pursuit of Marion by Charles Owen.

## SUN-TELEGRAPH-WARNER THEATERS JUNIOR KOMIC CLUB

Today and tomorrow at the Enright Theater, Manager Frank Roberts will hold tryouts for boy members of the Sun-Telegraph-Warner Theaters Junior Komic Club, not over 15 years of age, to play the part of the comedian in the "Komic Club Frolic," which will be presented at the Enright in about four weeks. So, fellows, if you are a member of any of the Warner chapters and would like to become an actor, report to Mr. Roberts today or tomorrow after school, at the Enright Theater. Remember you must bring your membership card showing that you are a registered member of the Sun-Telegraph Theaters Junior Komic Club.

At the Manor chapter of the Sun-Telegraph-Warner Theaters Junior Komic Club, the youngsters recently held an election of officers. Jack Goldstein was elected grand jester, and George McKee, Edward Yelovshan, Paul Maizer, Eddie Frank Jack Bailey, and H. Mae Johns were all elected to the board of governors. These youngsters will all serve for the next four weeks.

**SCHENLEY CHAPTER**

The youngsters of the Schenley Chapter of the Junior Komic Club will hold its regular club meeting one hour ahead of schedule next Saturday. The meeting will start at 12 o'clock noon instead of the usual 1 p. m. This change in time is for this week only, and was made to permit Manager Harry Thomas to stage a very elaborate stage presentation. The youngsters of this chapter are due for a big surprise when they attend the meeting this week.

Some of the boys and girls who attended the meeting at the Schenley Theater last Saturday were: Charlotte Nagel, Jeanette Lerner, Eleanore Nuller, Peter Graziano, Edward Adams, Edna Croyle, Harold Alelman, Cramer Cook, Robert Salera, Frank Tihey, Bernice Marcus, Rose Aline Woods, Louis Carrozza, John Sense, Patrick Cafard, Jack Kyle, Shirley Lipsey, Leonard Gross, Grace Kearney, Allen Clark, Jr., Bertha Stein, Richard Linder, Stella Ross, Ruth Hess, Patrick Spellman.

**HOW TO JOIN**

If you are not a member of the Sun-Telegraph-Warner Theaters Junior Komic Club, send your name and address, name of your parents, date and year of your birth, school you attend, to the Secretary, Junior Komic Club, Sun-Telegraph, Pittsburgh, Pa., and a membership card and button will be mailed you.

Congratulations to the following boys and girls, all members of the Sun-Telegraph-Warner Theaters Junior Komic Club, who are celebrating their birthdays today:

Arsenal—James Toot.

Belmar—Nick Petiacco, Thelma Santorro, Bobby Dippold.

Etna-Harris—William Schmidt, Betty Mae Ondrick.

Enright—Anna Benaquista, Bill Chandler, Joe Cape.

Kenyon—John Sherpensky, Theodore Spyros, Herman Straser.

Manor—Leonard Levy, Albert Fallot.

Plaza—Elix Calloongeelo, Rose Bell Gross, Tony Zappa.

South Hills—Mary Foley, Wm. Maisch, Elma Davies.

Ambridge—John Plusack, Steve Licork, Ray Rytell, Verna Michaoski, Steve Hlopek, George Gazur, Slavo Bartallac.

Memorial (McKeesport)—Helen Flagherty, Katherine Wertenbach, Ethel Yahn, George Stenger.

### Wise Words

Order is the sanctity of the mind, the health of the body, the peace of the city, the security of the state.

No person is so unpopular as the person who is generally right.

Work is impossible if one is not prepared for work.

The best recipe for a long life is to forget one's age.

## Fifty and Fit

A MAN is as old—or as young—as his organs.

At fifty, you can be *in your prime.*

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference *in many ways.*

This famous doctor's prescription is a delicious syrup made with fresh herbs, active senna, and pure pepsin. It starts its good work with the first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can *avoid* those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

### ADVENTURES OF AN AUTOGRAPH HUNTER

THERE is romance, danger and excitement in the life of the Autograph Hunter. After weeks, and weeks, and weeks of negotiations, we have induced Zukor Herowitz (above) to strip the veil of mystery from his glamorous career and tell our readers how he annoys picture actors, explorers, dancers, politicians, and the crowned heads of Europe. This series will make you gasp at Zukor's courage, and cheer his unmitigated nerve. He will tell you how the great actresses of the moompitcher world are hungry for a few understanding words from the autograph pest—and how he wrings secrets from their souls. This series starts tomorrow. Run—don't walk—to the nearest busy street intersection and demand that the newsboy there sell you not one, but a dozen copies of tomorrow's paper.

## The Blue Sunday Doomed

The Result of the Baltimore Election Indicates What Will Happen in Pennsylvania.

The largest vote ever cast in Baltimore was polled Monday in the referendum on the Blue Law. There was a landslide in favor of the repeal of the old statute which prohibits innocent amusements on Sunday.

So Baltimore joins the other progressive cities where movies and baseball games can be enjoyed lawfully on Sunday.

Pittsburgh and Philadelphia are left as the only large cities where the presentation of such entertainment is a crime.

The result of the Baltimore election forecasts, however, the doom of the Blue Sunday in Pennsylvania, too.

Baltimore is not far from Pennsylvania. Sentiment there is not unlike sentiment in our state. Pennsylvanians were much interested in the outcome of the Baltimore fight. A Pennsylvania public official, Secretary of Agriculture James A. McSparran, went to Baltimore to help the supporters of the Blue Law.

The defeat of the old narrow-minded intolerance in Maryland cannot fail to discomfit Pennsylvania's Blue Law advocates and to encourage those who seek its repeal.

The outlook for a satisfactory solution of this vexatious problem was never brighter.

## A Navigation Benefit

Storage Reservoirs Would Help Steamboat Transportation as Well as Prevent Floods.

The chief opposition to the proposal of the Flood Commission of Pittsburgh that the federal government construct storage reservoirs at the headwaters of the Allegheny and Monongahela comes from engineers of the United States Army, who assert that the financial benefits would not compensate for the expense.

One of the things that they may have overlooked is that the benefits would by no means be confined to the prevention of property damage by floods, though that alone, in the opinion of many conservative persons, would justify the expenditure. The aid that the reservoirs would be to navigation is another benefit that is entitled to consideration.

The Army engineers have spent $118,000,000 for locks and dams to make the Ohio River navigable at all seasons between Pittsburgh and Cairo, and are now beginning to replace them with higher and more expensive locks and dams. When they are completed the cost of making the Ohio navigable will have amounted to between $250,000,000 and $300,000,000. And even then the river will not be in perfect condition for navigation at all times.

In times of extreme drought and in times of extremely high water steamboat transportation is not practical. But the proposed storage reservoirs in which water that would otherwise cause floods could be caught and stored, to be released in time of drought, would give a fairly uniform stream flow, and so are a desirable accessory to the system of locks and dams.

The Army engineers should review the evidence as to the embargo that drought and flood impose on navigation.

## Opening of Playgrounds

Outdoor Recreation Places for Children Are Among the City's Most Valuable Assets.

The city opened 10 playgrounds yesterday, and inaugurated outdoor activities at six other recreation centers. This is good news and important news.

Public playgrounds are among the city's most valuable assets. We do not have nearly enough of them. We need more, especially in the thickly congested districts, in the slums, and in the neighborhoods of mills and factories. The outlying residential sections need playgrounds, too, but not so much as the Hill District, and the Strip, and the South Side, and the North Side.

We need playgrounds to keep children off the streets, where they are in danger of being run over by automobiles. They must play somewhere, and if playgrounds are not available they cannot be restrained from playing on the streets.

Playgrounds tend, too, to keep boys from forming gangs of the kind that loaf on street corners and get into mischief.

Under intelligent guidance the children who have their fun on the playgrounds learn useful things while enjoying themselves.

The playgrounds which opened yesterday will give Pittsburgh valuable service this summer.

## Trolley Rate Revision

While It Is About It the Philadelphia Company Should Reduce Electric Light Rates

The Philadelphia Company's traction subsidiary, the Pittsburgh Railways Company, is going to experiment in rate revision, with a view to increasing its depleted income.

The weekly "pass" is to be done away with; but if it is found that the move is unprofitable it will be restored, possibly at a higher rate, possibly at a lower rate.

It seems that a lower rate would be the more logical procedure. The Pennsylvania Railroad reports that its passenger rate reduction has brought a great increase in travel. It carried 25,000 passengers from Pittsburgh last week-end and had to put on 150 extra cars to accommodate the crowds.

Whatever may be the proper procedure with respect to the street railway rate, there is no question that the Philadelphia Company should reduce its electric light rate, which everyone knows is excessive.

## Building Bargains

Low Cost Makes This an Opportune Time for Construction of Edifices of All Kinds

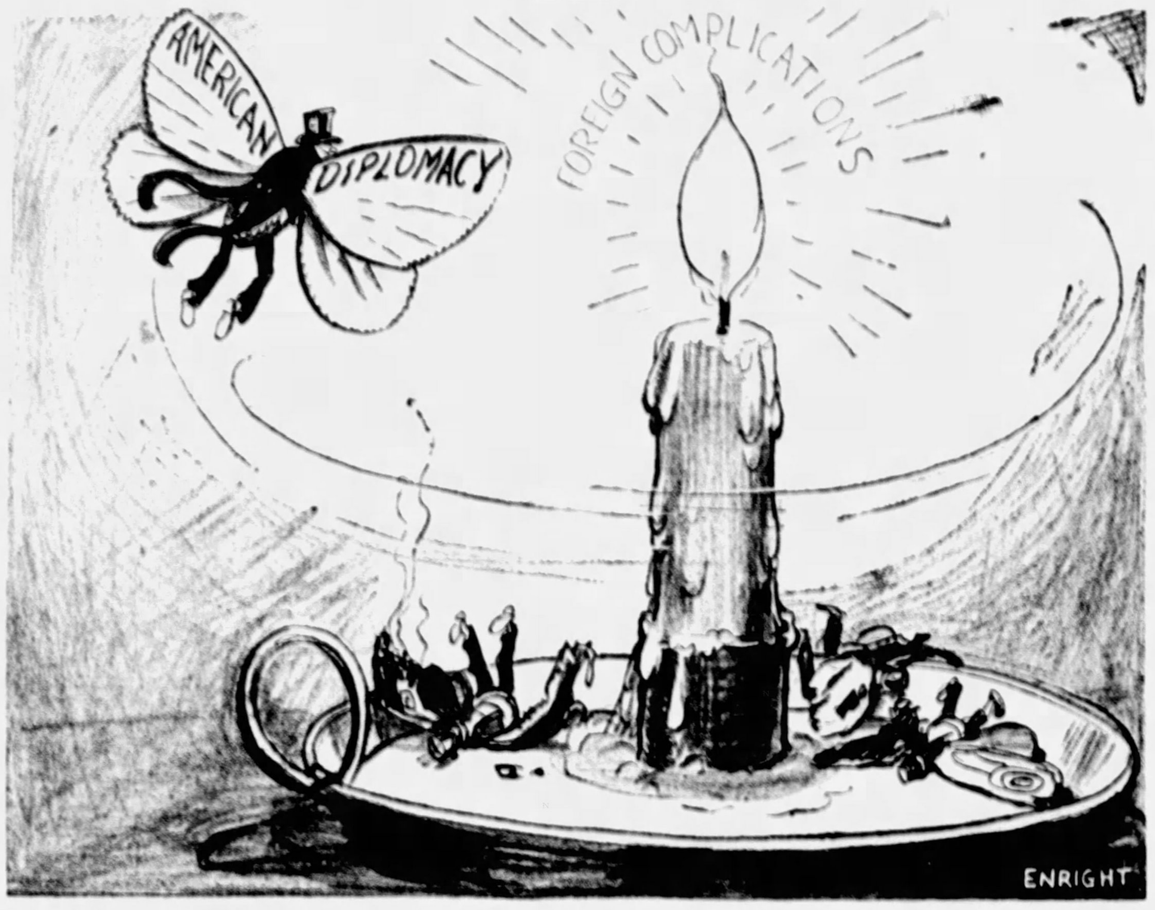
Calling attention to the bargain prices now prevailing in building construction, Dr. Hubert C. Eicher, director of the school buildings division, State Department of Public Instruction, tells in a current state publication of a contract that has just been let for a brick school building at Pine Grove Mills, Center County.

The building is to have seven class rooms, an auditorium, a library, and home economics and shop sections, and the total contract price is $38,500. Five years ago, according to Dr. Eicher, it would have been necessary to pay from 50 to 100 per cent more for such a building.

In view of the current low costs Dr. James N. Rule, state superintendent of public instruction, is urging school boards to build now if they require new or reconstructed schools.

The advice is good not only for school boards but for other public bodies and private citizens as well.

## The Moth and the Flame



The Geneva Disarmament Conference accomplished just what it was predicted it would accomplish, N-O-T-H-I-N-G.

Our Secretary of State is on his way home, from whence he should never have strayed.

His joy jaunt overseas, at taxpayers' expense, proved anew the adage that "Uncle Sam NEVER wins a conference, although he never loses a war."

Europe is not ready to disarm and NEVER will be. This same Europe whines and pleads poverty when Uncle Sam asks for his just debts, and in return this same Europe gets from our internationalist Administration at Washington a year's moratorium on her war debts.

BUT, in that moratorium year (which will end on June 30), this same poverty-pleading Europe finds THOUSANDS OF BILLIONS OF DOLLARS to spend on extending and improving her naval and military establishments.

It is lucky for this nation that the Conference has ended, for when our "diplomats" go snooping around the European political fire long enough they come home with singed wings and the taxpayers have to pay the doctor's and nursing bill.

## NEW YORK DAY BY DAY

By O. O. McIntyre

NEW YORK, May 4. — Every writer I know has an eager zest for some form of writing totally outside his metier. It is with these efforts they are the most meticulous. Such scribbling proves a diversion—a pleasant detour from the humdrum of customary routine.

Rupert Hughes for 10 years devoted most of his time to the least profitable of his works—the life of George Washington, in several volumes. He sacrificed many lar-ruping offers to do the research work necessary for such voluminosity.

Meredith Nicholson loves to write essays. In England and Scandinavia he is regarded as our foremost essayist. He may spend weeks giving a diamond-point polish to some 1,500-word composition beglamoring the lowly paw-paw. Booth Tarkington likes to write skits for collegiate dramas.

Arthur Somers Roche would rather harken to the random clink of romantic verses than dash off a high-speed mystery yarn for his own price. His old side kick, Don Clarke, who bats out racy sex tomes, dreams of writing an American history. John Held, Jr., is reputedly writing an opera libretto.

The world's most prolific writer, the late Edgar Wallace, did a secret chore under a pseudonym for practically nothing, yet it was the sole piece of writing to which he thrilled. It was a weekly half-column of notionable conjectures in an English turf journal, written in the idiom of the stables.

Charles Hanson Towne writes columns and books, but his true love is poetry. The talented Julian Street, a gourmand of distinction, spent many months preparing a guide book to Paris restaurants. Ring Lardner wastes what might be highly profitable moments writing letters to pals signed "Mister Lardner."

I am also not immune from such frivols. My pleasantest task is turning out a single page vignette for a ponderous English quarterly. The circulation is under 4,000, and the pay, almost nothing. But its contributions mainly are academicians one likes casually to refer to as co-workers.

Every thought you think, every opinion you express or listen to, every [illegible]ever trivial, however [illegible]otten, helps you make [illegible]nd.

FOR NOTHING IS EVER REALLY FORGOTTEN. NOTHING IS REALLY TRIVIAL. EVERY ACT IN YOUR LIFE LEAVES ITS MARK UPON YOU, FOR GOOD OR EVIL.

This morning you shirked a chore. It wasn't much of a chore. Its neglect did not affect your day's program, and no one knew of that neglect, so you think it didn't matter.

But it did matter!

Tomorrow, or next week, or next year you are going to face a really important problem.

THAT LITTLE NEGLECT TODAY IS GOING TO MAKE IT EASIER FOR YOU TO RUN AWAY FROM THAT PROBLEM.

Each time you give way to laziness or cowardice—

Each time you tell a "white lie," or do some malicious little act, or think a filthy thought, or make an excuse for yourself, or pretend to be something you aren't—

Each time you are making up your mind for all the rest of your life!

Good people do not become good by single righteous acts. Bad people do not become bad by isolated vicious decisions.

Good people become good as the result of a multitude of unconsidered, seemingly forgotten, decent deeds.

Bad people become bad as the result of countless, cowardly, dishonest, greedy, vulgar, venomous acts, each one of which seemed trivial and excusable at the time it was committed.

"Well, that isn't a very hopeful theory," you say, "for what chance have I to make any progress if I am bound by all the fool things I did in the past?"

That's an easy one to answer. If the fool things of the past can bind you, so can the fine things of the present.

You are making up your mind as much today as you were 10 years ago. You aren't making it up quite as freely, for you are carrying the mark of all those old decisions and evasions; but you're only marked; you're not paralyzed. You are still a free man. You can still do the things your better self wants to do—be the man your better self wants to be.

No matter how [illegible]ly beaten or battered you are, you can still cry:

"I am the master of my fate,
"I am the captain of my soul."

## ONCE OVERS

By J. J. Mundy

If you cannot play a game of any kind without having something more than mere victory at stake, you are not getting the sport you should from your recreation.

Many men do not wish to wager anything on a contest but enter in a spirit of friendly rivalry.

When they do play for stakes it is to make themselves agreeable.

They don't want to be a wet blanket to others who enjoy gambling.

There are certain games, poker, for instance, in which some sort of a stake is necessary to make it interesting.

Those who engage in it look upon it as a gambling proposition and take part in it for that very purpose.

But in gambling games there is nearly always one or more who break over the set limit to such an extent that the game loses its friendly spirit.

When a man is risking money that he can ill afford to lose he wants to win it back irrespective of the wishes of those who play with him.

But there are contests in which the victory of winning provides all the desired kick and side bets only detract from its enjoyableness.

## Marry-Go-Round

By HELEN ROWLAND

*For the Bride's Hope-Chest*

The marrying-month is at hand, when a few tips for June brides may not come amiss. Getting married, like winning a presidential election, requires skill, personality, tact, hard work—and a lot of blind luck.

* * *

But the real test comes after the campaign, when you have to hold onto your "platform" with one hand and onto your common sense with the other.

* * *

Here are a few thoughts for the Prospective Bride to tuck away in her Hope Chest—and her memory.

All this chatter about preserving your "individuality" and your "personal independence," after marriage, is just "talk." When you weld your life with another's, you lay down your personal liberty, take off your armor, and learn to keep step. Marriage is a peace-pact, not an Armageddon.

* * *

A brilliant man, a handsome man or a rich man may make a charming lover; but when it comes to selecting a husband, a BUSY man is the best bet. A man who works so hard from 9 to 5, that he has no time to gad about from 9 to 12 p. m., won't wreck your beauty sleep.

* * *

The vital thing to consider is not whether or not you can get along with a man's salary, but whether or not you can get along with the MAN.

* * *

The qualities that charm a man in a sweetheart no more resemble those that he will want and demand in a wife, than a gilt-paper valentine resembles a copy-book or a hymnal.

Sometimes you are going to be adored like a plaster saint, sometimes hated like an alarm-clock and sometimes dodged like a bill-collector—but seldom treated like a normal human-being. So, have your "feelings" insulated and tie your "nerves" up.

* * *

He is probably marrying you, as the average man marries a girl, because he thinks that he has found the one Perfect, Flawless Being in the world. But that doesn't guarantee that he won't spend the rest of his life in trying to "remodel" you, reform you or put a lot of "improvements" on you.

* * *

Every husband is a little "efficiency expert" around the house, who is never so happy as when he is telling a woman "how to do things." Let him amuse himself.

* * *

Beware the demon of suspicion. A man is not out lunching with his blonde stenographer EVERY time he leaves word that he's "in conference." Sometimes he's in conference.

* * *

Remember that marriage is a PARTNERSHIP—especially these strenuous days—and that does not mean that one half the firm should work like a dog in order that the other half may live like a prize pekingese. Marriage is a whole-time job—with no holidays.

## WHAT DO YOU KNOW?

By S. H. Connolly

Match correctly:

| | |
|---|---|
| 1. "Annie Laurie" | Samuel Woodworth. |
| 2. "Auld Lang Syne" | William Douglas. |
| 3. "La Marseillaise" | Rudyard Kipling. |
| 4. "Old Oaken Bucket" | Robert Burns. |
| 5. "On the Road to Mandalay" | Rouget d L'Isle. |

Do you know:

6. What and where is Rotten Row?
7. What is rouge-et-noir?
8. Why is Africa sometimes called the "Dark Continent?"
9. What is the denouement of a story?
10. Who was the first President of the German Republic?

Fill each blank:

11. "The march of the human mind is ————."
12. "Minds that have little to ———— Find little to perceive."
13. "A wise son ———— a glad father."
14. "Things are ———— what they seem."
15. "Whatsoever a man ————, that shall he also reap."

Answers to today's tests:

1. William Douglas. 2. Robert Burns. 3. Rouget d L'Isle. 4. Samuel Woodworth. 5. Rudyard Kipling. 6. Famous equestrian thoroughfare, Hyde Park, London. 7. Card game. 8. Little explored until Nineteenth Century. 9. Solving of plot. 10. Frederick Elbert (1871-1925). 11. Slow. 12. Confer. 13. Maketh. 14. Seldom. 15. Soweth.

## The President Meets the Governors

By Claude G. Bowers

Author of "The Struggle for Democracy in America," "Founders of the Republic," "Jefferson and Democracy," "The Tragic Era" and other important works, now writing for the Pittsburgh Sun-Telegraph.

The international conference on armament at Geneva has collapsed. While quite probable that M. Tardieu, the French premier, is really ill, his illness has well served the purposes of France, which has not been sincerely interested in the reduction of armament. His failure to reach Geneva has been followed by Secretary Stimson's departure. There are nations represented in the meeting that are really willing to [illegible] their armed forces by land and sea in the interest of economy and peace; but there are others, without the co-operation of whom nothing can or will be done. It just so happens that these nations, spending hundreds of millions a year in the maintenance of armed forces, are the debtor nations that pretend to an inability to meet their financial obligations on the debts to us.

The utter failure at Geneva removes any possible reason for more sacrifices on the debts by the United States. There is too much reason to believe that all the money saved to these nations on the debts, to be paid by the taxation of the American people, will be spent on armament. "Cancellation" is now an academic matter having no relation to realities.

### Mr. Hoover Gives Some Advice

The scene at Richmond when the President spoke to the assembled chief executives of states must have been interesting, and there must have been moments of embarrassment. Among the notables assembled were several aspirants for the presidency, and some who are turning an eager eye toward the vice presidency. It was inevitable that the speeches made should have political significance. A campaign is approaching. The conventions are not remote.

Mr. Hoover clearly made one of his campaign speeches and said some excellent things, giving some advice that he himself, in his high station, has not seen fit to follow. It is clear to every one that the cost of government must be reduced, that it can be reduced by a governmental reorganization looking to the elimination of duplications of functions, and to the abandonment of some functions, now assumed, that properly do not belong to government at all.

Mr. Hoover saw this, after his attention was called to it by his opponent four years ago, and then promised to act accordingly in the event of his election. He has permitted four years to go with nothing done, nor was anything undertaken until the present campaign began. It is not surprising that some of the Governors rather resented the exhortation. Especially some of the Governors who have done in their states what the President has not yet done for the nation.

### The Illicit Sale Of Liquor

After the presidential reminder of the state of the federal and some of the state treasuries, it is not remarkable that some of the Governors should have called attention to an appalling loss in revenue because of the "noble experiment" in prohibition to which the President is devoted. When the President said that new sources of taxation must be tapped to meet the necessities, he opened the way for the suggestions of Govs. Ritchie and Cross that one source that would not further embarrass business or burden the man of meager income whose income tax is to be increased can be found in the taxation of one of the three or four most lucrative industries in the land today—that of the bootlegger.

More money is being made today through the illicit sale of liquor than in any other way. The business of these dealers in the forbidden is exempt from taxation. And the business goes on. Mr. Hoover has not stopped it; he has made absolutely no progress in checking it; and the effect upon the people's attitude toward the law has been disastrous.

There is a moral question involved; but millions of decent men and women are now convinced that there is more encouragement to immorality in this illicit business than there could be in a licensed system. And they know that the latter would solve the problem of the deficit without bending the people's backs to the breaking point with increased taxes on their toil.

The greatest and most promising untaped source of revenue is right here; and everyone knows it, including the President himself.

* * *

### The Bootlegger Is Immune

We have no intent to be even discourteous to those who honestly believe that prohibition is possible when we state the fact that there is not a bootlegger, big or little, plying his illicit business in every nook and corner of this country, who is not aligned politically on the side of the Anti-Saloon League—for the present system.

In their business they are making hundreds of millions in profit every year—free from taxation. The businessman, struggling against possible bankruptcy, is taxed on his now meager income; the farmer, in bankruptcy, is reached by taxes; but the most lucrative business in America today is immune.

The President knows this to be true—but it was left to Govs. Ritchie and Cross to say so.

### An Attack on The President!

But did Gov. Roosevelt make an attack upon the President? The Republican press implies as much; and in doing so renders no great service to its idol. For it specifies the nature of the attack. Thus this is described as an attack on the President:

**"Speculation was prevalent during Washington's career. Some of this, of course, was unavoidable in a period of rapid expansion in a virgin and immature country, but its effect on the industry and habits of the people and on normal economic affairs he deeply deplored."**

An attack on Mr. Hoover? Why? The only possible answer is this: The prosperity of the American people has been wrecked by the perfectly insane market speculation of 1928 and 1929; this speculation was deliberately cheered on by misleading statements from the highest officials of the administration; and this because we have been governed during the last 10 years by purely market-minded statesmanship.

But Roosevelt did not make the application; it was the administration press.

And, according to this press, he made another attack on the President. How? By calling attention to the plight of agriculture; to the fact that it has been brought about largely by government neglect where, in the interest of other industries, it has not been brought about by legislation frankly hostile and destructive. But where is the attack on Mr. Hoover? Nowhere, unless in the fact that he has done nothing effective to better the condition of the most basic of all industries; and the fact that he belongs to a school of political thinking that, from the days of Hamilton, has never given a thought to the needs of the tillers of the soil.

### One Question That Statesmanship Avoids

All the speeches agreed on the necessity for governmental reorganization for the sake of the saving; on the need for reductions in the cost of government, which has already reached the unbearable point. But the most pressing necessity today is to find a way to restore the purchasing power of 30,000,000 people on the farms, and of the 40,000,000 others directly or indirectly affected by unemployment.

As long as 70,000,000 out of 125,000,000 people have no money to spend the merchants will have little business; the manufacturers few orders; railroad empties will continue to be the rule; bankers will have few calls for loans, and the country will continue in the slough of despond.

And this is the one overshadowing question that statesmanship avoids. And therein lies the tragedy.
